EXECUTIVE SUMMARY

1. **Sub-project Scope.** Rajasthan Urban Sector Development Program (RUSDP) will complement the past and ongoing efforts of the government of Rajasthan (GOR) to improve water supply and waste water services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan, to invest in water distribution network and sewerage systems in the six project cities in the state¹.

2. Sri Ganganagar is headquarter of Sri Ganganagar District, and is situated in the northern most part of Rajasthan State, close to international border with Pakistan. It is located at about 470 km north of State Capital, Jaipur and 425 km northwest of the National Capital, Delhi. Sri Ganganagar is one of the six project towns selected for implementation of the ADB funded Rajasthan Urban Sector Development Program (RUSDP).

3. Water supply at present in Sri Ganganagar is intermittent, unreliable and suffers with huge losses and quality issues. There is no sewerage system in the town. Currently, sewerage project is under implementation by Sri Ganganagar Urban Improvement Trust (UIT) with technical support of the RUIDP. Due to lack of sewerage system, most of the households depend on septic tanks for disposal of sewage. Effluent from septic tanks and sullage is let off into open drains which ultimately discharge into streams and ponds. This subproject is formulated to address gaps in water and sewerage infrastructure in a holistic and integrated manner. The main objective of the RUSDP is to improve water efficiency, security, and provide safe sewage collection, and with the on-going investments in sewage treatment, this will have an important effect on public health and environment.

4. The sub-projects includes: **Water Supply:** (i) Construction of one WTP (20 MLD); (ii) Construction of Raw Water Reservoir (372 ML capacity) at Nathawali (iii) Provision of Raw Water Storage at abandoned canal at Sadhuwali (309 ML capacity) (iv) Construction of five nos of pump houses (v) Construction of 4 nos. of Clear Water Reservoirs (vi) Clear Water pipe lines-36 KM (vii) Distribution pipe lines- 419 KM (viii) provision of bulk water meters (ix) provision of house service connections with consumer meters. **Sewerage:** (i) laying new sewage collection networks (410 KM out of which 47.5 KM by trenchless method); (ii) construction of one SPS of 5.22MLD capacity; and (iii) provision of sewer connections to houses. Project scope also includes O&M of the created assets for 10 years.

5. This Resettlement Plan (RP) document is prepared for proposed Water Supply and Sewerage Subprojects in Sri Ganganagar and is in line with the Resettlement Framework (RF) prepared for the implementation of social safeguards under RUSDP.

6. Summary of Resettlement Impact Consistent with the subproject selection criteria, rehabilitation is prioritized over new construction to avoid / minimize involuntary resettlement impacts. Construction of 1 nos of new Water treatment plant (WTP), Provision of Raw Water Storage at abandoned canal at Sadhuwali (309 ML capacity), Construction of Raw Water Reservoir (372 ML capacity) at Nathawali, Construction of five nos of pump houses,

¹ The six project cities are Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, and Pali.

Construction of 4 nos. of Clear Water Reservoirs, and construction of one SPS of 5.22MLD capacity; will be undertaken in existing PHED Campus and government land. No new land acquisition is required. Details are in below table 1.

7. The main resettlement impacts will be due to laying of water supply and sewerage pipe networks. Pipes will be laid within road rights-of-way (RoW), and will not require land acquisition or cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income during construction. It has been confirmed through transect walks and SIA (followed by 100% Socio-Economic Survey) that laying of pipeline may cause temporary loss of access/disruption to livelihood during civil works to 983 vendors/traders located at both sides of road. These are majorly non-titled movable /transitory structure (push carts etc.)² owners. As per information from design engineers, maximum number of days the vendors will experience loss of access/disruption of livelihood is 14 days which can be further minimized by scheduling civil works at night time or non-market day and laying of pipeline in phases. Temporarily affected persons (APs) will be assisted in moving to the other side of the road and returning their structures after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents.

8. To further minimize construction impacts, work will be executed during the early hours of the day in order to avoid inconveniences to the public as well as traders and vendors. All safety norms would strictly be adhered to depending on the magnitude of work and the sensitivity of the location. The Project Implementation Unit (PIU) will also ensure that all the necessary rules related to safety and security of the public and residents are followed by the contractor. The actual dates of construction schedule with respect to rush hour, festival time, and special business days have been discussed with vendors, squatters, market committee members, and residents, and intimated to the contractor for planning construction activities. After laying of pipes the lane/road will be restored to its original condition (including bitumen, cement concrete (CC) and CC interlocking tiles as applicable). Orientation program with Project Contractor and PIU was held on 02.02.2017 and safeguard issues were deliberated in detail. (See Annexure 9).

