

Resettlement Plan

Project Number: 42267-026
January 2020

IND: Rajasthan Urban Sector Development Program

Package : Water Supply and Sewerage Jhunjhunu

Submitted by: Rajasthan Urban Infrastructure Development Project, Jaipur

This resettlement plan is a document of the borrower. The views expressed herein do not necessarily represent those of ADB's Board of Directors, Management, or staff, and may be preliminary in nature. This is an updated version of the resettlement plan originally posted in August 2017 at <https://www.adb.org/projects/documents/ind-42267-026-rp-0>.

In preparing any country program or strategy, financing any project, or by making any designation of or reference to a particular territory or geographic area in this document, the Asian Development Bank does not intend to make any judgments as to the legal or other status of any territory or area.

Sub: Submission of re-revised Resettlement Plan (RP) and Response Matrix to ADB comments/ suggestions – RP of Jhunjhunu and Sri Ganganagar Water Supply and Sewerage Project (RUIDP Phase III - ADB loan no. 3183-IND).

Ref: Suggestions/ comments of ADB received vide email dated 24.12.2019

Sir,

Please find enclosed herewith the re-revised Resettlement Plan (RP) of Jhunjhunu and Sri Ganganagar Water Supply and Sewerage Project under Phase III (ADB loan no. 3183-IND) as per ADB's Safeguard Policy Statement 2009 for approval and further necessary action.

The resettlement plans have been revised again based on the suggestion / comments of ADB provided in mail dated 24.12.2019. Compliance matrix is also enclosed for ready reference.

Kindly send approval and link of website where these updated RP will be disclosed so that same may be uploaded on RUIDP Website.

Attachment: As above

EXECUTIVE SUMMARY

1. Rajasthan Urban Sector Development Program (RUSDP) will complement the past and ongoing efforts of the Government of Rajasthan (GOR) to improve water supply and wastewater services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan, to invest in water distribution network and sewerage systems in the six project cities in the state¹.

2. Jhunjhunu Town is the district headquarters of the district Jhunjhunu, located about 185 km from Jaipur. The town is having 4391 ha of the area comprising of 45 wards. Jhunjhunu is one of the six project towns selected for implementation of the Asian Development Bank (ADB) funded RUSDP.

3. During the finalization of the Service Improvement Plan (SIP)², based on public consultations and technical requirements, the location of few components like pumping stations, Consumer Relation Management Centre (CRMC) building, and Sewer Pumping Station (SwPS) were required to be changed. Besides, a few additional areas under the sewerage component were included, and some uninhabited areas under the water supply component were deleted from the subproject scope. The resettlement plan (RP) has been updated to include these changes. It is further confirmed that all other components remain unchanged. The new locations are provided in the table below:-

Components and its location

Components	Previous location	New location
Water supply		
Water distribution pumping station and Clear Water Reservoirs	Khetri Mahal	Adjusted to the existing colony pumping station (PS) campus of the Public health engineering department(PHED) due to the unavailability of sufficient land at Khetri Mahal.
Consumer Relation Management Centre (CRMC)	Gandhi Park	The location shifted from Gandhi park to PHED campus, New Housing Board, as per the request of nearby habitation and proposal of Municipal Council to build underground parking.
Water distribution pumping station, Clear Water Reservoirs and CRMC	Housing Board - 1 (Park)	The location shifted from Housing Board - 1(Park) to existing PHED campus, old housing board as per the suggestion of the local public.
Sewerage		
Sewerage pumping station (SwPS)	Panchayat Samiti	The location shifted from Panchayat Samiti to Hawaii Patti due to the unavailability of sufficient land.

4. During the Detailed Project Report (DPR) stage, few areas with no habitation had been included in the scope for laying of the water supply line; however, during the SIP, these areas were deleted. Besides, certain areas within the municipality limits that were missed out from the subproject scope under the sewerage component have now been included. This will help to provide the basic utilities to maximum households. All the new

¹ The six project cities are Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, and Pali.

²Reassessment of works that to be executed as per technical specification.SIP is a part of contract.

areas included under the sewerage components are in residential areas and as such, will not cause any additional resettlement impacts. The comparative of the previous and final length is presented in the Table below:

Revised length of water supply and sewerage network

Components	Previous length	Final length
Water Supply	Total Length=19+ 563= 582 Transmission Main-19 km Distribution- 563 km	Total Length= 17.85+ 482= 499.85 km Transmission Main- 17.85 km Distribution - 482 (HDPE-480.15 km, DI K-7 1.9 km)
Sewerage	124	126

5. After SIP, final components of the sub-projects includes: **Water Supply:** (i) Geographic Information System (GIS) based consumer, properties and asset mapping, surveys & investigations, underground utility mapping, prepare consumer database for the total project area; (ii) Study, review, update hydraulic modeling and other designs and the project service improvement plan for the project area; (iii) Total Network-499.85 km (a) treated water transmission mains- ductile iron (DI)-K9 pipeline of 100-600 mm dia, about 17.85km length; (b) Old water distribution mains of asbestos-cement (AC), Poly Vinyl Chloride (PVC) and Cast Iron (CI) pipelines will be replaced by the new water mains of High-density polyethylene (HDPE) pipes different sizes of 75 mm to 400 mm dia- 480.15 km length (c) DI K-7 distribution pipes of 1.9 km (with Mild Steel {MS} casing of 0.3 Km);(iv) Water distribution Pumping station (6 nos PS) (City Campus, Colony campus-I, Colony Campus - II, Islam Nagar, Housing board, Beewani); (v) 5 Clear Water Reservoirs (CWR) - Colony campus-1 (800KL), Colony campus – II (300 KL), Islam Nagar-550 KL, Housing Board-550KL, Beewani-250KL; (vi) Elevated Service Reservoir (ESR)-1 nos at Lal Pahari (600KL); (vii) Metered Consumer service connection-26176 nos; (viii) Refurbishment and rehabilitation of existing infrastructure works of Over Head Service Reservoir (OHSR), PS, CWR tube well etc including replacement of mechanical and electrical equipment/appliances; (ix) Bulk water meters, pressure sensors-As per design requirement; (x) Well equipped and staffed consumer relation management centres-4 nos, one Master Control Centre and one central control center; and (xi) Operation and Maintenance (O&M) of system, including water distribution service delivery with performance guarantee, meter reading, billing and collection system and consumer service for the completed district metering areas (DMA) including consumer service centres. **Sewerage:** (i) Sewerage network 126 km including left overwork of sewerage system of Urban Infrastructure Development Scheme for Small and Medium Towns (UIDSSMT) scheme with construction of 5134 manholes; (ii) Cleaning, hydro-testing and commissioning of laid sewer lines and constructed manholes under left out packages-61 km and 2522 manholes; (iii) 2 nos of Intermediate SwPS of capacity 3.5 million litre per day (MLD) at Hawaii Patti and 1 MLD in Deendayal Nagar near governmental school; (iv) Construction of 7 MLD Sewage Treatment Plant (STP) with primary settling tank followed by sequencing batch reactors (SBR) technology, effluent disposal & reuse works including 1000 KL capacity of reservoirs with pumping station & 1000 KL capacity of Over Head Tank (OHT); (v) Sewer suction cum jetting machine-2 nos of 4000 litres capacity and sewer jetting machine-2 nos each of 500 litres capacity; and (vi) road restoration works. The project scope also includes the O&M of the created assets for ten years.

6. Consistent with the subproject selection criteria, no land acquisition is proposed under the project. Construction of water distribution pumping station (5 nos), Clear Water Reservoirs (4 nos), Consumer relation management centers (3 nos), Master Control Centre (1 no) are undertaken in existing Public Health Engineering Department (PHED) campus,

while, water distribution pumping station (1 no) and Clear Water Reservoirs (1 no) at Islam Nagar is proposed within the campus of Mahila Police station. Nagar Parishad has provided land for construction of ESR at Lal Pahari, the intermediate SwPS at Dindayal Nagar, and STP, and land for SwPS at Hawaii Patti has been provided by Public Works Department (PWD). The STP is proposed within the campus belonging to the municipal council (ULB), where one STP already exists.

Components and ownership details

Components	Ownership of Land
Construction of water distribution pumping station (5 nos)	Proposed in the existing PHED campus Lands are under the possession of PHED
Clear Water Reservoirs (4 nos)	
Consumer relation management centres (3 nos)	
Master Control Centre (1 no)	
Water distribution pumping station (1 no) and Clear Water Reservoirs (1 no) at Islam Nagar	Police department.
Elevated Service Reservoir at Lal Pahari	Nagar Parishad (ULB)/Municipal Council
Intermediate sewerage pumping station at Dindayal Nagar	
STP-(1 no)	
SwPS at Hawaii Patti	Public Work Department (PWD)

7. Due diligence and necessary consultation with respect to the changed locations were undertaken by the Project Management Design and Supervision Consultant (PMDSC) team. All the sites selected are on the vacant government land, and the construction of subprojects does not cause any additional resettlement impacts. The length of the pipe network of the town has changed during SIP, anticipating this possibility, while preparation of RP, people carrying on business activities (on both sides of the road) in the entire town were considered as the potential affected persons (APs) and socio-economic data was collected for the entire town. Now since the new areas added in the sewerage work (2 km) are mostly residential areas and the areas excluded from the water supply network were also uninhabited areas, there is no change in the number of people likely to be impacted. **As per due diligence, there is no curtailment, no addition to the APs list due to this change of scope.**

8. The subproject would continue to have only temporary resettlement impacts due to laying of water supply and sewerage pipe networks. Pipes are being laid within road rights-of-way (RoW), and does not require land acquisition or cause permanent displacement, but cause temporary access disruptions and possible temporary losses in income during construction. The subproject is expected to cause only temporary loss of access/disruption to livelihood during civil works to vendors/traders located at both sides of the road (503 vendors/ transitory structure identified in social impact assessment(SIA). These are majorly non-titled movable /transitory structures (pushcarts, etc.)³owners.

9. The vendors are likely to experience loss of access/disruption of livelihood for a maximum of 14 days, which is minimized further by scheduling civil works at night time or non-market day and laying of pipeline in a phased manner. During the implementation, the actual number of APs is expected to be reduced through trenchless works, night works,

³ Resettlement impacts based on the detailed survey

working only on the one side of the road or shifting the temporary APs to the other side of the road and returning after construction is completed or working on other side of the road with no APs. The assistance will be provided to APs while shifting to another side of the road and back. Where shifting is not required, the contractor is ensuring access through measures prescribed in bidding documents. The area-wise implementation details are being provided in the semi-annual monitoring reports (SMR).

10. **Categorization.** This subproject was categorized as “B”⁴ for Involuntary Resettlement (IR) impact as per the ADB’s Safeguard Policy Statement (SPS), 2009. As per the due diligence conducted for the project, no additional APs identified as such the subproject continue to remain “B”. This updated RP has been prepared as per the SIP and agreed resettlement framework (RF).

11. No adverse impacts are anticipated on Indigenous People (IP) under the subproject, and no Indigenous Peoples Plan is required to be prepared.

12. **Public Consultations and Disclosure:** Consultations were carried out during RP preparation as well as during the updating of RP and will continue through the implementation period. The consultations, through focus group discussions (FGDs) and meetings with the APs as well as the general public, were done. FGDs conducted with the APs were on policy-related issues, i.e., displacement and other issues like compensation and assistance, input to alternative design. During consultation meetings, participants were of the view that this subproject is essential and very much needed. All participants are pleased and committed to supporting the implementation of the project.

13. Updated RP will be made available near the affected area, Project Implementation Unit (PIU), and Project Management Unit (PMU) offices. The subproject RP has been disclosed on the ADB and PMU websites. Leaflets prepared in the local language(Hindi)are being distributed to the APs for understanding the subproject scope, R&R provisions, and grievance redressal mechanism (GRM). The cut-off date **(08.05.2017)** for temporary impacts was communicated to all APs through the survey agency and disclosed in the project affected area. There will be no change in the cut-off date as the survey data remains unchanged.

14. **Policy Framework and Entitlements.** The policy framework and entitlements for the program are based on national laws: (i) the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (RFCTLARR);(ii) ADB SPS, 2009; and agreed RF.

15. **Compensation and Income Restoration:** The compensation will be provided in accordance with the entitlement matrix of the RF. As a policy, all APs are provided 30 days advance notice to ensure minimal disruption of livelihood. Compensation is completed prior to the start of civil works.

16. **Grievance Redress Mechanism.** GRM has been established under this sub-project. As per mechanism, grievances of APs will first be brought to the attention of the Contractor, Social Development Expert of Community Activities and Participation Consultant (CAPC), Implementing Officer, PMDSC (Safeguard Staff of PMDSC)and PIU. They can immediately resolve issues on-site in consultation with each other and will be required to do so within three days of receipt of a complaint/grievance. All grievances that cannot be redressed within three days at the field/ ward level will be brought to the notice of the Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within seven

⁴ A proposed project is classified as category “B” if it includes involuntary resettlement impacts that are not deemed significant.

days of receipt of compliance/grievance in discussion with the PIU, CAPC/ Safeguard Staff, and the Contractor. All the grievances that are not addressed by PMU within seven days of receipt will be brought to the notice of the Grievance Redressal Committee (GRC). The City Level Committee (CLC), has been established in every project town and is acting as GRC. The GRC will resolve the grievance within 15 days of receiving the complaint. An aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. The PIU will keep records of all grievances received, including contact details of the complainant, date of the complaint received, nature of the grievance, agreed corrective actions and the date these were affected, and outcome. The PMU will bear all costs involved in resolving the complaints. The GRCs will continue to function throughout the project duration.

17. **Institutional Arrangements:** The Local Self Government Department (LSGD), GoR is the Executing Agency (EA) of the project, and responsible for overall strategic approvals, guidance, monitoring the execution of the project. The PMU of RUIDP, under the LSGD, is the Implementing Agency (IA) for the project. Six PIUs, one each in six project towns, have been set up for implementation. PMU provides support to PIUs in the implementation, management, and monitoring of the project. PMU and PIUs are assisted by PMDSC. The PMU is assisted by a PMDSC's Social Safeguards Specialist (SSS). In addition to this, at the town level, Safeguard Implementation Officer (SIO) is appointed (as per recent variation in PMDSC Contract on the recommendation of ADB) to support the Contractor's outreach team in RP implementation.