9. It is pertinent to inform that this project is Design Build and Operation (DBO) contract and even though the DPRs are being prepared by consultants (PMDSC), the final design/alignment/confirmation has to be provided/ prepared by Contractor. Taking a note of above SIA and census and socio economic survey (100%) of the entire town was conducted and now even if some minor changes are made by the contractor in final DPR there will be no change in categorization of RP as these minor changes (in case the impacts are further minimized by scheduling civil works at night time or non-market day and laying of pipeline in phases etc.) may at it maximum result in reduction of DPs. Letter has been issued to Contractor through Employers Representative (ER), on dated 21.04.2017 for freezing of alignment of DP Areas. (**See annexure 3**)

10. **Categorization.** This subproject has been categorized as “B”³ for Involuntary Resettlement (IR) impact as per the ADB’s Safeguard Policy Statement (SPS), 2009. This

² Resettlement impacts based on the detailed survey

³ A proposed project is classified as category B if it includes involuntary resettlement impacts that are not deemed significant.

resettlement plan (RP) is developed as per Detail Project Report (DPR)⁴ and as per agreed Resettlement Framework (RF).

11. **Public Consultations and Disclosure:** Consultations were carried out during RP preparation and will continue throughout the subproject cycle. The social safeguard team carried out preliminary consultations, through focus group discussions (FGDs) and meetings with the affected persons (APs) as well as the general public. FGDs were conducted with the APs where in policy related issues, i.e., displacements and other issues like compensation and assistance, input to alternative design were discussed. During consultation meetings, participants were of the view that this subproject is important and very much needed. All participants are pleased and committed to support the implementation of the project. There was no opposition for this subproject.

12. RPs will be made available near affected area, and PIU and PMU offices. The sub-project RPs will be disclosed in ADB's website and the PMU websites. Leaflet prepared in local language (Hindi) has been distributed to the Affected Persons in the month of March-April (2017) for understanding the sub-projects scope, R & R provision and GRC system under this project (**see annexure 5&6**). Cut-off-date for temporary impacts has been communicated to APs through survey agency and disclosed in the project affected area on dated 09.03.2017 (**see annexure 7&8**).

13. **Policy Framework and Entitlements.** The policy framework and entitlements for the program are based on national laws: the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013⁵, (ii) National Rehabilitation and Resettlement Policy, (NRRP) 2007 (iii) ADB SPS, 2009; and agreed RF.

14. **Compensation and Income Restoration:** The implementing agency (PIU) will provide compensation in accordance with the entitlement matrix of the updated RF. As a policy, all affected persons will be provided 30 days advance notice to ensure minimal disruption of livelihood. Compensation will be completed prior to start of civil works. If required, they will also be assisted to temporarily shift for continued economic activity. For example they will be assisted to shift to the other side of the road where there is no construction. Letter has been issued to Contractor through ER, on 21.04.2017 for freezing of alignment and for shifting requirement of the project as ensuring there is no income or access loss during sub-project construction is the responsibility of contractors.

15. **Grievance Redress Mechanism.** Grievances of DPs/APs will first be brought to the attention of the Contractor, Social Development Expert of CAPC, Implementing officer, PMDSC (Safeguard Staff of PMDSC) and PIU. They can immediately resolve issues on-site in consultation with each other, and will be required to do so within 3 days of receipt of a complaint/grievance. All grievances that cannot be redressed within 3 days at field/ ward level will be brought to the notice of Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within 7 days of receipt of compliance / grievance in discussion with the PIU, CAPC/ Safeguard Staff and the Contractor. All the grievances that are not addressed by PMU within 7 days of receipt will be brought to the notice of the Grievance Redressal Committee (GRC). The City Level Committee (CLC), which will be established in every project town, will

⁴ SIP (by contractor) is under preparation which includes finalization of Designs/ coverage area/alignment. This RP may be revised accordingly.

⁵ The Act has received the assent of the President on the 26 September 2013.

act as GRC. The GRC will resolve the grievance within 15 days of receiving the complaint. An aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. The PIU will keep records of all grievances received including: contact details of complainant, date of the complaint received, nature of grievance, agreed corrective actions and the date these were effected, and final outcome. All costs involved in resolving the complaints will be borne by the PMU. The GRCs will continue to function throughout the project duration.

16. Institutional Arrangements: The Local Self Government Department (LSGD), Government of Rajasthan (GoR) will be the Executing Agency (EA) of the Project and will be responsible for overall strategic approvals, guidance, monitoring the execution of the project. The current Project Management Unit of RUIDP, under the LSGD, will be the Implementing Agency (IA) for the project. IA will execute and monitor the RUSDP implementation. Six Project Implementation Units (PIUs), one each of in six project towns, have been setup for implementation. PMU is providing support to PIUs in implementation, management and monitoring of the project. PMU and PIUs are assisted by Programme Management, Design and Supervision Consultants (PMDSC). At state-level an inter-ministerial Empowered Committee (EC) have been established to provide overall policy direction and City Level Committees (CLCs) has established in each town to oversee the implementation at town level. The PMU are assisted by a PMDSC social safeguards specialist (PMDSC SSS). The SSS will (i) update the existing resettlement plans based on the detailed design; (ii) assist in the monitoring and supervision of ongoing subprojects and RP and IPP implementation; (iii) prepare resettlement plan and/or IPPs for new subprojects, where required to comply with national law and/or ADB procedure; (iv) ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with resettlement framework; (v) review and finalize all reports in consultation with the PMU SPO (RP updating and preparation, preparation of semi-annual social safeguard monitoring report for PMU submission to ADB, and support GRM implementation); (vi) provide project management support. In addition, SSS will assist the PMU in procurement needs and other project implementation aspects, and shall play a central role in ensuring capacity building on resettlement management of the PMU, Contractor, and line departments through capacity development support, training and orientations. In addition to this, at town level, Safeguard Implementation Officer is appointed (as per recent variation in PMDSC Contract on recommendation of ADB) to support Contractor's outreach team in RP implementation.

17. RP Implementation and Monitoring: All compensation is to be paid prior to start of civil works. RP implementation will be closely monitored by PIU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. The PIU, with assistance from Safeguard Implementation Officer PMDSC, will prepare monthly and quarterly progress report in terms of physical and financial indicators. In addition, the monitoring process will also look into: the communication and reactions of affected persons; use of grievance procedures; information dissemination to affected persons on benefits; and options and implementation time table, livelihood and living standard of affected persons in pre and post-project situations. Report prepared by PIU will be compiled by PMDSC SSS and the PMU on a semi-annual basis for its due submissions to ADB.

18. Resettlement Budget: The resettlement cost estimate for the Sri Ganganagar Water and Sewerage subproject includes resettlement assistance, as outlined in the entitlement matrix, and contingency provision amounting to be 5% of the total cost. Funds for resettlement will be released in a timely manner. The total resettlement cost for the subproject is INR

7569931. The resettlement cost items and estimates are outlined in Table 9. The town Safeguard Implementation Staff will be involved in facilitating the disbursement process, and will facilitate opening bank accounts for the affected persons who do not have bank accounts. PIU will be issuing sanction order to payment of DPs /APs and making ECS/NEFT transaction from bank through concerned Treasury (State Share). Payment of the compensation will be ensured before the start of civil works.

RESETTLEMENT PLAN

A. Sub-project Description

1. Rajasthan Urban Sector Development Program (RUSDP), building on the previous two ADB funded projects: RUIDP and RUSDIP (also referred as RUIDP I and II respectively), will support the Government of India (GOI) and the Government of Rajasthan (GoR) in their policy of balanced regional socio-economic development and poverty reduction through improvements in urban governance, management, and infrastructure and service provision in six selected cities⁶ in Rajasthan. The selected cities are particularly district headquarters with more than 100,000 population and the ones which were not benefitted under the previous two ADB funded urban sector projects. With a main focus on improvement of water supply and sewerage services, proposed RUSDP will be implemented over a 6-year period beginning in 2014 through ADB's Sector Development loan (SDP).

2. Water supply at present in Sri Ganganagar is intermittent, unreliable and suffers with huge losses and quality issues. There is no sewerage system in the town. Currently, sewerage project is under implementation by Sri Ganganagar Urban Improvement Trust (UIT) with technical support of the RUIDP. Due to lack of sewerage system, most of the households depend on septic tanks for disposal of sewage. Effluent from septic tanks and sullage is let off into open drains which ultimately discharge into streams and ponds.

3. The sub-projects includes: The sub-projects includes: **Water Supply:** (i) Construction of one WTP (20 MLD); (ii) Construction of Raw Water Reservoir (372 ML capacity) at Nathawali (iii) Provision of Raw Water Storage at abandoned canal at Sadhuwali (309 ML capacity) (iv) Construction of five nos of pump houses (v) Construction of 4 nos. of Clear Water Reservoirs (vi) Clear Water pipe lines-36 KM (vii) Distribution pipe lines- 419 KM (viii) provision of bulk water meters (ix) provision of house service connections with consumer meters. **Sewerage:** (i) laying new sewage collection networks (410 KM out of which 47.5 KM by trenchless method); (ii) construction of one SPS of 5.22MLD capacity; and (iii) provision of sewer connections to houses. Project scope also includes O&M of the created assets for 10 years.