18. **RP Implementation and Monitoring:** All compensations are being paid prior to the start of civil works. PIU closely monitors the RP implementation with assistance from PMDSC. The monitoring process covers payment of compensation to APs, grievance redressal, information dissemination to APs on benefits, options and implementation schedule, livelihood. The PMU will bear all costs involved in resolving the complaints and living standards of APs in pre and post-project situations. All the PIUs prepare the reports on resettlement implementation, which are further compiled by PMU with support from PMDSC's SSS on a semi-annual basis for onward submissions to ADB.

19. Till November 2019, a payment of ₹18,16,425/- has been disbursed to 266 impacted APs out of 503 potential APs, and impact on 64 APs was avoided. 14 APs have reported as missing, while 85 APs have voluntarily expressed unwillingness to accept the compensation.

20. **Resettlement Budget:** The resettlement cost estimated for the Jhunjhunu Water and Sewerage subproject is ₹ 36,73,759/-. PIU is issuing sanction order for payment of APs, and compensation is disbursed through electronic clearance service/National Electronic Fund Transfer (ECS/NEFT) directly into the bank account of APs through concerned Treasury (State Share). The APs are being compensated as per the minimum wage rate applicable at the time of disbursement date, and in case, the daily income of APs are less than minimum wages (as per GoR Minimum Wages Act) then APs will be paid minimum wages (unskilled labour) for 14 days as livelihood assistance. Further, an inflation of 7% (Flat) is given to APs (after a delay of 1 Year) to cover the time lag of the survey and final implementation.

RESETTLEMENT PLAN

A. Sub-project Description

1. Rajasthan Urban Sector Development Program (RUSDP), building on the previous two Asian Development Bank (ADB) funded projects: RUIDP and RUSDP (also referred as RUIDP I and II respectively), will support the Government of India (GOI) and the Government of Rajasthan (GoR) in their policy of balanced regional socio-economic development and poverty reduction through improvements in urban governance, management, and infrastructure and service provision in six selected cities⁵ in Rajasthan. The selected cities are particularly district headquarters with more than 100,000 population and the ones which were not benefitted under the previous two ADB funded urban sector projects. With the main focus on the improvement of water supply and sewerage services, proposed RUSDP will be implemented over six years beginning in 2014 through ADB's Sector Development Programme (SDP).

2. This subproject is based on Design Build & Operate model (DBO) and is currently under implementation. During the finalization of the Service Improvement Plan (SIP)⁶, based on the public consultations and technical requirements, the location of few components like pumping stations, Consumer Relation Management Centre (CRMC) building, and Sewer Pumping Station (SwPS) has been changed. Besides, a few additional areas under the sewerage component were included, and some uninhabited areas under the water supply component were deleted from the subproject scope. Accordingly, this resettlement plan (RP) is revised to indicate the final components of the project. All the revised locations have been carefully selected by the Project Implementation Unit (PIU) team, and civil works are confined within the government land. The new locations are provided in table 1.

Table 1: Detailed of Changed location with reasons

Components	Previous location	New location
Water supply		
Water distribution pumping station and Clear Water Reservoirs	Khetri Mahal	Adjusted to the existing colony pumping station PS campus of Public Health Engineering Department (PHED) due to the unavailability of sufficient land at Khetri Mahal.
Consumer Relation Management Centre (CRMC)	Gandhi Park	The location shifted from Gandhi park to PHED Campus, New Housing Board, as per the request of nearby habitation and proposal of Municipal Council to build underground parking.
Water distribution pumping station, Clear Water Reservoirs and CRMC	Housing Board -1(Park)	The location shifted from Housing Board -1(Park) to existing PHED campus, old housing board as per the suggestion of the local public.
Sewerage		
Sewerage pumping station (SwPS)	Panchayat Samiti	The location shifted from Panchayat Samiti to Public Work Department (PWD) land near Hawaii Patti due to the unavailability of sufficient land.

Source: SIP

⁵The selected cities include Pali, Tonk, Sri Ganganagar, Jhunjhunu, Bhilwara, and Hanumangarh

⁶Reassessment of works that to be executed as per technical specification. SIP is a part of contract.

3. During the Detailed Project Report (DPR) stage, few areas with no habitation had been included in the scope for laying of the water supply line; however, during the SIP, these areas were deleted. Besides, certain areas within the municipality limits that were missed out earlier from the subproject scope under the sewerage components have now been included. This will help to provide the basic utilities to maximum households. All the new areas included under the sewerage components are in residential areas, as such, will not cause any additional resettlement impact. The comparative of the previous and final length is presented in Table 2:

Table 2: Details of Length of water supply and Sewer network

Components	Previous length	Final length
Water Supply	Total Length= 19+ 563= 582 Transmission Main-19 km Distribution- 563 km	Total Length= 17.85+ 482= 499.85 km Transmission Main- 17.85 km Distribution - (HDPE-480.15 km, DI K-7 1.9 km) =482
Sewerage	124	126

Source: SIP

4. The final scope of works of sub-projects includes: **Water Supply:** (i) Geographic Information System (GIS) based consumer, properties and asset mapping, surveys & Investigations, underground utility mapping, prepare consumer database for the total project area; (ii) Study, review, update hydraulic modeling and other designs and prepare SIP for project area; (iii) Total Network-499.85 km (a) Treated water transmission mains: ductile iron (DI)-K9 pipeline of 100-600 mm dia, about 17.85 km length; (b) The old water distribution mains of Asbestos-Cement (AC), Poly Vinyl Chloride (PVC) and Cast iron (CI) pipelines will be replaced by the new water mains of High-density Polyethylene (HDPE) pipes different sizes ranging from 75 mm to 400 mm dia- 480.15 km length (c) DI K-7 distribution pipes of 1.9km (with Mild Steel (MS) casing of 0.3 Km); (iv) Water distribution pumping station (6 nos PS) (City Campus, Colony campus-I, Colony Campus - II, Islam Nagar, Housing board, Beewani); (v) 5 (nos) Clear Water Reservoirs (CWR) - Colony campus-1 (800KL), Colony campus – II (300 KL), Islam Nagar-550 KL, Housing Board-550KL, Beewani-250KL; (vi) Elevated Service Reservoir (ESR)-1 nos at Lal Pahari (600KL); (vii) Metered Consumer service connection-26176 nos; (viii) Refurbishment and rehabilitation of existing infrastructure works of Over Head Service Reservoir (OHSR), PS, CWR tube well etc including replacement of mechanical and electrical equipment/appliances; (ix) Bulk water meters, pressure sensors-As per design requirement; (x) Well equipped and staffed consumer relation management centres- 4 nos, one Master Control Centre and one central control center; and (xi) Operation and Maintenance (O&M) of system, including water distribution service delivery with performance guarantee, meter reading, billing and collection system and consumer service for the completed district metering areas (DMAs) including consumer service centres. **Sewerage:** (i) Sewerage network 126 km including left-overwork of sewerage system of Urban Infrastructure Development Scheme for Small and Medium Towns (UIDSSMT) scheme with construction of 5134 manholes (ii) Cleaning, Hydro-testing and commissioning of laid sewer lines and constructed manholes under left out packages-61 km and 2522 manholes; (iii) Two nos of Intermediate sewerage pumping station (SwPS) of capacity 3.5 mld at Hawai Patti and 1 mld Deendayal Nagar; (iv) Construction of 7 mld Sewage Treatment Plant (STP) with primary settling tank followed by sequencing batch reactors (SBR) technology, effluent disposal & reuse works include 1000 KL capacity of reservoirs with pumping station & 1000 KL capacity of Over Head Tank (OHT); (v) Sewer suction cum jetting machine-2 nos of 4000 litres capacity and sewer jetting machine-2 nos each of 500 litres capacity; and (vi) Road restoration works. The project scope also includes the O&M of the created assets for ten years.

Figure 1: Proposed Treated Water Transmission Main

Figure 2: Proposed Layout plan of water distribution

Figure 3: Proposed Layout of Sewer Network

B. Scope of Land Acquisition and Resettlement

5. The subproject does not require any acquisition of land. The construction of water distribution pumping station (6 nos), CWR (4 nos), CMRCs (3 nos), Master Control Centre (1 no) are undertaken in existing PHED campus, while, water distribution pumping station (1 no) and Clear Water Reservoirs (1 no) at Islam Nagar is proposed in the campus of Mahila Police station. Land for Elevated Service Reservoir at Lal Pahari, the intermediate sewerage pumping station at Dindayal Nagar near government school and STP are proposed in the land belonging to Municipal Council (Urban Local Body), and land for SwPS at Hawaii Patti has been handed over by Public Works Department (PWD). The new STP is proposed within the existing campus belonging to Municipal Council(ULB), where one STP already exists. The details are in table 3, and the no-objection certificates are attached as Annexure 1 to 6.

Table 3: Land allotment Jhunjhunu

Location	Work details	Land Requirement ⁷	Land ownership
City Campus-PHED	Water distribution Pumping station	50Mx 20M	Existing Campus of PHED
	CRMC	90 Square Mtr	
	MCC	500 Square Mtr	
Colony campus-PHED	Water distribution Pumping station and Clear Water Reservoirs for colony area	40M x20M	Existing Campus of PHED
	Water distribution Pumping station and Clear Water Reservoirs for Khetri Mahal	25Mx 15M	Existing Campus of PHED
Islam Nagar	Water distribution Pumping station and Clear Water Reservoirs	30MX40M	Existing Campus of Mahila Police Thana. NOC provided by Police department is enclosed in Annexure 3
Old Housing Board	Water distribution Pumping station and Clear Water Reservoirs	20MX20M	Existing Campus of PHED (Noc enclosed in Annexure 4&5)
	CRMC	90 Square Mtr	
Beewani	Water distribution Pumping station and Clear Water Reservoirs	20MX20M	Existing Campus of PHED
Lal Pahari	Elevated Service Reservoir	10MX10M	Municipal council (allotment order enclosed in Annexure 6)
Near Hawaii Patti	Intermediate sewerage Pumping station	30MX30M	Allotment letter of PWD enclosed in Annexure 2)
Deendayal Nagar	Intermediate sewerage Pumping station	30MX40M	Municipal council
Existing Campus	Construction of 7 mld STP	7380 Sqm	Municipal council (at Baggar road)
New Housing Board	CRMC	90 Square Mtr	Existing Campus of PHED at New housing board
Municipal council office premises	CRMC	90 Square Mtr	Municipal council

⁷ All the required land is available with the PHED and Municipal Council at above locations. All required NoCs have been taken.

6. Due diligence and necessary consultation with respect to the changed locations were undertaken by the Project Management Design and Supervision Consultant (PMDSC) team. All the sites selected are on the vacant government land, and the construction of subprojects does not cause any additional resettlement impacts. The length of the pipe network of the town has changed during SIP, anticipating this possibility, while preparation of RP, people carrying on business activities (on both sides of the road) in the entire town were considered as the potential affected persons (APs) and socio-economic data was collected for entire town and documented. Now since the new areas added in the sewerage work (2 km) are mostly residential areas and the areas excluded from the water supply network were also uninhabited areas, there is no change in the number of people likely to be impacted. **As per due diligence, there is no curtailment, no addition to the DP list due to this change of scope.** The subproject is expected to cause temporary loss of access/disruption to livelihood during civil works to 503 non-titled movable /transitory structure (pushcarts, etc.)⁸ vendors/traders located at both sides of the road.

7. The vendors are likely to experience loss of access/disruption of livelihood for a maximum of 14 days, which is minimized further by scheduling civil works at night time or non-market day and laying of pipeline in a phased manner. During the implementation, the actual number of APs is expected to be reduced through trenchless works, night works, working only on the one side of the road, or shifting the temporary APs to the other side of the road and returning after construction is completed or working on other side of the road with no APs. The assistance will be provided to APs while shifting to another side of the road and back and where shifting is not required; the contractor is ensuring access through measures prescribed in bidding documents. The summary of resettlement impacts is provided in table 4. In case the contractor fails to ensure access, PIU will compensate in accordance with the agreed entitlement matrix (EM).

Table 4: Summary of Resettlement Impacts and Socio-Economic Details

Impact	Quantity
1. Loss of land	
Permanent land acquisition	0
Temporary land acquisition	0
2. Loss of structures	
Residential	0
Commercial	0
3. Loss of livelihood	
Permanent	0
4. Temporary	
Temporary loss of land	0
Temporary loss of access/disruption to livelihood	503 (These are majorly non-titled movable /transitory structures (pushcarts etc.))
5. Vulnerability	
Female-Headed Households	31
Scheduled caste	61
Scheduled Tribe	04
Physical Disabled	01
Socio-economic Profile	
1. Average family size	4
2. Average income/day (shops)	INR 329/day*

* Based on Socio-Economic Survey April 2017; Average income of 328.3 rounded off to 329

⁸ Resettlement impacts based on the detailed survey

Table 5 – Type of Business

Type of Business	No of Vendors	Type of Business	No of Vendors
Juice Centre	35	Motorcycle repair	6
Bangle Item	4	Plastic	2
Barber	5	Potter	6
Blacksmith	7	Readymade Garments	25
Cigarette/Pan stall	25	Tea Stall	58
Cobbler	18	Snacks	55
Cosmetic	30	Sweets	2
Cycle Repair	1	Welding	2
Flowers	5	Electrical Items	2
Fruit and Vegetable Vendors	175	General Items	13
Grocery Items	6	Washer man/ Laundryman	2
Others	19 (Shoes,CD,Watch Repair,Dairy,Spices, etc.)	Total	503

8. Trenchless work⁹ or night works is being taken up in high-density areas/ streets with all safety provision. The extensive consultations are being made with the residents and shop owners, and they are pre-informed about the up-coming works. It was also informed that, if there will be any temporary/permanent livelihood impacts will be envisaged during trenchless or night works, APs will be compensated as per the agreed EM. The consultations will continue with the residents and shop owners throughout the project implementation.

9. The Project Implementation Unit (PIU) ensures that the contractor follows all the necessary rules related to the safety and security of the public and residents. The actual dates of construction schedule with respect to rush hour, festival time, and special business days have been discussed with vendors, squatters, market committee members and residents, and intimated to the contractor for planning construction activities accordingly. After laying of pipes, lanes/roads are restored to its original condition (including bitumen, cement concrete (CC), and CC interlocking tiles as applicable). Summary of sub-project components and possible IR impact are shown in **table 6**.

⁹In general sewer network at depth more than 3.5 m will be laid through trenchless technology

Table 6: Subproject Components and its Impact on Land Acquisition and Resettlement

Work details	Location	Permanent Impact on Land Acquisition and Resettlement	Temporary Impact	Land ownership
Water distribution Pumping station	City Campus	NO	NO	Vacant land in the PHED Campus.
Water distribution Pumping station and Clear Water Reservoirs	Colony campus	NO	NO	Vacant land in the PHED Campus.
Water distribution Pumping station and Clear Water Reservoirs for Khetri Mahal area		NO	NO	Vacant land in the PHED Campus.
Water distribution Pumping station and Clear Water Reservoirs	Islam Nagar	NO	NO	Vacant land in the Mahila Police Station.
Water distribution Pumping station and Clear Water Reservoirs	Housing board	NO	NO	Vacant land in the PHED Campus.
Water distribution Pumping station and Clear Water Reservoirs	Beewani	NO	NO	Vacant land in the PHED Campus.
Elevated Service Reservoir	Lal Pahari	NO	NO	Municipal council

Intermediate sewerage Pumping station	Deendayal Nagar	NO	NO	Municipal council
Construction of 7 mld STP	Existing Campus	NO	NO	Vacant land available in the premises of STP Campus, which is the property of Municipal council
CRMC (4 Nos) , CCC (1 No) &MCC (1 No)	City PHED Campus (CRMC, CCC& MCC) Old Housing board PHED Campus (CRMC) New Housing Board PHED Campus (CRMC) Municipal council office (CRMC)	NO	NO	Vacant land with PHED and Municipal Council
Treated Water	Various Locations	NO	Yes	The pipelines will be

Work details	Location	Permanent Impact on Land Acquisition and Resettlement	Temporary Impact	Land ownership
Transmission Mains: DI-K9 pipeline of 100-600 mm dia, about 17.85 km length. Distribution pipelines of different sizes - 75 mm to 400 mm dia- 480.15 km length with DI K-7 distribution pipes of 1.9 Km (with MS casing of 0.3 Km.) Sewerage network 126 kms including left over work of sewerage system of UIDSSMT scheme with construction of 5134 Manholes				buried below in a trench on the edge of the road within the existing right of way (RoW). There are no impacts of pipe laying on permanent/semi-permanent structures. Temporary economic impacts on businesses (movable structures within RoW) are envisaged and are likely to affect 503 APs.

10. As indicated in the draft RP, it is pertinent to inform that this project is Design-Build and Operation (DBO) contract and even though the detailed project report (DPR) was prepared by consultants (PMDSC), the final design/alignment/confirmation was to be provided by Contractor. Since the Social Impact Assessment (SIA) -census and socio-economic survey (100%) of the entire town has already conducted, there is no change in the categorization of the subproject and continues to remain "B" for Involuntary Resettlement (IR) impact as per the ADB's Safeguard Policy Statement (SPS), 2009.

11. **Impact on Common Property Resources:** Extent of impacts on Common Property Resources (CPRs) has also been assessed. As of now, there is no impact envisaged on any CPRs. However, there are some sensitive receptors close proximity to the sub-project alignment (**Table 7 and photographs are attached in Annexure 7**). The Contractor has been instructed to take due care during the final design.

Table 7: List of CPRs

S.No.	Start point to Endpoint	left	Right	Remarks
1	Mandawa Chaurah to Kureshi Hotel	Public Toilet		Discussions on ADB policy for sensitive receptors made with the contractor, the design, or alignment will be finalized accordingly.
2	Bus Stand to Jai Prakash Government Senior Secondary School		2Public Toilet	
3	Mandawa Chaurah to Churu Bypass	Temple Tree		
4	Jai Prakash Government Senior Secondary School to Gandhi Chowk		(1)Public Toilet (2)Temple Tree	

Source: Transect walks, technical documents, and analysis.

C. Socio-economic Information and Profile

12. The following sections present the socio-economic profile of the households likely to be affected by the proposed works. To estimate the temporary impacts initially, a series of transect walks were conducted; this was followed by a 100 percent census and a socio-economic survey conducted in the areas, where the works are to be taken. The baseline information collected through the survey provides the socio-economic conditions of affected households. A wide range of data including social category, type of losses, type of occupation, sources of income, choice of resettlement, etc have been collected by conducting a census and a socio-economic survey among likely project affected households. (**Summary of the socio-economic profile is attached in Annexure 8**).

13. The database provides a broad understanding of the social and economic conditions of APs and the likely impacts that people would experience due to proposed works. A selected set of socio-economic information is discussed in the following sections to establish the profile of the project APs. The database generated through household socio-economic survey would be used by the monitoring and evaluation consultant for evaluation of the resettlement plan objectives.

14. Respondents were asked to provide monthly income against the business. The data collected have complied is presented in **Annexure 8**.

15. **Income:** No households with a monthly income of less than or equal to Rs. 2500/- per month was identified as minimum income of households is around Rs. 250/- per day, i.e. 7500/- per month. 5.4 % of the households likely to be affected earn Rs.250/- per day. 63.8% of the households likely to be affected have an income of Rs.300/- per day. 30.6% of the households likely to be affected earn around Rs 400 per day and 0.2% of the households

likely to be affected earn Rs.500 per day. The average earning of these people is approximately 329/- per day and the average household income works out to be 9870/- per month. Thus the average earning of all APs identified is above minimum wages in Rajasthan (as on date minimum wage rate in Rajasthan is Rs. 213/-).

16. **Caste:** Households likely to be affected as per social category have been presented in Annexure 7. General Caste Comprise 7%, Other Backward Castes (OBC) comprises 77%, Scheduled Caste(SC)comprises 15% and Scheduled Tribe (ST)comprise 1% of the total households likely to be affected. It may be noted that OBC constitutes the majority in the overall social profile in the town, followed by the SC and General.

17. Around 61% have movable structures (thela/pushcarts), 11% sit on the floor, and the remaining 28% have constructed temporary sheds (e.g., cabin/ kiosk)

18. 96% of APs (483/503) do not pay any rent for their structures, carts, or sitting arrangements while the remaining 4% (20/503) are paying rent for structures, pushcarts, or equipment.

19. An average cost of business unit/structure is estimated to Rs.8788 with the minimum at Rs. 1000/- and maximum of Rs. 35000/-.

20. Out of the total 20APs, 65% of APs are paying Rs200-500/- per month as rent, 30% are paying Rs. 600-1000/- per month as rent and the remaining 5% are paying Rs. 1100 -1500/- per month as rent for structures, pushcarts, or equipment.

21. **Working in Towns in Years:** 60% APs are living/working in town since last 1 to 10 years; 28% APs are living/working in town since last 11 to 20 years; 9% APs are living in town/working since last 21 to 30 years; while 3% APs are living/working in town since last 31 to 40 years.

22. **Working hours (Hrs/day) at Single Place:** 0.2% APs have indicated that they work at fixed location for 1 to 5 hrs/day; 71.8% APs have indicated that they work at fixed location for 6 to 10Hrs/day; while 28% APs have indicated working at fixed location for 11-15hrs/day.

D. Information Disclosure, Consultation, and Participation

23. The RP was prepared in consultation with stakeholders. The key stakeholders consulted during various stages of RP preparation and updating include (i) all APs, including vulnerable households; (ii) program beneficiaries; (iii) elected representatives, community leaders, and representatives of community-based organizations; (iv) local non-governmental organization (NGOs); (v) local government and relevant government agency representatives; and (vi) Program staff, PMU, PIU, and consultants. Meetings and individual interviews were held involving stakeholders particularly, potentially temporarily APs, from March 2017 –October 2019 to determine the potential impacts of the subproject. The issues like awareness and extent of the project and development components, benefits of the project, traffic disruptions and impacts on livelihood. It was informed to APs surveyed that appropriate measures will be undertaken during construction to minimize impacts. (Including scheduling of activities and reducing construction activities during the rush hour). It was also informed that, if despite mitigation measures, there would be any temporary impacts on livelihood; these would be compensated in accordance with the resettlement plan's entitlement matrix. (Ref **Annexure 9**)

Table 8: Consultation with Stakeholders:-

Date	Location	Activity	Persons with consultation	Topic discussed
16.12.2015	PHED office	Meeting and discussed about the RUIDP work	Mr. Yogesh Trilotia, EE, PHED	Proposed components of the project, social and environment requirement of ADB. Land availability with respect to all the components of the project.
01.02.2016	Panchayat Samiti	Meeting and discussed about the RUIDP work	Mr. Hazari Lal Meena (RFO)	Proposed components of the project social and environment requirement of ADB Land availability with respect to the proposed components

Project outcomes 2. Cooperation required 3. Willingness to pay 4. ADB policy 5. GRC mechanism of the project
6.10.2019	Near SPS (Hawai Patti)	Meeting with the public & discussed about the proposed SPS and its advantages.	Jhabar Singh Yadav, Shrawan Kumar, Anil, Sunil, Suresh Kumar	Current status of water and sewerage in the town 1. Project outcomes 2. Cooperation required 3. Willingness to pay 4. ADB policy 5. GRC mechanism of the project

24. During the subproject implementation, the construction schedule is informed to all residents (including APs) prior to the commencement of pipe laying through signboards and leaflets. The signboards are in local language and include (including not limited to) - (i) section to be affected, (ii) start and end dates, (iii) information on traffic rerouting if any, and (iv) Contact information for grievances/ queries.

25. Information dissemination and disclosure is a continuous process since from the beginning of the project. Information dissemination is being carried out through printed leaflets/ information booklets prepared in the local language. The disclosure leaflets have already been circulated to the APs and stakeholders (Hindi script) in the month of April 2017(See Annexure 10 &11). During the implementation phase, project information leaflets are being circulated not only to APs but also to people (residents, businessmen, and others) within the immediate project influence area in advance so that people could be aware of the project works and its benefit and also R&R provision under these project.

26. The leaflet/ information booklet contains (including but not limited to) the following:

- Description of the project and its objectives;
- Summary of impacts (including temporary loss of livelihood, impacts on common property resources, etc.);
- Resettlement & Rehabilitation provisions of the project and specific benefits available to vulnerable APs;
- Ways and means of involving local communities;
- Grievance redress mechanism, suggestions and complaint handling mechanism, etc.

Table 9: Consultation and Disclosure Activities

Program Phase	Activities	Details	Responsible Agency
Investment Program Initiation/ Bridging Phase	Mapping of the program areas	Area to be mapped, clearly showing survey numbers of titleholders of land/property proposed for acquisition.	PMU in coordination with District Collectors(DC's) offices and other local bodies.
	Stakeholder identification	Cross-section of stakeholders to be identified in order to facilitate their participation in the Program.	PMU and PIUs in consultation with stakeholders.
	Program/sub-project information dissemination; Disclosure of proposed land acquisition	Leaflets containing information on the program and sub-project to be prepared. The public notice issued in local newspapers (and disclosed on PMU/PIU websites) including survey numbers and names of titleholders for land to be acquired concurrently with a consultation with titleholders.	PMU SPO and PIU ASO. Notice will be issued from the DC's office. PMU SPO and PIU ASO to disclose on the web.
	Stakeholder consultations	Further consultations with affected titleholders and households. Consultations with non-titled APs and other stakeholders during subproject scoping.	PMDSC SSS and CAPC/Safeguard implementing Staff.
RP Preparation Phase	Disclosure of cut-off date	For permanent land acquisition as per the LARR, 2013 while for temporary impacts by PIU.	PIU with support from PMDSC SSS and CAPC / Safeguard implementing Staff
	SIA surveys	Surveys to be conducted. Summary RF to be disclosed in local language through printed materials to APs particularly those who are vulnerable and other stakeholders.	PIU through PMDSC SSS to conduct surveys. PMDSC SSS to disclose RF to stakeholders (including making it available in PMU/PIU offices and government agency offices) PMU/PIU to disclose on the web.
	Formulating compensation and resettlement assistance measures	Conducting stakeholder consultations particularly APs in and reflecting issues raised in revised RP.	PMDSC SSS and CAPC/ Safeguard implementing Staff.
	Disclosure of final entitlements and rehabilitation packages	Provision of RPs to all stakeholders particularly APs. Conducting consultations and distributing local language versions of the summary RP.	PMU/PIU to disclose on the web. SSS of PMDSC and CAPC/Safeguard implementing Staff to conduct consultations.

Program Phase	Activities	Details	Responsible Agency
RP Implementation Stage	Disclosure of RP	Review and approval of RP by EA. Review and approval of RP by ADB. Web disclosure of the RP.	PMU to provide ADB with RP for review and approval. PMU SPO to disclose on the web.
	Consultation with APs during RP implementation	Consultations with APs.	CAPC/ Safeguard implementing Staff with monitoring from PIU/PMU.

27. For the temporary impacts, the last date of socio-economic surveys is considered as the cut-off date. Cut-off-date for temporary impacts was communicated to APs through survey agency and safeguard staff of PMDSC on dated **08.05.2017 (See Annexure 12&13)** and also by putting up printed information in the project-affected area at common advertisement place. Similarly, the list of APs was published at common places with contact details of PIU officials. The list was displayed in the area wise and at a time for the entire city. The objective of the cut-off-date was to avoid APs moving from the other areas and duplication.