4. This Resettlement Plan (RP) document is prepared for proposed Water Supply and Sewerage Subprojects in Sri Ganganagar and is in line with the Resettlement Framework (RF) prepared for the implementation of social safeguards under RUSDP.

5. Categorization. This subproject has been categorized as "B" for Involuntary Resettlement (IR) impact as per the ADB's Safeguard Policy Statement (SPS), 2009. This resettlement plan (RP) is based on Detail Project Report (DPR)⁷ and as per agreed Resettlement Framework (RF).

⁶ The selected cities include: Pali, Tonk, Sri Ganganagar, Jhunjhunu, Bhilwara, and Hanumangarh

⁷ Initial design prepared by Project Management and Design Supervision consultant, however, final design/alignment confirmation will be provided/ prepared by Contractor..

Figure 1: Proposed Distribution Network Improvement

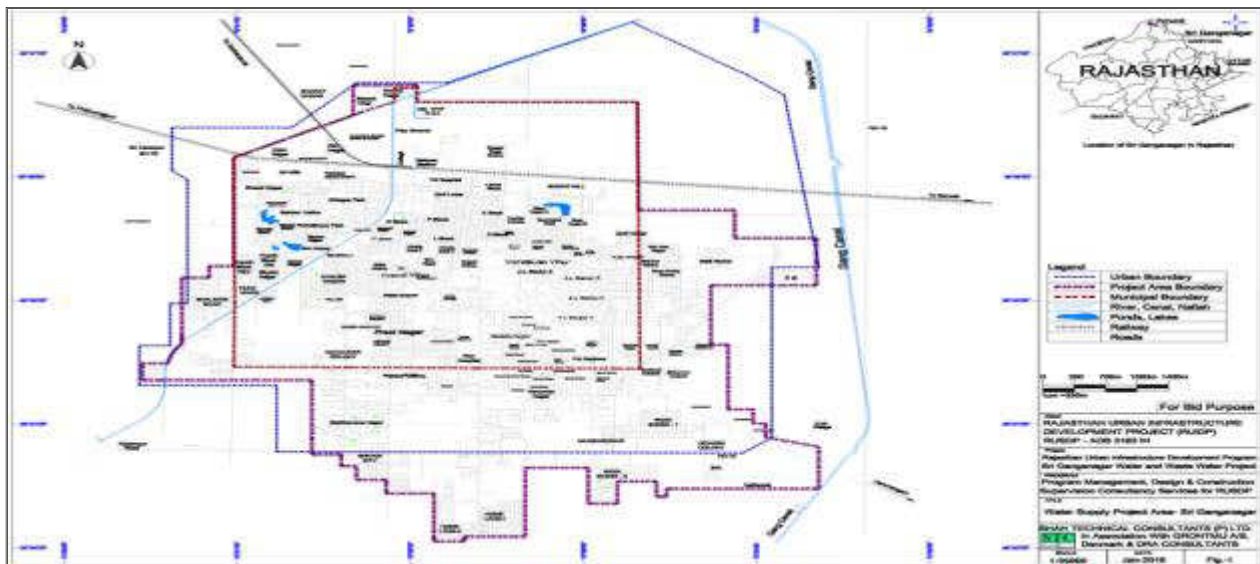

Figure 2: Proposed Sewer Network Coverage

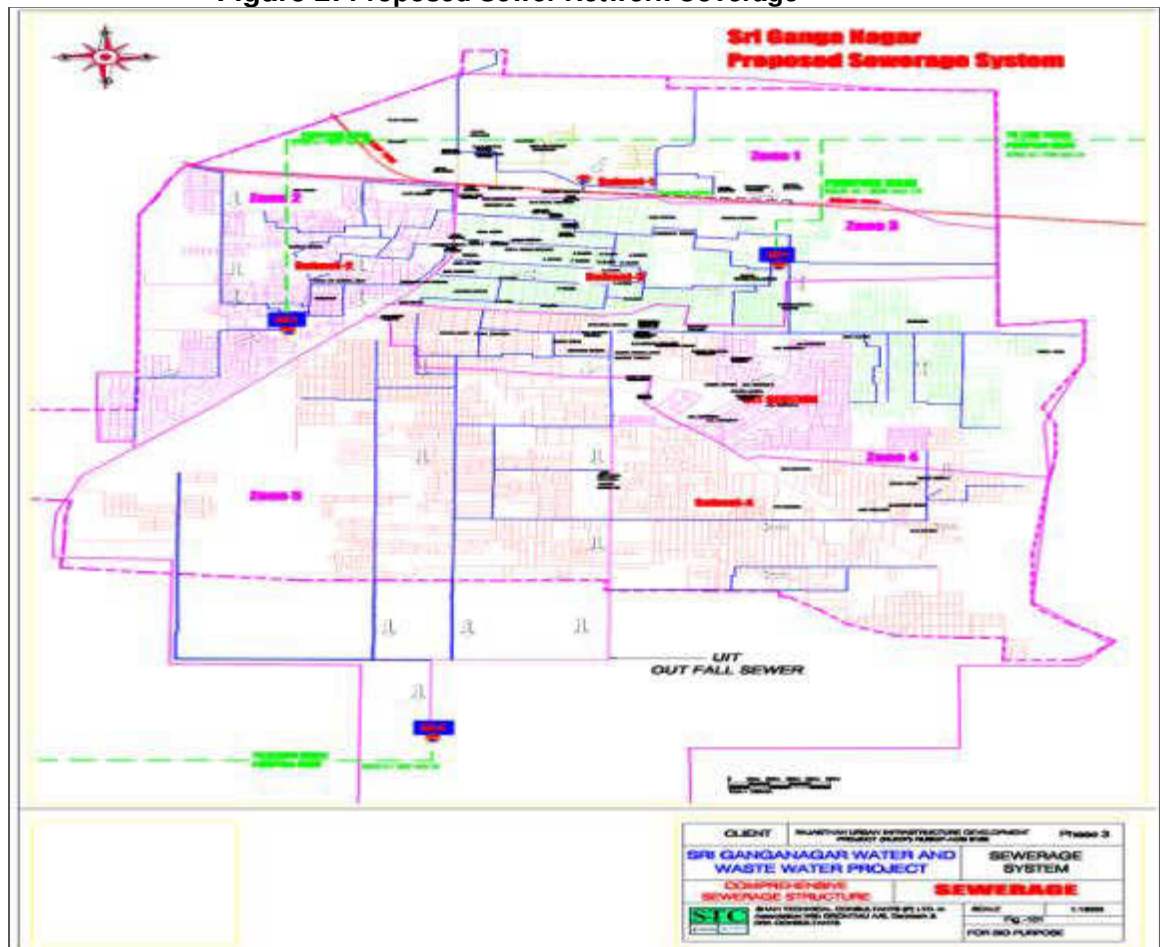

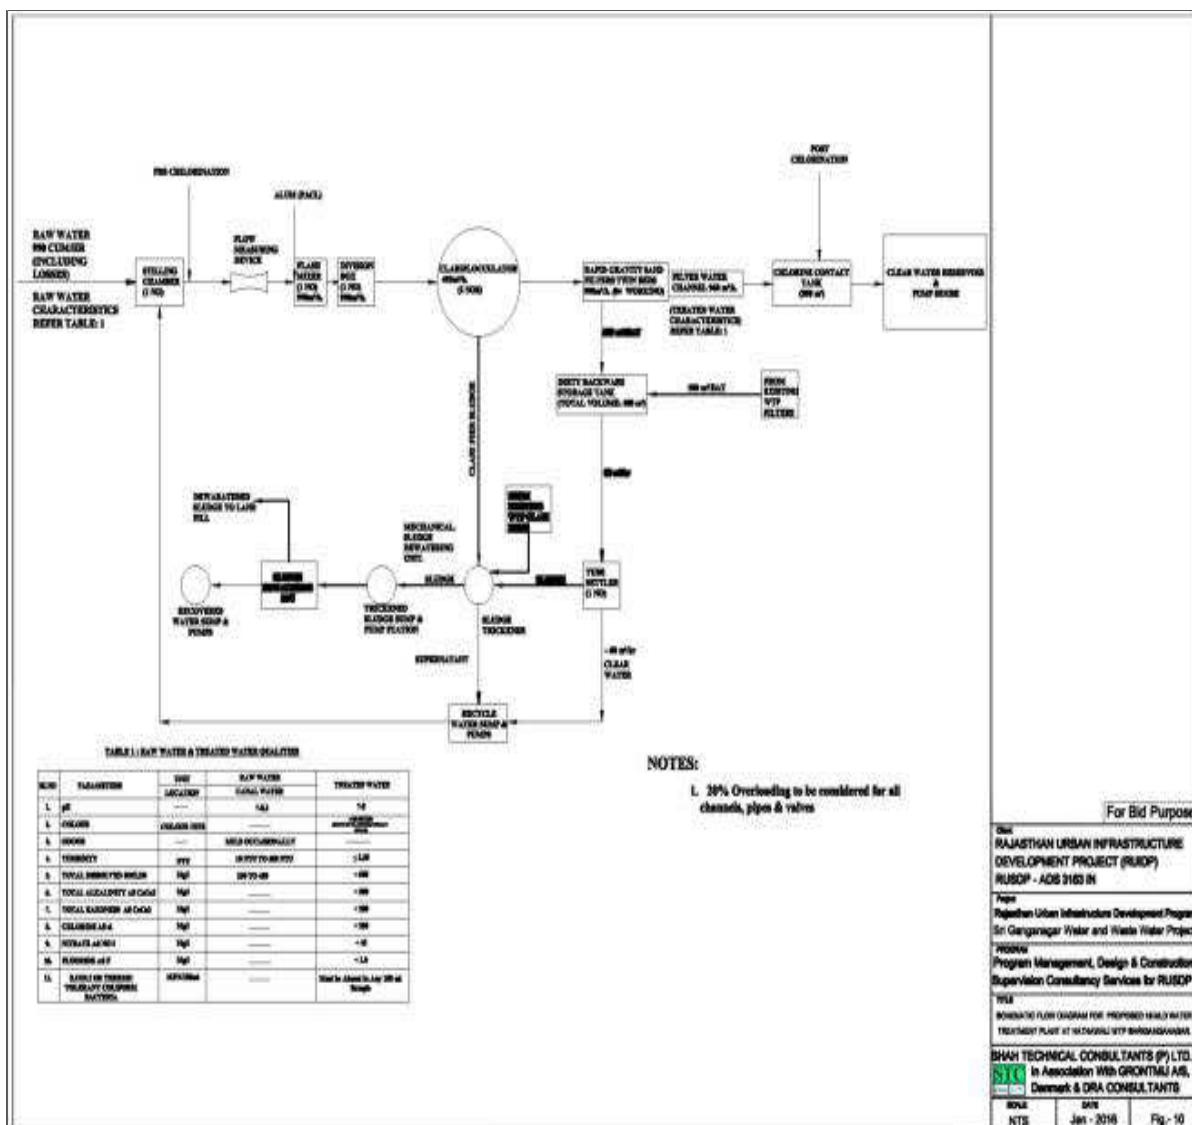

Figure 3: Proposed Schematic of WTP 20 MLD

B. Scope of Land Acquisition and Resettlement