28. Approved RP will be disclosed on the ADB and RUSDIP website and information dissemination, through subproject specific leaflets and public announcements, and consultation will continue throughout program implementation.

E. Grievance Redress Mechanism

29. The grievance redress mechanism (GRM) has been well established under this sub-project. The GRM will receive, evaluate, and facilitate the resolution of AP's concerns, complaints, and grievances about the social and environmental performance at the level of the project. The GRM aims to provide a time-bound and transparent mechanism to voice and resolve social and environmental concerns linked to the project.

30. The contractor and on-site supervision personnel from PIU and PMDSC will be the first point of contact for the quick resolution of grievances. Contact phone numbers and names of the concerned PIU Nodal Officer, contractors, will be posted at all construction sites at visible locations.

- (i) **1st level grievance.** The contractors, PIU supervision personnel, PIU Assistant Safeguards Officer/Nodal Officer, and Safeguard implementing Staff/CAPC can immediately resolve issues on-site in consultation with each other and will be required to do so within three days of receipt of a complaint/grievance.
- (ii) **2nd level grievance.** All grievances that cannot be redressed within three days at the field/ward level will be brought to the notice of the Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within seven days of receipt of compliance/grievance in discussion with the PIU, CAPC/ Safeguard Implementation Staff and the Contractor.
- (iii) **3rd level grievance.** All the grievances that are not addressed by PMU within seven days of receipt will be brought to the notice of the Grievance Redressal Committee (GRC). The City Level Committee (CLC), established in every project city, will act as GRC¹⁰. GRC will meet twice a month and

¹⁰ City Level Committees (CLC)/ Grievance redress committees (GRC) will be formed at city-level with members composed of: District Collector (DC) as Chairperson, and following as members: ULB Commissioner; Assistant Safeguards Officer PIU; representative from RPCB regional office; and one representative each from relevant government departments as appropriate (PWD/PHED/DAM etc.). All city-level GRCs will have at least one woman

determine the merit of each grievance brought to the committee. The PIU ASO will be responsible to oversee through the process of redressal of each grievance. The GRC will resolve the grievance within fifteen days of receiving the complaint.

31. The project GRM notwithstanding, an aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. Alternatively, if the grievance is related to land acquisition, resettlement & rehabilitation¹¹, the APs can approach the Land Acquisition, Rehabilitation and Resettlement Authority (LARRA).

32. If GRM is not in a position to resolve the issue, the affected person also can use the ADB's Accountability Mechanism through directly contacting (in writing) the Complaint Receiving Officer (CRO) at ADB headquarters or the ADB India Resident Mission (INRM). The complaint can be submitted in any of the official languages of ADB's DMCs. The ADB Accountability Mechanism information will be included in the project information documents (PID) to be distributed to the affected communities, as part of the project GRM.

33. Records will be kept for all grievances received, including contact details of the complainant, date of the complaint received, nature of the grievance, agreed corrective actions and the outcome. The concerned PIU will bear all costs involved in resolving the complaints (meetings, consultations, communication, and reporting/information dissemination) at the city level while the PMU will meet expenses related to escalated grievances.

Figure 5: Grievance Redress Process

ASO - Assistant Safeguard Officer; IPIU - Investment Program Implementation Unit; PMU - Investment Program Management Unit; PMDSC - Project Management, Design & Supervision Consultant

member/ chairperson. In addition, for project-related grievances, representatives of APs, community-based organizations (CBOs), and eminent citizens will be invited as observers in GRC meetings(Ref **Annexure 14**)

¹¹ The Authority admits grievance only with reference to the LA and R&R issues under the new LARR Act, 2013.

F. Legal Framework

34. The policy framework and entitlements for the RUSDP are based on:
- (i) The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation, and Resettlement Act (RFCTLARR), 2013.
 - (ii) ADB's SPS, 2009. The salient features of Government and ADB policies are summarized below. The resettlement principles and procedures to be followed for social safeguards under RUSDP are detailed out in the RF document.
35. Core involuntary resettlement principles for the RUSDP to be followed for each subproject are:
- (i) Land acquisition and other involuntary resettlement impacts will be avoided or minimized exploring all viable alternative sub-project designs;
 - (ii) Where unavoidable, time-bound resettlement plans (RPs) will be prepared and APs will be assisted in improving or at least regaining their pre-program standard of living;
 - (iii) Full information and close consultations with APs including consultation with APs on compensation, disclosure of resettlement information to APs, and participation of APs in planning and implementing sub-projects will be ensured;
 - (iv) Vulnerable groups will be provided special assistance¹²
 - (v) Payment of compensation to APs including non-titled persons (e.g., informal dwellers/squatters, and encroachers) for acquired assets at replacement rates;
 - (vi) Payment of compensation and resettlement assistance prior to the contractor taking the physical acquisition of the land and prior to the commencement of any construction activities;
 - (vii) Provision of income restoration and rehabilitation; and
 - (viii) Establishment of appropriate grievance redress mechanisms.
36. APs are entitled to a combination of compensation measures and resettlement assistance, depending on the nature of ownership rights of lost assets and scope of the impact, including the social and economic vulnerability of the APs.

G. Entitlements, Assistance, and Benefits

37. All APs who are identified in the subproject areas on the cut-off date are entitled to compensation for their affected assets, and rehabilitation measures (as outlined in the entitlement matrix below) sufficient to assist them to improve or at least maintain their pre-project living standards, income-earning capacity, and production levels. Compensation eligibility is limited by a cut-off date as set for this project on the day of the completion of the census survey which is **08.05.2017**. APs who settle in the affected areas after the cut-off date will not be eligible for compensation and assistance. APs are being provided with 30 days advance notice to ensure no or minimal disruption in their livelihood. If required, they are also be assisted in shifting for continuing their economic activity. For example, they are supported in shifting to the another side of the road where there is no construction. Ensuring there is no income or access loss during sub-project construction is the obligation of

¹² Including poor households, households headed by women, the elderly, the physically handicapped, Schedule Caste and Scheduled Tribes considered vulnerable based on the Indigenous Peoples Planning Framework (IPPF).

contractors and PIU. In case the contractor fails to ensure access, PIU will compensate in accordance with the agreed EM.

38. The PIU and the Safeguard Implementation staff will provide the identity cards (ID) to each of the APs. The entitlement matrix for the subproject based on the above policies is in **Table 10**.

39. The construction period will be minimized and is estimated to be less than seven days and fourteen days per section of work for water supply and sewerage pipelines, respectively. Though the construction period is specified different for water supply and sewerage works, livelihood losses will be estimated for fourteen days considering delays in works and road restoration (which force movable vendors to operate from a different place). It is suggested that water supply and sewerage works should be carried out at parallel to minimize impacts on stretches where both the works are proposed.

40. If construction activities result in unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater is provided. Under the project, fourteen days of impact period during construction for both water supply and sewerage subprojects have been fixed¹³. If the impact will be envisaged for more than 14 days, compensation will be disbursed for the entire period of disturbances. Vulnerable APs are given priority in project construction employment and provided with additional special assistance for income restoration support. Compensation and assistance to APs are made prior to possession of land/assets and prior to the start of work in a particular area. Since most affected households have moveable stalls, ID cards are distributed 30days before compensation. In summary, temporarily APs are provided with:

- (i) Thirty days advance notice regarding construction activities, including duration and type of disruption.
- (ii) Contractor's actions to ensure there is no income/access loss consistent with the initial environmental examination. This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforce to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time.
- (iii) Assistance to mobile vendors/hawkers to temporarily shift for continued economic activity. For example, assistance to shift to the other side of the road where there is no construction.
- (iv) For construction activities involving unavoidable livelihood disruption, compensation for lost income, or a transitional allowance for the period of disruption, whichever is greater.

¹³As per agreed resettlement framework.

Table 10: Entitlement Matrix

	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
1	Loss of private land	Agricultural land ¹⁴ , homestead land or vacant plot	Legal titleholders/ traditional titleholders ¹⁵	Compensation at replacement value or land-for-land where feasible.¹⁶ If land-for-land is offered, titles will be in the name of original landowners. Joint titles in the name of husband and wife will be offered in the case of married APs¹⁷. Fees, taxes, and other charges related to replacement land (applicable to all parcels of replacement land, which totals the equivalent area of land acquired, if parcels of non-contiguous land are bought due to the unavailability of one contiguous parcel). One time Resettlement allowance of Rs. 50,000 per affected family One of the option from: (i) Job for at least one member of the affected family in project which has created impact or in similar such other project; (ii) One-time payment of Rs. 500,000 per family; (iii) Annuity policy that shall not pay less than Rs. 2,000 per month per family for 20 years with appropriate indexation to the Consumer Price Index for Agricultural Labourers. All displaced families¹⁸ will receive both: (i) One time Shifting assistance of Rs. 50,000 towards transport costs etc.; and (ii) monthly Subsistence allowance of Rs. 3,000 for one year (total Rs. 36,000) from the date of award. SC/ST from scheduled areas will receive additional Rs. 50,000 towards the same All affected families¹⁹ will receive: (i) Compensation for damage to land/quality of land (if any) sustained by reason of severing land proposed for acquisition or adjoining lands from/to affected land; calculated from the date of preliminary notification till the date of final award; (ii) <i>Bonafide</i>; resulting from diminution of the	Fees, taxes, and other charges will be limited to those for land purchased within a year of compensation payment and for land of equivalent size. Vulnerable households will be identified during the census.	The Committee will determine replacement value as per the procedures outlined in the subsequent sections of this document. PMU will ensure provision of notice. CAPP/implementing NGO will verify the extent of impacts through a 100% survey of APs, determine assistance, and identify vulnerable households.

¹⁴The LARR, 2013 Act says no irrigated multi cropped land shall be acquired under this Act, except in exceptional circumstances, as a demonstrable last resort. Wherever such land is acquired, an equivalent area of culturable wasteland shall be developed for agricultural purposes or an amount equivalent to the value of land acquired shall be deposited with the appropriate Government for investment in agriculture for enhancing food-security. Such costing shall also reflect while preparing Resettlement Budget.

¹⁵Traditional land rights refer to households with customary rights to land, and shall be treated equivalent to titleholders

¹⁶Including option for compensation for non-viable residual portions.

¹⁷ APs can also be offered with shares (if any, of Requiring Body) (up to max 25% of the total replacement value) and such amount can be deducted. However, no AP should be compelled to take the shares.

¹⁸displaced family" means any family, who on account of acquisition of land has to be relocated and resettled from the affected area to the resettlement area. This also includes affected people that lose their agricultural land but not the houses. But, they still have to relocate for economic reasons.

¹⁹ These compensation will be appropriately distributed among various eligible candidates (if any) (such as between owner, tenant, sharecropper etc.).

	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
1-a	Loss of private land	Agricultural land, homestead land or vacant plot	Tenants and leaseholders (whether having written tenancy/lease documents or not)	profits of the land between the time of the publication of the Declaration for taking possession of land and the time of the Collector's taking actual possession of the land; and (iii) Compensation incidental to such change if affected landowner is compelled to change his place of residence or business due to proposed land acquisition Notice to harvest standing seasonal crops and compensation in item 6. Additional compensation for vulnerable households²⁰ (item 7). One time Resettlement allowance of Rs. 50,000 per affected family One of the option from: (i) Job for at least one member of the affected family in project which has created impact or in similar such other project; (ii) One-time payment of Rs. 500,000 per family; (iii) Annuity policy that shall not pay less than Rs. 2,000 per month per family for 20 years with appropriate indexation to the Consumer Price Index for Agricultural Labourers. All displaced families will receive both: (i) One time Shifting assistance of Rs. 50,000 towards transport costs etc.; and (ii) monthly Subsistence allowance of Rs. 3,000 for one year (total Rs. 36,000) from the date of award. SC/ST from scheduled areas will receive additional Rs. 50,000 towards the same All affected families will receive: (i) Compensation for damage to land/quality of land (if any) sustained by reason of severing land proposed for acquisition or adjoining lands from/to affected land; calculated from the date of preliminary notification till the date of final award; (ii) <i>Bonafide</i>; resulting from diminution of the profits of the land between the time of the publication of the Declaration for taking possession of land and the time of the Collector's taking actual possession of the land; and (iii) Compensation incidental to such change if affected landowner is compelled to change his place of residence or business due to proposed land acquisition Notice to harvest standing seasonal crops and compensation in item 6. Additional compensation for vulnerable households (item 7).	Land owners will reimburse tenants and leaseholders land rental deposit or unexpired lease Vulnerable households will be identified during the census.	CAPP/implementing NGO will confirm land rental and ensure tenants and leaseholders receive reimbursement for land rental deposit or unexpired lease, and report to PMU. PMU will ensure provision of notice.

²⁰Vulnerable households may include female-headed household, physically handicapped-headed household, scheduled tribe-headed households, Below Poverty Line households, and households with marginal land holdings, that is the only source of livelihood, and majority of that land is being acquired under the project.

	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
1-b	Loss of private land	Agricultural land	Sharecroppers	Notice to harvest standing seasonal crops and compensation in item 6. One time Resettlement allowance of Rs. 50,000 per affected family One of the option from: (i) Job for at least one member of the affected family in project which has created impact or in similar such other project; (ii) One-time payment of Rs. 500,000 per family; (iii) Annuity policy that shall not pay less than Rs. 2,000 per month per family for 20 years with appropriate indexation to the Consumer Price Index for Agricultural Labourers. All displaced families will receive both: (i) One time Shifting assistance of Rs. 50,000 towards transport costs etc.; and (ii) monthly Subsistence allowance of Rs. 3,000 for one year (total Rs. 36,000) from the date of award. SC/ST from scheduled areas will receive additional Rs. 50,000 towards the same All affected families will receive: (i) Compensation for damage to land/quality of land (if any) sustained by reason of severing land proposed for acquisition or adjoining lands from/to affected land; calculated from the date of preliminary notification till the date of final award; (ii) <i>Bonafide</i>; resulting from diminution of the profits of the land between the time of the publication of the Declaration for taking possession of land and the time of the Collector's taking actual possession of the land; and (iii) Compensation incidental to such change if affected landowner is compelled to change his place of residence or business due to proposed land acquisition Additional compensation for vulnerable households.	Harvesting prior to acquisition will be accommodated to the extent possible. Work schedule will avoid harvest season. Vulnerable households will be identified during the census.	PMU will ensure provision of notice. CAPP/implementing NGO will identify vulnerable households.
1-c	Loss of private land	Agricultural land, homestead land or vacant plot	Encroachers and Squatters ²¹	60 days advance notice to shift from encroached land. Notice to harvest standing seasonal crops and compensation in item 6. One of the option from: (i) Job for at least one member of the affected family in project which has created impact or in similar such other project; (ii) One-time payment of Rs. 500,000 per family; (iii) Annuity policy that shall not pay less than Rs. 2,000 per month per family for 20 years with appropriate indexation to the Consumer Price Index for Agricultural Labourers. One time Resettlement allowance of Rs. 50,000 per affected	Vulnerable households will be identified during the census.	PMU will ensure provision of notice. CAPP/implementing NGO will identify vulnerable households.