6. Consistent with the subproject selection criteria, rehabilitation is prioritized over new construction to avoid /minimize involuntary resettlement impacts. Construction of 1 nos of new Water treatment plant (WTP), Provision of Raw Water Storage at abandoned canal at Sadhuwali (309 ML capacity), Construction of Raw Water Reservoir (372 ML capacity) at Nathawali, Construction of five nos of pump houses, Construction of 4 nos. of Clear Water Reservoirs, and construction of one SPS of 5.22MLD capacity; will be undertaken in existing PHED Campus and government land. No new land acquisition is required. **(Details are in Table 1)**

Table 1: Land allotment Sriganganagar

S. No.	Work Detail	Location	Land Requirement	Land related to whom
1	Raw Water Storage Capacity 372 ML	Existing PHED Head Works, Nathawali	Approx. 265 m X 210 m	Vacant land available in the premises of PHED Campus.
2	Raw Water Storage (at Abandoned Canal) Capacity- 309 ML	Near Existing Canal	Approx. 3.5 km X 40 m	PHED SGNR
3	Water Treatment Plant, Capacity - 20 MLD	Existing PHED Head Works, Nathawali	Approx. 120 m X 80 m	Vacant land available in the premises of PHED Campus.
4	CWRs at Head Works capacity - 2100 KL	Existing Nathawali Water Works of PHED	Approx. 30 m X 30 m	Vacant land available in the premises of PHED Campus.
5	Clear Water Reservoirs Capacity- 1600 KL	Sugar Mill Complex	Approx. 28 m X 28 m	Rajasthan State Sugar Mill.
6	Clear Water Reservoirs Capacity- 500 KL	04 E Village	Approx. 20 m X 20 m	Vacant land available in the premises of PHED Campus.
7	Clear Water Reservoirs Capacity- 1500 KL	Sadhbhawana Nagar	Approx. 25 m X 25 m	Vacant land available in the premises of PHED Campus.
8	Direct Pumping Station	Proposed Sugar Mill Complex	Approx. 30 m X 50 m	Rajasthan State Sugar Mill
9	Direct Pumping Station(in PHED scope)	Proposed 04 E Village	Approx. 20 m X 20 m	Vacant land available in the premises of PHED Campus.
10	Direct Pumping Station	Proposed Sadhbhawana Nagar	Approx. 20 m X 15 m	Vacant land available in the premises of PHED Campus.
11	Direct Pumping Station	Existing PHED Head Works, Nathawali	Approx. 30m X 15 m	Vacant land available in the premises of PHED Campus.
12	Raw water Pumping Station(for supply to old headworks)	Sadhuwali	Approx. 20 m X 15 m	PHED SGNR
13	Sewerage Pumping Station Capacity- 5.22 MLD	Zone-I Area	Approx. 30 m X 50 m	RRVPNL(Rajasthan Electricity Dept).