²¹Encroachers are those who build a structure which is in whole or is part of an adjacent property to which he/she has no title. Squatters are those who have no recognizable rights on the land that they are occupying.

	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
				family, if dependent on the affected land for minimum three years. All displaced families will receive both: (i) One time Shifting assistance of Rs. 50,000 towards transport costs etc.; and (ii) monthly Subsistence allowance of Rs. 3,000 for one year (total Rs. 36,000) from the date of award. SC/ST from scheduled areas will receive additional Rs. 50,000 towards the same Additional compensation for vulnerable households.		
2	Loss of Government land	Vacant plot, Agricultural land, homestead land	Leaseholders	Reimbursement of unexpired lease. One time Resettlement allowance of Rs. 50,000 per affected family One of the option from: (i) Job for at least one member of the affected family in project which has created impact or in similar such other project; (ii) One-time payment of Rs. 500,000 per family; (iii) Annuity policy that shall not pay less than Rs. 2,000 per month per family for 20 years with appropriate indexation to the Consumer Price Index for Agricultural Labourers. All displaced families will receive both: (i) One time Shifting assistance of Rs. 50,000 towards transport costs etc.; and (ii) monthly Subsistence allowance of Rs. 3,000 for one year (total Rs. 36,000) from the date of award. SC/ST from scheduled areas will receive additional Rs. 50,000 towards the same All affected families will receive: (i) Compensation for damage to land/quality of land (if any) sustained by reason of severing land proposed for acquisition or adjoining lands from/to affected land; calculated from the date of preliminary notification till the date of final award; (ii) <i>Bonafide</i>; resulting from diminution of the profits of the land between the time of the publication of the Declaration for taking possession of land and the time of the Collector's taking actual possession of the land; and (iii) Compensation incidental to such change if affected landowner is compelled to change his place of residence or business due to proposed land acquisition Additional compensation for vulnerable households. Notice to harvest standing seasonal crops and compensation in item 6. Additional compensation for vulnerable households.	Vulnerable households will be identified during the census.	PMU will ensure provision of notice. CAPP/implementing NGO will identify vulnerable households.
2-a	Loss of Government	Vacant plot, Agricultural	Encroachers	60 days advance notice to shift from encroached land. Notice to harvest standing seasonal crops and compensation in	Vulnerable households will be identified	PMU will ensure provision of notice.

Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
5 Loss of livelihood	Livelihood	Legal titleholder/tenant/leaseholder/non-titled/employee of commercial structure, farmer/agricultural worker	Subsistence allowance of Rs. 3,000 per month for a period of one year from the date of award (Total Rs. 36,000). SC/ST families from scheduled areas will receive additional Rs. 50,000 One time financial assistance of minimum Rs. 25,000 or as decided by the appropriate government, whichever is higher. Transitional allowance. ²⁴ Income restoration and training. ²⁵ Additional compensation for vulnerable households. Consideration for project employment.	Vulnerable households will be identified during the census.	CAPP/implementing NGO will verify the extent of impacts through a 100% survey of AHs determine assistance, verify and identify vulnerable households.
6 Loss of trees and crops	Standing trees and crops	Legal titleholder/tenant/leaseholder/er/sharecropper/non-titled AP	Notice to harvest standing/seasonal crops and compensation for crops (or share of crop for sharecroppers) based on an annual crop cycle at market value. For seasonal crops notice should be given at least 6 months in advance. If timely notice cannot be provided, compensation for standing crop (or share of crop for sharecroppers) at market value Compensation for trees based on timber value at market price, and compensation for perennial crops and fruit trees at annual net product market value multiplied by remaining productive years; to be determined in consultation with the Forest Department for timber trees and the Horticulture Department for other trees/crops.	Harvesting prior to acquisition will be accommodated to the extent possible. Work schedules will avoid harvest season. Market value of trees/crops has to be determined.	PMU will ensure provision of notice. Valuation Committee will undertake valuation of standing perennial crops and trees, and finalize compensation rates in consultation with APs.
7 Impacts on vulnerable APs	All impacts	Vulnerable APs	Land. Further to item 1, in case of total loss of land, and a total dependency on agriculture, land-for-land compensation. Titles will be in the name of original occupants. Joint titles in the name of husband and wife will be offered in the case of married APs. Government land. Further to item 2, provision for skills training for displaced APs. Residential structure. Further to item 3, in case of total loss of structure, additional shifting allowance. Commercial structure. Further to item 4, in case of total loss of business, support to reestablish business for vulnerable households. Livelihood. Vulnerable households will be given priority in project construction employment and provided with income restoration support. Vulnerable persons will receive additional 3 months of assistance based on minimum wage rates.	Vulnerable households will be identified during the census.	CAPP/implementing NGO will verify the extent of impacts through a 100% surveys of AHs determine assistance, verify and identify vulnerable households. PIU and CAPP/implementing NGO will monitor and ensure this entitlement

²⁴To be provided for APs whose livelihood is affected by the Project. The transitional allowance will cover the period of transition and comply with established minimum wage standards in the respective towns/cities in the case of wage-earning APs and incomes earned in the case of non-wage earning APs.

²⁵Refer to Section H item 2.

	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
8	Temporary loss of land ²⁶	Land temporarily required for sub-project construction	Legal titleholders, non-titled APs	Vulnerable persons/businesses will receive Rs. 7,000 as one time assistance under temporary impacts. Provision of rent for period of occupation for legal titleholders (and also for non-titled of attached to proposed land from minimum three years prior to temporary acquisition) ²⁷ . Compensation for assets lost at replacement value, and trees and crop loss in accordance with item 6. Restoration of land to previous or better quality ²⁸ .	Assessment of impacts if any on structures, assets, crops and trees due to temporary occupation. Site restoration.	Valuation Committee will determine rental value and duration of construction survey and consultation with APs. A pre-sub-project photograph to be made by the CAPP/implementing NGO. PMU will ensure compensation is paid prior to site being taken-over by contractor. Contractor will be responsible for site restoration.
9	Temporary disruption of livelihood		Legal titleholders, non-titled APs	30 days advance notice regarding construction activities, including duration and type of disruption. Cash assistance based on the minimum wage/average earnings per month for the loss of income/livelihood for the period of disruption. Contractor's actions to ensure there is no income/access loss consistent with the IEE. ²⁹ Assistance to vendors/hawkers to temporarily shift for continued economic activity (Rs. 1,000 as one time assistance) ³⁰ For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater ³¹ .	Identification of alternative temporary sites to continue economic activity.	Valuation Committee will determine income lost. Contractors will perform actions to minimize income/access loss.

²⁶ Temporary possession of land for project purpose can be taken only for three years from the date of commencement of such possession/occupation.

²⁷ Payment can be either in a gross sum of money, or by monthly or other periodical payments as shall be agreed upon in writing

²⁸ If the land has become permanently unfit to be used for the purpose for which it was used immediately before the commencement of such term, and if the persons interested shall so require, the appropriate Government shall proceed under LARR Act to acquire the land as if it was needed permanently for a public purpose.

²⁹ This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time.

³⁰ For example assistance to shift to the other side of the road where there is no construction. These will be however given to only non-movable businesses (which are not on wheels).

³¹ Under this project it is suggested for 14 days of impact period during construction for both water supply and sewerage subprojects.

	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
10	Loss and temporary impacts on common resources	Common resources	Communities	Replacement or restoration of the affected community facilities – including public water stand posts, public utility posts, temples, shrines, etc.	-	PMU and Contractor.
11	Any other loss not identified	-	-	Unanticipated involuntary impacts will be documented and mitigated based on ADB's Safeguard Policy (SPS), 2009.	-	CAPP/implementing NGO will ascertain the nature and extent of such loss. PMU will finalize the entitlements in line with ADB's SPS, 2009.

H. Resettlement Budget and Financing Plan

41. The resettlement cost estimate for the Jhunjhunu water and sewerage subproject includes resettlement assistance, as outlined in the entitlement matrix and contingency provision amounting to be 5% of the total cost. The funds for resettlement are being released in a timely manner. The total resettlement cost for the subproject is **INR 36,73,759/-**. The resettlement cost items and estimates are outlined in **Table 11**. PIU is issuing sanction order for payment of APs and for making electronic clearance service/National Electronic Fund Transfer(ECS/NEFT) transaction from the bank through concerned treasury from state share. The Safeguard Implementation Staff mobilized at the town/PIU level will facilitate the entire disbursement process and assist APs in the opening bank accounts (in case AP does not has a bank account).

Table 11: Resettlement Budget

S.no	Item	Unit	Quantity	Unit Rate	Amount
A.	Resettlement Cost				
1	Assistance for temporary livelihood impacts for 14 days	14	503	329	2316818
2	Assistance for the temporary disruption of livelihood to vulnerable households (one time)	LS	97	7000	679000
3	Shifting Assistance for 503 APs (one time)	LS	503	1000	503000
4	<i>Sub-Total A</i>				3498818
B	Additional Contingency (5%)				174941
	Grand Total (A+B+C)				3673759

I. Institutional Arrangements and Implementation Schedule

42. The Local Self Government Department (LSGD) is the executing agency (EA) for overall technical supervision and execution of all subprojects funded under the program. The Implementing Agency is the PMU of the ongoing RUIDP and is responsible for coordinating the construction of subprojects and ensuring consistency across the towns. PIU has been established in Jhunjhunu. The inter-ministerial Empowered Committee provides LSGD with central policy guidance and coordination, and CLC has been established in Jhunjhunu to oversee the implementation at the city level. The PMU is assisted by PMDSC, who manages the program and assures the technical quality of the design and construction, managing the tendering of contractors and supervising construction.

43. SPO at PMU is responsible for (i) addressing the social safeguards issues; (ii) implementing the RP; (iii) liaising with district administration for land acquisition and RP implementation; (iv) addressing any problems and/or delays in the land acquisition process including GRM management and monitor the overall complaint resolution status; (v) monitoring physical and financial progress on land acquisition activities; (vi) monitoring the implementation of RPs; (vii) providing guidance to PIUs as and when necessary; and (viii) endorsing and submitting periodic semi-annual social safeguard monitoring reports.

44. The PMU will be assisted by a SSS of PMDSC. The SSS will (i) update the existing RPs based on the detailed design; (ii) assist in the monitoring and supervision of ongoing subprojects and RP implementation; (iii) prepare RP and/or IPPs for new subprojects,

where required to comply with national law and/or ADB procedure; (iv) ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with the RF; and (v) review and finalize all reports in consultation with the SPO, PMU (RP updating and preparation, preparation of semi-annual social safeguard monitoring report for PMU submission to ADB, and support GRM implementation). In addition, SSS will assist the PMU in procurement needs and other project implementation aspects and shall play a central role in ensuring capacity building on resettlement management of the PMU and line departments through capacity development support and training. The implementation of role and responsibility are presented in Table 11. The implementation arrangement of environment and resettlement safeguards is provided in Figure 8.

45. At each PIU, a Nodal officer of the rank of Assistant Engineer (AE) is designated as Assistant Safeguards officer (ASO). ASO assists SPO, PMU in the implementation of the social safeguards at the PIU level. The PIUs are responsible for the implementation of the RP. PIUs are responsible for undertaking the internal monitoring and supervision and record observations throughout the project period to ensure that the safeguards and mitigation measures are provided as intended. ASO is responsible for following activities (i) implementing and monitoring the safeguards compliance activities, public relations activities, gender mainstreaming activities, and community participation activities; (ii) coordinating with district administration and NGO for land acquisition and R&R aspects and addressing any problems and/or delays; (iii) monitoring the physical and financial progress on land acquisition and R&R activities including record keeping of the grievance and redress issues as reported by CAPC/Safeguard Implementation Staff/Contractor and prepare and submit monthly report on safeguards to be consolidated by PIU Assistant Safeguards officer (ASO); and (iv) organizing monthly meetings with the contractor, outreach team and safeguard implementation staff of PMDSC to review the progress on R&R. A tentative implementation schedule is given in Table 12.

46. In addition to safeguards staff at PMU, PIU, and PMDSC, the EA has appointed a Safeguard Staff in PMDSC and Social Development Expert cum Gender Expert (SDGE) in CAPC to support the implementation of RP in Jhunjhunu. Key activities of the implementing Safeguard Staff of PMDSC in relation to resettlement planning and implementation will include: (i) conducting detailed survey of physically and economically displaced persons based on detailed design, and identifying poor, female-headed, and vulnerable households affected by land acquisition and resettlement; (ii) preparing the list of the potentially affected persons and issue identification cards; (iii) facilitating the process of disbursement of compensation to the affected persons, coordinating with the revenue department and informing the APs of the compensation disbursement process and timeline; (iv) assisting APs in opening bank accounts, explaining the implications, rules, and obligations of a joint account and how he or she can access the resources he or she is entitled to; (v) assist the EA in ensuring a smooth transition (during the partial or full relocation of the affected persons), helping them to take salvaged materials and shift whenever required³². In close consultation with the APs, the implementing Safeguard Staff shall inform the PMU about the shifting dates agreed upon in writing and the arrangements they desire with respect to their entitlements; (vi) organizing training programs for income restoration; (vii) conducting meaningful, ongoing consultation and ensuring disclosure of RPs in an accessible manner to the affected persons; (viii) assisting PIUs in GRM; (ix) assisting PIUs in keeping detailed records of progress and establishing monitoring and reporting systems of resettlement; (x) acting as the information source for community interaction with the project, and liaising between community, PMDSC contractors, and project management and implementing units during the execution of the works; and (xi) providing advice and other support to PIUs as required.