7. To estimate the temporary impacts, transect walks were undertaken in roads/ pipeline alignments to confirm that there are no impacts on private/ public land, private properties like housing, shops, commercial buildings, and community infrastructure. It is ascertained that the main resettlement impacts will be due to laying of water supply and sewerage pipe networks. Pipes will be laid within road rights-of-way (RoW), and will not require land acquisition or

cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income during construction. It has been confirmed through SIA followed by 100% Socio-Economic Survey that laying of pipeline may cause temporary loss of access/disruption to livelihood to 983 vendors/traders located at both sides of road (Ref **annexure 1**) during civil works. These are majorly non-titled movable /transitory structures (push carts etc.) owners (**Details are in Table 2 & 3**). As per information from design engineers, maximum number of days the traders/vendors my experience loss of access/disruption of livelihood is 14 days which can be further minimized by scheduling civil works at night time or non-market day and laying of pipeline in phases. Temporarily affected person (APs) will be assisted in moving to the other side of the road (if required) and returning their structures after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents and ensuring that there is no income or access will be the responsibility of contractors in this case.

Table 2: Summary of Resettlement Impacts and Socio-Economic Details

Impact	Quantity
1. Loss of land	
Permanent land acquisition	0
Temporary land acquisition	0
2. Loss of structures	
Residential	0
Commercial	0
3. Loss of livelihood	
Permanent	0
4. Temporary	
Temporary loss of land	0
Temporary loss of access/disruption to livelihood	983 (These are majorly non-titled movable /transitory structures (push carts etc.))
5. Vulnerability

Aaachar	5	Others (Rajka etc)	29

8. During transect walk, it was also observed that there are many narrow / congested street in the areas where pipeline is proposed. Meeting and discussion was made with project contractor and decision was taken that either trenchless work or night works will be taken up in these narrow / congested streets with all safety provision. Extensive consultations were made with the Residents and Shop Owners and they were informed about the up-coming works. They have given their consent for the works and are also ready for bearing temporary inconvenience during works (**See Annexure 11**). Consultation will continue with the Residents and Shop Owners throughout project implementation.

9. To further minimize construction impacts, work will be executed during the early hours of the day in order to avoid inconveniences to the public as well as traders and vendors. All safety norms would strictly be adhered to depending on the magnitude of work and the sensitivity of the location. The Project Implementation Unit (PIU) will also ensure that all the necessary rules related to safety and security of the public and residents are followed by the contractor. The actual dates of construction schedule with respect to rush hour, festival time, and special business days have been discussed with vendors, squatters, market committee members, and residents, and intimated to the contractor for planning construction activities

accordingly. After laying of pipes the lane/road will be restored to its original condition (including bitumen, cement concrete (CC) and CC interlocking tiles as applicable). Summary of Sub-project components and possible IR impact are shown in **table 4**.

Table 4: Subproject Components and its Impact on Land Acquisition and Resettlement

S N	Name of the Components	Permanent Impact on Land Acquisition and Resettlement	Temporary Impact	Remarks
1	Raw Water Storage Capacity 372 ML	NO	NO	Vacant land available in the premises of PHED Campus.
2	Raw Water Storage (at Abandoned Canal) Capacity- 309 ML	NO	NO	PHED SGNR
3	Water Treatment Plant, Capacity - 20 MLD	NO	NO	Vacant land available in the premises of PHED Campus.
4	CWRs at Head Works capacity - 2100 KL	NO	NO	Vacant land available in the premises of PHED Campus.
5	Clear Water Reservoirs Capacity- 1600 KL	NO	NO	Rajasthan State Sugar Mill.
6	Clear Water Reservoirs Capacity- 500 KL	NO	NO	Vacant land available in the premises of PHED Campus.
7	Clear Water Reservoirs Capacity- 1500 KL	NO	NO	Vacant land available in the premises of PHED Campus.
8	Direct Pumping Station	NO	NO	Rajasthan State Sugar Mill
9	Direct Pumping Station(in PHED scope)	NO	NO	Vacant land available in the premises of PHED Campus.
10	Direct Pumping Station	NO	NO	Vacant land available in the premises of PHED Campus.
11	Direct Pumping Station	NO	NO	Vacant land available in the premises of PHED Campus.
12	Raw water Pumping Station(for supply to old headworks)	NO	NO	PHED SGNR
13	Sewerage Pumping Station Capacity- 5.22 MLD	NO	NO	RRVPNL(Rajasthan Electricity Dept).
14	Clear Water pipe lines-36 KM, Distribution pipe lines- 419 KM,) laying new sewage collection networks (410 KM	NO	Yes	The pipelines will be buried below in a trench on the edge of the road within the existing right of way (RoW). There are no impacts of pipe laying on permanent/semi-permanent structures. Temporary impacts on movable structures within RoW are envisaged on 983 Aps.