³² The implementation of water supply and sewerage subproject at Jhunjhunu does not envisage impact on structures.

Table 12: Institutional Roles and Responsibilities

Activity	Responsible Agency
Sub-project Initiation Stage	
Finalization of sites for sub-projects	PMU
Disclosure of proposed land acquisition and sub-project details by issuing Public Notice	PMU
Meetings at community/household level with APs	PIU/Safeguard Implementation Staff
RP Preparation and Updating Stage	
Conducting Census of all APs	Safeguard implementation Staff/PMDSC SSS
Conducting FGDs/meetings/workshops	CAPC/ Safeguard Implementation Staff / PMDSC SSS
Categorization of APs for finalizing entitlements	PMU / PMDSC SSS
Formulating compensation and rehabilitation measures	PMU / PMDSC SSS
Conducting discussions/meetings/workshops with APs and other stakeholders	PMU / PMDSC SSS /Safeguard Implementation Staff
Finalizing entitlements and rehabilitation packages	PMU/ PMDSC SSS
Disclosure of final entitlements and rehabilitation packages	PMU/Safeguard Implementation Staff
Approval of RP	PMU/ ADB
Taking possession of the land	EA/ PMU
RP Implementation Stage	
Implementation of proposed rehabilitation measures	PIU/ Safeguard Implementation Staff
Consultations with APs during rehabilitation activities	PIU/ Safeguard Implementation Staff
Grievances redressal	CAPC/Safeguard Implementation Staff / PMU /GRC
Internal monitoring	PMU / PIU

J. Monitoring and Reporting

47. Monitoring and evaluation are important activities of any infrastructure development project involving involuntary resettlement. It helps in making suitable changes if required during the implementation of resettlement related activities and helps to resolve problems faced by the APs. Monitoring is periodical checking of planned activities and provides midway inputs, facilitates changes, if necessary, and provides feedback to project authority for better management of project activities.

48. RP implementation is closely monitored to provide the PMU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. As

per ADB guidelines, for category B projects, only internal monitoring will be required. Internal monitoring for Jhunjhunu is undertaken by the PIU (through the PMDSC SSS) with assistance from the PMU SPO. Monthly progress reports are prepared and submitted to the PMU. PMU consolidates the reports and submits semi-annually to the ADB for approval.

49. Till November 2019, a payment of Rs 18,16,425/- has been disbursed to 266 APs out of 503 potential APs, and impact on 64 APs was avoided. 14 APs were reported as missing, and 85 APs have voluntarily refused to receive the compensation.

K. Present Status of Work and Due diligence of Present Work

50. During the preparatory stage (before initiation of civil works) of the project, the land acquisition and involuntary resettlement issues were examined in line with ADB SPS 2009 and RP was prepared and submitted to ADB. DBO Contractor, safeguard personnel of PIU and field engineer of PMDSC during the implementation period jointly conducted the detailed design and detailed measurement surveys (DMS) where the involuntary resettlement impacts were reconfirmed and accordingly RP was updated.

51. For due diligence, the entire scope of work was broadly classified into categories (i) Permanent civil structure sites, and (ii) Network and road length.

Due Diligence - Permanent civil structure/ sites

52. The construction of water distribution pumping station, CWR at City Campus, Colony PS, Beewani, and ESR at Lal Pahari are being executed at PHED campus while a water distribution pumping station and CWR is being done on land under the possession of police department. STP and SPS (Deendayal Nagar) is under progress in Nagar Parishad (Urban Local Body) land.

53. During the implementation of the subproject, the locations of Clear Water Reservoirs and pumping stations at Housing board and Khetri Mahal, CRMC building, and Sewer Pumping Station (SwPS) were required to be changed based on the public consultations and technical requirements. The civil work has started, and as a corrective measure, the field-based due diligence was carried with the objective to identify resettlement (permanent or temporary) impacts on titled/non-titled households if any caused during the execution.

54. A due diligence visit was undertaken to all permanent sites to (i) assess whether the sub-project causes any resettlement impacts (temporary/permanent, partial/full) impacts on structures and livelihoods non-titled affected persons (APs) (ii) To collect evidence (documents, photographs,) to understand/ identify resettlement impacts if any and (iii) To organize public consultation along the project sites to discuss the resettlement impacts.

55. The DDR confirms that vacant lands for the construction of Clear Water Reservoirs, pumping stations and CRMC, were identified in the existing PHED campus, and vacant land of public works department was also available near Hawai Patti where SPS works is under progress. All the NOCs and inter-department transfer letters are available with the project authorities.

56. Due diligence/ field visits (conducted by a team including staff of PMDSC, department of the urban local body, Project contractor and safeguard staff from PIU/PMDSC) revealed that the vacant land was available in PHED campus where Clear Water Reservoirs pumping stations and CRMC works has been undertaken. Similarly, SPS near Hawai Patti has also undertaken in the vacant land of PWD.

57. Details of locations changed is tabulated as below:-

Components	Previous location	New location
Water supply		
Water distribution pumping station and Clear Water Reservoirs	Khetri Mahal	Adjusted in existing colony pumping station city PS PHED Campus due to unavailability of insufficient land at Khetri Mahal.
Consumer Relation Management Centre(CRMC)	Gandhi Park	Location shifted from Gandhi park to PHED Campus, New Housing Board as per the request of nearby habitation and proposal of Municipal Council to build underground parking.
Water distribution pumping station, Clear Water Reservoirs and CRMC	Housing Board -1(Park)	Location shifted from Housing Board -1(Park) to existing PHED campus, old housing board
Sewerage		
Sewerage pumping station(SwPS)	Panchayat Samiti	Location shifted from Panchayat Samiti to Public Work Department (PWD) land near Hawai Patt due to unavailability of insufficient land.

Old Location	New Location
	
Proposed CWR, Pumping station and CRMC Site Housing Board	Old Housing Board PHED Campus
	
Proposed SwPS site, Panchayat Samiti	SwPS Site near Hawai Patti

58. Necessary consultation concerning the change of location was undertaken by the PMDSC team to discuss the resettlement impacts. This is to confirm that, all the selected land were vacant govt land, and construction of subprojects does not cause any resettlement impacts.

Due Diligence - Length of the water and sewer network

59. During SIP, the areas with no habitation were deleted from the scope of water supply and new areas that were earlier missed out were included (within the municipal boundary) in sewerage network to provide the basic utilities to maximum households. The civil work has not started in these areas. A Transect walk of the included subproject roads with public consultations, along with photography was carried out with respective officials and supervision consultants. The following methodological techniques have been adopted for preparing revised DDR (i) Field-based assessment, (ii) Public consultations, and (iii) evidence-based photo and videography along the subproject roads.

60. The DDR confirms that mainly residential areas have been included in the scope of sewerage and networks have been designed according to available road width. Since the design has been optimized, the existing RoW of the available roads is sufficient for laying of network pipes. As such, there is no impact on structures, crops, trees or livelihood belonging to titled or non-titled persons. The distance of proprietary land, structure and agricultural land was found to be sufficient, and the photographs depicting the availability of ROW are enclosed for reference.

Sewerage Network

<u>DMA-37 Islam Nagar</u>	DMA-1 Shiv Nagar

Revised Map of water supply and sewerage network

CONCLUSION

62. While collecting data from site and preparing this due diligence report(DDR), the observations and analysis show that there is no issue related to land acquisition (LA) in the civil structure sites and construction of the project does not involve any permanent or temporary/ partial or full resettlement impact (structures) on title or non-title holders. The new areas included for the laying of sewer are residential areas and as such, there is no impact on the livelihood of non-titled structures/ vendors in these areas.

63. As minor changes were anticipated in the scope of the subproject at the time of preparing the RP (2017 version), the people carrying on business activities on both sides of the road were considered as potential APs and the social impact assessment (SIA) and census and socio-economic survey (100%) was carried in all the areas. These minor changes do not cause an impact and no additional affected persons (APs) were identified.
The cut-off date remains unchanged i.e. 08.05.2017

64. **The category of the subproject remains “B”** as there is no land acquisition under the project, and the subproject would continue to have only temporary resettlement impacts due to laying of water supply and sewerage pipe networks. No Impact is envisaged on CPRs.

Annexure 3: NoC of superintendent of police for construction of Water distribution Pumping station and Clear Water Reservoirs at Mahia Police Station, Islam Nagar

कार्यालय पुलिस अधीक्षक जिला झुन्झुनू
क्रमांक-म-4(3) झु.वि./भू.म/परस्ताव/2014-2017/142 दिनांक-26.05.2017

अधीक्षक अभियन्ता,
आर.यू.आई.डी.पी. (फेज III)
पी.आई.यू. झुन्झुनू।

मार्फत-श्री जगमाल सिंह लाम्बा, वार्ड नं. 10, तहसील के पास, झुन्झुनू।

विषय-महिला पुलिस थाना को आवंटित भूमि में से 1200 वर्गमीटर भूमि पर पम्प हाउस के निर्माण की अनुमति के संबंध में।

प्रसंग- आपका पत्र क्रमांक- RUSDP/PIU/JJN/POL/ 142 दिनांक 26.5.2017 के संदर्भ में।

महोदय,

उपरोक्त विषयान्तर्गत प्रासंगिक पत्र के संदर्भ में निवेदन है, कि राजस्थान सरकार की महत्वपूर्ण परियोजना में झुन्झुनू शहर में, फेज तृतीय के अन्तर्गत पेयजल सौकरज कार्य निर्माण किये जाने हेतु आप द्वारा प्रेषित निम्नानुसार शर्तों के अनुसार उदयपुरवाटी रोड पर स्थित महिला पुलिस थाना परिसर में मात्र एक पेयजल पम्पिंग स्टेशन का निर्माण किये जाने के लिये 40 x 30 (1200 वर्गमीटर) भूमि उपलब्ध करवाई जा रही है।

1. राजस्थान शहरी आधारभूत विकास परियोजना फेज तृतीय के अन्तर्गत महिला पुलिस थाना परिसर में सौकरज संबंधी ईकाई का निर्माण नहीं किया जावे।
2. महिला पुलिस थाना परिसर में स्वीकृत मात्र एक पेयजल पम्पिंग स्टेशन का ही निर्माण किया जावे।

उपरोक्तानुसार शर्तों के आधार पर आपको उपलब्ध करवाई जा रही भूमि पर मात्र एक पेयजल पम्पिंग स्टेशन का निर्माण आप द्वारा किया जाता है, तो इस कार्यालय को कोई आपत्ति नहीं है।

उक्त कार्य के अतिरिक्त परियोजना के अन्य किसी प्रकार का निर्माण कार्य इस कार्यालय की अनुमति प्राप्त किये बिना नहीं किया जावे।

भवदीय,
(मनीष अग्रवाल)
पुलिस अधीक्षक,
जिला झुन्झुनू

प्रतिलिपि-निम्नांकित को उपरोक्तानुसार सूचनार्थ एवं आवश्यक कार्यवाही हेतु प्रेषित है:-

1. जिला कलेक्टर, झुन्झुनू।
2. अतिरिक्त पुलिस अधीक्षक, जिला झुन्झुनू।
3. वृत्ताधिकारी, वृत्त झुन्झुनू।
4. थानाधिकारी, थाना महिला झुन्झुनू।

पुलिस अधीक्षक, 6161

Transcript

It was proposed to construction a CRMC building in Gandhi Park, however, Municipal council wants to construct; underground parking in the above premises and it is expected that the work of CRMC may suffer unnecessary delay due to the same. So it is proposed to construct CRMC building at other location.

The issue was discussed with PHED and it is mutually agreed that above CRMC building could be constructed in PHED Campus in New Housing Board.

विषय- पीएचडीसी परिसर हाउसिंग बोर्ड जून्जुनू में सीवरेजकूलर -पम्पहाउस की निर्माण बाबत अनुरोधित

महोदय,

उपरोक्त विषयवार्ता निवेदन है कि एसीएम, पीएचडीसीपी, अधिशासी अभियन्ता आरवुआईसीपी, एवं प्रोजेक्ट मैनेजर एस एम्ब टी आदि को साथ पीएचडीसी परिसर हाउसिंग बोर्ड मौका निरीक्षण एवं समुदाय चर्चा की।

उक्त परिसर में विभाग की वर्तमान जाचुनों को आरवुआईसीपी द्वारा अपने खर्च पर निपट करते हुए स्वच्छ जलदायक, पम्प हाउस एवं सहायक इकाईयों का निर्माण करती है जो इस कार्यालय को कोई फायदा नहीं है।

आवंटन आदेश

अधीक्षण अभियंता, आर.यू.आई.डी.पी. (फैज-III) पी.आई.यू. झुझु ने अपने पत्रांक 425-27 दिनांक 10-2-17 के द्वारा कच्चा झुझु में तात्पर्यवासी उच्च जलालय के निर्माण हेतु खण्ड 2776 में से भूमि आवंटन चाहे जाने पर उपखण्ड अधिकारी झुझु ने कच्चा झुझु स्थित भूमि खण्ड 2776 रकबा 72.43 हे० किरम 1000 पहाड में से 0.04 हे० भूमि आवंटन के प्रस्ताव तैयार कर निजवाये है। उक्त प्रस्ताव आवंटन की स्वीकृति हेतु राजस्व (ग्रुप-3) विभाग जयपुर को निजवाये गये।

संयुक्त शासन सचिव, राजस्व (ग्रुप-3) विभाग ने अपने पत्रांक 8(10)सज-3/17 दिनांक 15-9-2017 के द्वारा प्रस्तावित भूमि नगरपालिका की परीधीय क्षेत्र में स्थित होने के कारण राजस्व (ग्रुप-6) विभाग की अधिसूचना दिनांक 8-12-2010 के तहत कार्यवाही करने हेतु निर्देशित किया है।

राजस्व (ग्रुप-6) विभाग की अधिसूचना दिनांक 8-12-2010 के बिन्दु संख्या 2 में सरकारी भूमि नगरपालिकाओं की भू-राजस्व के चालीस गुना के समतुल्य भूमि के पूजीकृत मूल्य के संदाय पर हस्तान्तरित करने का प्रावधान है।

अतः उक्त अधिसूचना के अनुसरण में कच्चा झुझु स्थित भूमि खण्ड 2776 रकबा 72.43 हे० किरम 1000 पहाड में से 0.04 हे० भूमि राजस्थान भू-राजस्व नियम 1956 के तहत एवं राजस्व विभाग की अधिसूचना दिनांक 8-12-2010 के अनुसरण में नगर परिषद झुझु को उच्च जलालय के निर्माण हेतु हस्तान्तरण की जाती है। तहसीलदार झुझु को निर्देशित किया जाता है कि राजस्व (ग्रुप-6) विभाग की अधिसूचना दिनांक 8-12-2010 के बिन्दु संख्या 2 को पालनमा राजस्व के तहत उक्तानुसार राजस्व रिकार्ड में अमल दराजद कर तथा कच्चा संबंधित विभाग को सम्बन्धित नकशा आदेश का एक भाग होगा।

* It is being ensured during disbursement that every DP is compensated as per the minimum wage rate applicable at the time of disbursement. In case, the daily income of DP is less than minimum wages (as per Government of Rajasthan Minimum Wages Act) then DP will be paid minimum wages (unskilled labour) for 14 days as livelihood assistance. Further, inflation of 7% (Flat) is given to DP (after a delay of 1 Year) to cover the time lag of survey and final implementation. The micro plans are prepared accordingly and payment is ensured by PIU.

Office of District Collector, Jhunjhunu

Minutes of consultation meeting held on dated 29.10.2015 for need assessment and identification of work to be considered in Jhunjhunu town under RUIDP Phase III.

A consultation meeting for need assessment and identification of work for consideration under RUIDP Phase III was held under the chairmanship of District Collector, Jhunjhunu in compliance to Project Director, RUIDP letter no. 15073 dated 16.10.2015. List of Stakeholders and Officials attended the meeting is enclosed as annexure.

Additional project director RUIDP appraised the key aspects of RUIDP project (RUIDP Phase III), RUIDP officials briefed the members on key aspects of Project i.e. (i) coverage of Water Supply and Wastewater sectors (ii) Single contract for wastewater and water supply (iii) DMA based execution and SCADA based monitoring (iv) NRW reduction strategy (v) Use of Recycled treated wastewater. All the stakeholders were requested to suggest the priority of works to be included in water and wastewater sector for the town. It was requested that ownership of created assets will be owned by Municipal Council, therefore, all possible support will be needed for finalization of priority works so that a realistic / necessity oriented Detailed Project Report is prepared by RUIDP Consultants (named as PMDSC) by January 2016 and tenders may be invited accordingly.

District Collector appreciated the concern shown by RUIDP team and agreed that for successful implementation of time bound projects it is necessary that all the stakeholders should take active participation and requested all the stakeholders to support the project. The discussions were held on Water & Waste water sector works as below:-

Water Supply Sector

The Municipal Council suggested that Water Supply sector should be taken in totality. It was brought to the notice by SE, PHED that the major source of water supply to the town is 130 nos. Tube wells and water distribution is through 9 pumping stations and Clear Water Reservoirs with 15 nos. service reservoirs. Present service level is 106 LPCD. Replacement of old transmission and distribution pipe lines and pumps is needed. The existing pipelines are of C.I., A.C. and P.V.C. The water supply system is commissioned in 1971. Rejuvenation of some Pumping stations along with replacement is required. So that existing water supply system could be strengthened to facilitate the entire distribution system and reduction of NRW.

Present ground water quality is not as per norms and Tube wells water has fluoride contents from 0.5 to 15 Mg. /liter. It was informed by EE

Kumbharam lift canal Project that Jhunjhunu town will get surface water @ 100lpcd from Clear Water Reservoir under construction at PHED campus by December 2016. The requirement for Jhunjhunu town is @135 lpcd +20% losses, to meet this demand reservation of water for designed population is required. Therefore, CE (Special Project) PHED be requested accordingly, so that sufficient surface water is available and dependency on ground water is gradually reduced.

Chairman, Nagar Parishad desired that the 17 villages which are outside the municipal limit should be included under upcoming RUIDP Phase III project. The issue was discussed in detail and was decided that RUIDP Phase III will cover area under municipal limit however, PHED officials were directed to determine the bulk demand of these adjoining villages so that a decision could be taken on this issue by the Administration jointly.

District Collector, directed to plan construction of new pump houses and OHSRs in existing boundary of pump houses as far as possible looking to the lesser availability of government land.

Sewerage Sector

It was informed by APD, RUIDP that the work under package UIDSSMT/JHUN/WW/Lot.1, Laying of sewer line in different area of Jhunjhunu was terminated on 27.04.2015. Total 61.7 Km sewer pipe is laid out of 105 Km and 2528 manhole were constructed and the remaining balance work will be included in RUIDP Phase III. Under package UIDSSMT/JHUN/WW/Lot.2 construction of 8.5 MLD sewerage treatment plant is under progress, till date 70% work is completed. Chairman, Municipal Council, Jhunjhunu suggested for treatment of sullage flowing in drain up to STP and coverage of remaining area of the city in the RUIDP project. It was informed by APD, RUIDP that since this water contains 600 BOD and STP is designed for treatment of sewerage up to 300 BOD therefore, it is not feasible. However, after completion of remaining work of sewer line and outfall decision will be taken as per analysis report of drain water. APD, RUIDP informed that in Phase III there is provision of 10 year O&M of STP by the contractor and for use of Recycled treated wastewater municipal council will be consulted as it is the propriety of Municipal Council. This water may be reused for agriculture around the disposal point and for industrial purpose as per requirement. This work may be carried out by PMDSC in consultation with Municipal Council.

The issue of public inconvenience during execution of laying of sewer line which is basically due to not taking up the required road restoration timely was discussed and APD, RUIDP assured that in the upcoming project all necessary steps will be taken so that these issues are minimized and better public participation is ensured. Due care should be taken at the DPR stage for utility shifting.

The issue of manholes on road No. 3 which are above road level and making accident prone zone on road was discussed and it was decided that road around the manholes will be raised in taper by PWD. An Estimate for the same will be submitted by PWD to RUIDP for transfer of funds.

It was suggested by Chairman, Municipal Council that the work should be taken up ward wise. After discussions, following directions were issued by the District Collector:

- 1) Municipal Council and PHED officials were directed to ensure regular inputs at this initial stage to facilitate the preparation of realistic DPR based on field conditions.
- 2) Field inputs from all stakeholders will be taken on regular basis by RUIDP Consultants and officials.
- 3) SE, RUIDP, Jhunjhunu & EE, Municipal Council will ensure coordination needed from local administration and will appraise to the District Collector time to time.

Meeting ended with vote of thanks

परियोजना का नाम — झुंझुनू शहर में जलप्रदाय योजना के सुदृढीकरण एवं जल-मल निस्तारण (सीवरैज) प्रणाली के विकास का कार्य (Jhunjhunu Water Supply and Sewerage Work)

सहमति पत्र

हम जानते हैं कि सहभागिता से ही स्थायी एवं दीर्घकालीन विकास संभव है। आर.यु.आई. डी.पी द्वारा प्रस्तावित उक्त योजना शहर के आम नागरिकों के स्वास्थ्य के दृष्टिकोण से एक महत्वपूर्ण योजना है। इस योजना के क्रियान्वयन से न केवल वर्तमान पीढ़ी को बल्कि भविष्य में भी हमारी पीढ़ियों को शुद्ध पेयजल मिल सकेगा तथा जल मल निकासी का भी स्थायी समाधान हो सकेगा।

उक्त योजना के क्रियान्वयन में हमारा पूरा — पूरा सहयोग रहेगा तथा हम इस परियोजना से अल्पावधि असुविधा होने के बावजूद सहमति प्रदान करते हैं।

Annexure10: Leaflet disclosed prior to start of Survey

राजस्थान नगरीय आधारभूत विकास परियोजना (RUIDP)

परियोजना का नाम — झुंझुनू शहर में जलप्रदाय योजना के सुदृढीकरण एवं जल-मल निस्तारण (सीवरेंज) प्रणाली के विकास का कार्य (Jhunjhunu Water Supply and Sewerage Works)

परियोजना के उद्देश्य
 आपके शहर झुंझुनू में जल आपूर्ति पेयजल और सीवरेंज परियोजना को शुरू किया जा रहा है। इस परियोजना के सफलता पूर्वक संचालन के लिए आप सब शहरवासियों से सहायता की आवश्यकता है। इस योजना के संचालन से शहर की सड़कों को पेयजल व सीवरेंज से सम्बंधित समस्याओं का निष्पादन होगा और पूरे शहर को निश्चित रूप से प्रति दिन पर्याप्त मात्रा में स्वच्छ पेयजल उपलब्ध होगा। सीवरेंज परियोजना से पूरे शहर की स्वच्छता के नये आयाम मिलेंगे तथा पूरा शहर साफ-सुथरा और स्वच्छ नजर आयेगा।

जलप्रदाय योजना
 (अ) वर्तमान क्षमताओं का पूर्ण उपयोग करना तथा जहाँ भी आवश्यक हो उत्पादन एवं वितरण व्यवस्था में अभिवृद्धि।
 (ब) परियोजना के तहत जहाँ एक ओर क्षतिग्रस्त पाइप लाइनों को बदल कर क्षीजत को कम किया जायेगा वहीं वितरण में वृद्धि की जायेगी।

सीवरेंज कार्य
 (अ) पर्यावरण की गुणवत्ता में सुधार तथा स्वच्छता के लिए योजना का क्रियान्वयन करना जिसके तहत सीवरेंज की विस्तृत प्रणाली स्थापित की जाएगी तथा घरों से होने वाले सभी प्रकार के निस्तारित जल को सीवर लाईन से जोड़ा जायेगा।
 (ब) सीवरेंज ट्रीटमेंट (जल मल निस्तारण) संयंत्र का निर्माण किया जायेगा।

परियोजना घटक एवं सुधार के प्रस्ताव
 जलप्रदाय योजना की अभिकल्पित आबादी लगभग 2.00 लाख (वर्ष 2046)
 जलप्रदाय योजना
 (अ) आवश्यक जल परिवहन पाइप लाइनें व वितरण पाइप लाइनों के कार्य (लगभग 581 K.M.)
 (ब) 6 पंपिंग स्टेशन, 1 उच्च जलाशय, 5 स्वच्छ जलाशय का निर्माण
 (स) पानी के अपव्यय को नियंत्रित करने हेतु जॉन वार्डज बल्क मीटरिंग व्यवस्था।
 (द) घरों में जल कनेक्शन (प्रतिस्थापन लगभग 32650)।

सीवरेंज कार्य
 (अ) लगभग 127 km सीवर लाईन नेटवर्क
 (ब) सीवरेंज ट्रीटमेंट प्लांट 7 एम.एल.डी.
 (स) दो सीवरेंज पंपिंग स्टेशन का निर्माण 3.5 एम.एल.डी. एवं 1 एम.एल.डी.

परियोजना की लागत — राशि रुपये 237.00 करोड़

निर्माण कार्य के दौरान संभावित अल्पावधि प्रभाव
 जो लोग रोड के किनारे बड़ी-छोटी, फलों, सब्जी, चाय की बूँटी, फेरी अरखाई दुकान लगाकर अपना व्यवसाय कर जीविकयापन करते हैं, कार्य के सफल क्रियान्वयन के लिए उन लोगों को अल्पावधि के लिए अन्धकार स्थानान्तरित करने की आवश्यकता पड़ेगी। इस हेतु सर्वेक्षण के दौरान प्रभावितों से आचार कर्तव्य/फोटो परिचय पत्र भी लिया जा रहा है। ताकि पत्र प्रभावितों को आवश्यकता पड़ने पर नियमानुसार पुनः स्थापित करने आदि की कार्यवाही की जा सके।

अतः सभी अरखाई दुकानदारों से अनुरोध है कि सर्वे कर रहे कार्मिक को फोटो परिचय पत्र एवं फार्म भरने में सहयोग करें।

सर्वे कार्य दिनांक 22.04.2017 से शुरू किया जा रहा है।

 अधिकारी अभिवन्दना,
 जल एवं सीवरेंज, सी.आई.डी.

Annexure15: Orientation program with Contractor

MINUTES OF MEETING

Subject of Meeting: Safeguard Orientation for PIU, Contractor & PMDSC staff for Jhunjhunu Water Supply and Sewerage Works

Date: 08.03.2017, **Place:** M/s L&T office

Objectives: - Orientation with the contractor on Social and Environment issues.

PMDSC Expert briefed about the documentation requirement {updating of Resettlement Plan (RP) and Initial Environment Examination Report (IEE), requirement Environment Management Plan (EMP) etc} under the project especially the Grievance Redress Mechanism.

Following issues were identified/ discussed during site visit:-

Orientation Program Conducted with the Contractor: - As Desired, an orientation was organized at L&T office (list of participants enclosed as annexure A) and the following issues were deliberated in detail:-

Issues	Topics covered
1. Environmental Safeguard	1.1. Introduction of ADB's Safeguard Policy Statement (SPS -2009) 1.2. Labour Accommodation and basic facilities required for labours was discussed in detail 1.3. Requirement of Consent from RPCB for Crushers, Batching Plants, DG Sets etc. 1.4. Requirement in Construction Camps 1.5. Use of PPEs, Safety in Trench Work, road safety, Signage, barricading etc. 1.6. Labour Insurance/Health Checkup of workers 1.7. Documentation required i.e. various permission obtained prior to start of construction should be kept properly; Labour records should be kept handy and should be made available. 1.8. IEE report update and its various components. <i>It was also informed that as a requirement L&T should submit its own EMP in line with draft IEE enclosed with Bid for review of Environmental Expert PMDSC. EMP should be implemented in the project and related activities.</i> 1.9. Approval of the employer/ IPIU should be taken in case contractor is planning for Night work. A night work plan developed was also discussed with contractor and it was advised that the points indicated should be considered while submitting the night work plan to PIU.

Issues	Topics covered
2. Social Safeguard	2.1. Introduction to SPS 2009 2.2. Introduction to Agreed Resettlement Framework 2.3. Introduction to requirement of Resettlement Plan update and requirement for 100% socio economic survey. 2.4. Type of Impact (to be further envisaged in next visit before start of survey) and Mitigation strategy 2.5. Contractor's role in minimization of involuntary resettlement during finalization of design and during execution 2.6. Requirement of contractor to intimate about final scope/alignment/change of scope and mitigation plan for congested areas including liaison with concerned department 2.7. Grievance Redress Mechanism/Grievance Redress Committee /City Level Committee 2.8. Requirement of Coordination between contractor PIU and PMDSC 2.9. Timely information about work schedule 2.10. Mobilization of Implementation officer and role of outreach team in R&R implementation. 2.11. Advance notice for start of work along with project information board should be provided. 2.12. Desired documentation for Safeguard Compliance. 2.13. Important issues like how to minimize or mitigate the impacts or in-case the impacts are unavoidable how the Resettlement Plan is to be implemented were discussed in detail. 2.14. Importance of work schedule to maintain parity between civil progress and RP implementation.

Subject:- Jhunjhunu Water and Wastewater Project comprising of Design and Construction of Work Water Supply Distribution Network Improvement with House Service Connections for Non-Revenue Water Reduction and Continuous Water Supply, Constriction of Reservoirs and Pumping Stations, Water Transmission and all other allied works and Construction of Sewer Network with House Connection, Design and Construction of Sewage Pumping Stations, Sewage Treatment Plant, Effluent Reuse & Allied Works and Operation & Maintenance Services of the Entire System for 10 Years at Jhunjhunu. **Regarding freezing of alignment of DP Areas (as per socio economic data)**

Dear Sir,

As discussed with you during orientation by our R&R team, the Draft RP of all the projects towns including (Jhunjhunu Project) needs to be updated before start of civil work.

For updating of RP, the socio economic survey of the entire Jhunjhunu Town (based on initial DPR) has been completed by a survey agency (under supervision of our R&R team) and all possible impacts have been identified (as per Resettlement Framework (RF) as agreed with ADB). However, since it is DBO contract, the final DPs and final impacts could only be determined upon the completion of detail engineering design from your end.

So we are forwarding the list of identified potential displaced person along with details of Common Property Resources (CPRs) which are likely to be affected during civil work in the town and you are requested to kindly: -

- 1) Freeze the alignment of all these identified DP areas with a confirmation that whether a relocation of these identified vendors/DPs will be required or not during execution of Water Supply and Sewerage work.
- 2) In Case relocation is not required, a confirmation needs to be provided that required access (at least a 2 metre access) will be made available to these DPs during execution of civil work and that there will be no negative impact on livelihood of these DPs. (Ref section 6 clause no. 6.14 and Annexure B of contract document)

Regards,

Magendiran Vaidyapuri

Annexure17: Scan copy of Survey Format

Format for Socio Economic Survey (Temporary Impact - For Street Shops/Vendors/ Encroacher/ Squatters / Crop loss/Access Loss)			
Date of Survey /Cutoff Date: /			
Name of the Surveyor			
1.0 General Information			
1-1	Name of Town:	Package (name)	Polaroid Picture of the AP Surveyed, front facing.
1-2	Name of Affected Person:	S/o or W/o	
1-3	Daily income*/wage:		
* (income = sale – cost)			
1-4	Address (Present):		
..... Mobile No.:			
1-5	Permanent Address		
..... Contact No.:			
1-6	Legal Title Holder {please (√)} Yes () NO () Specify if Tenant ()		
1-6.1	Is the affected person is encroacher () or squatter () please (√)		
1-7	Location		
Name of Street		Name of Locality	
Start Point of Survey		End Point of Survey	
Location of AP (Corresponding to start point)		Left ☐	Right ☐
Ward		Chainage	
Road Width (ROW)		Distance from Center of the Road	
Carriage Way (BT/CT) Road			
1-8	Types of losses (to be √ for 1-5, 6 - to be specified)		
1	Residential ☐	4	Kiosks (Tadi, Gurmti, Cabin) or ☐

		Mobile Vendor (With fixed Business location)	
2	Commercial		5 Mobile Vendor/ ThelaWala (Moving Business area in whole day)
3	Residential and commercial		6 Others (Any other type of loss like crop loss, Trees, Access loss or any as per RF)

Provide details of loss in brief from above:

1. Width (in mtrs) _____ 2. Length (in mtrs) _____ 3. Kiosk Cost (approx) _____

Additional Information for 1-8 (4 & 5) - Moving /Fixed Vendors □

1-8.1 Since when staying in Town? Year

1-8.2 Does he stay continuously in one place? Yes [☐] No [☐]

If "Yes", stable period at a location

.....

.....

If "No", what are the other places?

.....

.....

1-8.3 All through the Year deals with same goods/services? Yes [☐] No [☐]

If "No", what other goods/services s/he deals? When?

.....

1-8.4 All through the day/ week/ month/ year, parks the mobile stall at the same place?

Yes [☐] No [☐]

If "No", what are the other places from which s/he vends the goods/services?

1-8.5 Is the mobile stall own or on rent? Own[☐] On Rent[☐]

1-8.6 How much rent per day/per month is paid?

1-8.7 For parking the mobile stall, is any parking fee paid? Yes[☐] No[☐]

If "Yes", to whom?

1-8.8 How much fee per day/ per month is paid? *

श्रम विभाग

अधिसूचना

जयपुर, जून 7, 2018

संख्या एफ.5(6)न्यू.म./श्रम/2000/पार्ट/11905 :- चूंकि राज्य सरकार द्वारा न्यूनतम मजदूरी अधिनियम, 1948 (केन्द्रीय अधिनियम 11 वर्ष 1948) की धारा 5 की उप-धारा (1) के खण्ड (ख) की प्रमाणानुसार राजस्थान राज-पत्र में निम्नांकित अनुसूचित नियोजनों में कर्मचारी के संबंध में न्यूनतम मजदूरी की दरों को पुनरीक्षण करने के प्रस्ताव अधिसूचना क्रमांक एफ.5(6)न्यू.म./श्रम/2000/पार्ट/1125 दिनांक 16-1-2018 द्वारा राजस्थान राज-पत्र विशेषांक भाग-1(ख) दिनांक 18.1.2018 में प्रकाशित किये गये थे। चूंकि उक्त प्रस्तावों के संबंध में प्राप्त अभ्यावेदनों पर राज्य सरकार द्वारा विचार-विमर्श कर लिया गया है।

अतः अब न्यूनतम मजदूरी अधिनियम, 1948 (केन्द्रीय अधिनियम 11 वर्ष 1948) की धारा 5 की उप-धारा (2) संपादित धारा 3 की उप-धारा(1) खण्ड (क) तथा (ख) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए राजस्थान सरकार की पूर्व अधिसूचना दिनांक 3-7-2017 जो राजस्थान राज-पत्र विशेषांक भाग 1 (ख) दिनांक 6-7-2017 में प्रकाशित हुई थी, का अधिकरण करते हुए राज्य सरकार न्यूनतम वेतन सलाहकार मण्डल से परामर्श करने के पश्चात् राजस्थान राज्य में निम्नांकित अनुसूची "भाग-1 एवं भाग 2" में सम्मिलित अनुसूचित नियोजनों में नियोजित कर्मचारियों के संबंध में निम्नानुसार मजदूरी की न्यूनतम दरें दिनांक 01-01-2018 से पुनरीक्षित करती है:-

अनुसूची " भाग-1"

अनुसूचित नियोजनों के नाम

क्र.सं.	अनुसूचित नियोजनों के नाम
1.	सोप स्टोन फैक्ट्रीज
2.	कॉटन जिनिंग तथा प्रेसिंग फैक्ट्रीज
3.	ऑटोमोबाइल वर्कशॉप्स
4.	कॉटन-ड्राईंग, प्रिन्टिंग तथा वाशिंग फैक्ट्रीज
5.	स्माल स्केल इण्डस्ट्रीज.
6.	गोटा किनारी एवं लष्पा संस्थानों में नियोजन
7.	चूल्हन स्विनिंग एवं वीथिंग फैक्ट्रीज
8.	पावरलूम फैक्ट्रीज
9.	प्रिंटिंग प्रेस
10.	सिनेमा इण्डस्ट्रीज
11.	तेल मिल (ऑयल मिल)
12.	इंजीनियरिंग इण्डस्ट्रीज
13.	वूल क्लिनिंग एवं प्रेसिंग फैक्ट्रीज
14.	हैण्डलूम उद्योग
15.	मैकेनिकल शक्ति के बगैर चलने वाले शुगरपान के नियोजन
16.	दुकान एवं वाणिज्यिक संस्थान
17.	कॉटन वेस्ट स्विनिंग फैक्ट्रीज
18.	किसी स्थानीय प्राधिकारी के अधीन नियोजन
19.	सार्वजनिक मोटर परिवहन में नियोजन
20.	अन्नक कर्मान्त में नियोजन (अन्नक खानों के अतिरिक्त)
21.	किसी चावल मिल, आटा मिल या दाल मिल में नियोजन
22.	सड़को के सन्निर्माण या अनुसंधान या निर्माण संकेयाओं में नियोजन
23.	सरकारी कार्यालयों में कॉटेजन्सी एण्ड वर्क्स (आकस्मिक जिसमें निगम तथा मण्डलों में नियुक्त श्रमिक/कामगार भी शामिल हैं)
24.	विद्युत उत्पादन, वितरण तथा पूर्ति से संबंधित नियोजन
25.	जन स्वास्थ्य अभियांत्रिकी विभाग में नियोजित श्रमिक/कामगार
26.	सिंचाई विभाग में नियोजित श्रमिक/कामगार
27.	सार्वजनिक निर्माण विभाग में नियोजित श्रमिक/कामगार
28.	जट पट्टी उद्योग

29.	होटल एवं रेस्टोरेंट
30.	निजी शैक्षणिक संस्थानों में नियोजन
31.	निजी चिकित्सालयों एवं नर्सिंग होम्स (जो सरकार या स्थानीय निकायों द्वारा संचालित न हों) में नियोजन।
32.	केबल ऑपरेटिंग एवं संबंधित सेवा में नियोजन
33.	सीमेंट प्रोसेसिंग प्रोडक्ट्स उद्योग में नियोजन
34.	कोल्ड ड्रिक्स, सोडा एवं अलाइड प्रोडक्ट्स की मैन्यूफैक्चरिंग में नियोजन
35.	कोल्ड स्टोरेज में नियोजन
36.	कम्प्यूटर हार्डवेयर उद्योग एवं सेवाओं में नियोजन
37.	फैक्ट्री अधिनियम में पंजीकृत सभी कारखानों जो अन्य किसी अनुसूचित नियोजन में सम्मिलित नहीं हैं, में नियोजन
38.	गैर सरकारी संगठन (एन.जी.ओ.) एवं संस्थाओं में नियोजन
39.	खादी, हैंडलूम प्रोडक्ट्स एवं विलेज इण्डस्ट्रीज में नियोजन
40.	एल.पी.जी. वितरण एवं संबंधित सेवाओं में नियोजन
41.	मार्केटिंग एवं कन्जुमर्स को-ऑपरेटिव सोसायटीज में नियोजन
42.	मेटल फाउण्ड्री एवं जनरल इंजीनियरिंग उद्योग में नियोजन
43.	पैस्टीसाइड सहित कैमिकल्स एवं फार्मास्यूटिकल्स उद्योग में नियोजन
44.	पेट्रोल पम्प एवं संबंधित सेवाओं में नियोजन
45.	एस.टी.डी., आई.एस.डी., पी.सी.ओ. एवं संबंधित सेवाओं में नियोजन
46.	स्वीपर एवं सैनेटरी सेवा जो अन्य नियोजनों में सम्मिलित नहीं हैं
47.	टैलरिंग कार्य तथा गारमेंट्स उद्योग में नियोजन
48.	टेक्साइल, ऑटो रिक्शा एवं ट्रेनिंग एजेंसीज में नियोजन
49.	टेक्स्टाइल्स उद्योग (सभी प्रकार के) में नियोजन
50.	टाइल्स निर्माण एवं पोटरीज उद्योग में नियोजन
51.	बुड बक्स एवं फनीयर निर्माण उद्योग में नियोजन

अनुसूची "भाग-II"

क्र.सं.	अनुसूचित नियोजन का नाम
52	(कृषि में नियोजन) - किसी भी रूप में कृषि कर्म में नियोजन, जिनके अन्तर्गत धरती को जोतना और बोना, दुग्ध उद्योग, किसी कृषि संबंधी या उद्यान कृषि संबंधी वस्तु का उत्पादन, उसकी खेती, उसे उगाना और काटना, पशुधन पालन, मधुमक्खी या कुक्कुट पालन और किसी कृषि द्वारा या किसी कृषि क्षेत्र पर या कृषक कर्म की अनुषांगिक रूप या उनके साथ-साथ की गई क्रियाएँ (जिनके अन्तर्गत वन संबंधी या काष्ठीकरण संबंधी क्रियाएँ, और कृषि उपज मण्डी के लिए तैयार करने और भण्डार में या मण्डी को या मण्डी तक परिवहनार्थ वाहन का परिदान करना आता है/आती है)

पुनरीक्षित न्यूनतम मजदूरी की दरें