10. It is pertinent to inform that this project is Design Build and Operation (DBO) contract and even though the DPRs are being prepared by consultants (PMDSC), the final design/alignment/confirmation has to be finally provided/ prepared by Contractor. Taking a note of above SIA and census and socio economic survey (100%) of the entire town was conducted and now even if some minor changes are made by the contractor in final DPR there will be no change in categorization of RP as these minor changes (in case the impacts are further minimized by scheduling civil works at night time or non-market day and lying of pipeline in phases etc.) may at it maximum result in reduction of DPs. Letter has been issued to Contractor through ER, on dated 21.04.2017 for freezing of alignment of DP Areas. **(See annexure 3)**

11. **Impact on Common Property Resources:** Extent of impacts on CPRs has also been assessed. As of now, there is no impact envisaged on any CPR however, there are some sensitive receptors in close proximity to the sub-project alignment (**Table 5**). The Contractor has been instructed to take due care during final designing.

Table 5: List of CPRs

S.No	Name of CPR	Location	Remarks
1	Temple (2)	Vinobhabasti Park to Durgamata Mandir	Discussions on ADB policy for sensitive receptors made with the contractor, the design or alignment will be finalized accordingly.

C. Socio-economic Information and Profile

12. The following sections present socio-economic profile of the households likely to be affected by the proposed works. To estimate the temporary impacts initially a series of transect walks were conducted; this was followed by a 100 percent census and a socio-economic survey conducted in the areas, where the works is to be taken up (**Sample format is attached in annexure 12**). The baseline information collected through survey provides the socio-economic conditions of affected households. A wide range of data including, social category, Type of losses, Type of Occupation, sources of income, choice of resettlement etc have been collected by conducting census and socio-economic survey among likely project affected households. (**Summary of Socio-Economic profile is attached in Annexure 1**).

13. The data base provides broad understanding of social and economic conditions of project affected households and the likely impacts that people would experience due to proposed Works. A selected set of socio-economic information is discussed in the following sections to establish the profile of the project affected persons. The data base generated through household socio-economic survey would be used by the monitoring and evaluation consultant for evaluation of the resettlement plan objectives.

14. Respondents were asked to provide monthly income against business. For the purpose of analysis the income groups to which the households belong to are discussed below. The households have been grouped into following categories. They are - households having an income of less than and equal to Rs. 2500/- per month, Rs. 2501 to 6000 per month, Rs. 6001 to 7500 per month, Rs. 7501 to 9000/- per month, Rs. 9001 to 12000/- per month, Rs. 12001/- to 15000/- per month per month and more than Rs. 15000/- per month. Data collected have been complied as above are presented in Annexure 1.

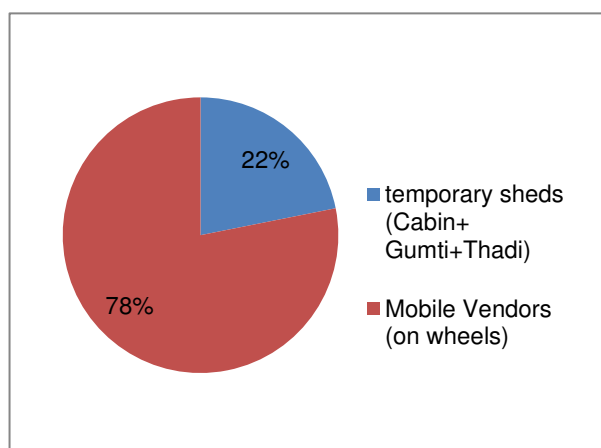

15. **Income:** No households with a monthly income of less than or equal to Rs. 2500/- per month was identified. 1.3 % of the households likely to be affected have income of Rs. 200 per day. 0.4% of the households likely to be affected belong to the income category between Rs. 201-250 per day. 88.3 % of the households likely to be affected belong to the income category between Rs.251-300 per day. 9.4 % of the households likely to be affected belong to the income category between Rs.301- 400 per day. 0.6% of the households likely to be affected belong to the income category between Rs. 400 - 500 per day. The average earning of these people is approximately 309/- per day and the average household income works out to be 9270/- per month.

16. **Cast:** Households likely to be affected as per social category have been presented in Annexure 1. General Caste Comprise 28.4%, Other Backward Castes (OBC) comprises 45.7%, SC comprises 25.8% and ST Comprise 0.1% of the total households likely to be affected. It may be noted that OBC constitutes the majority in the overall social profile in the Sri Gangangar, closely followed by the general castes.

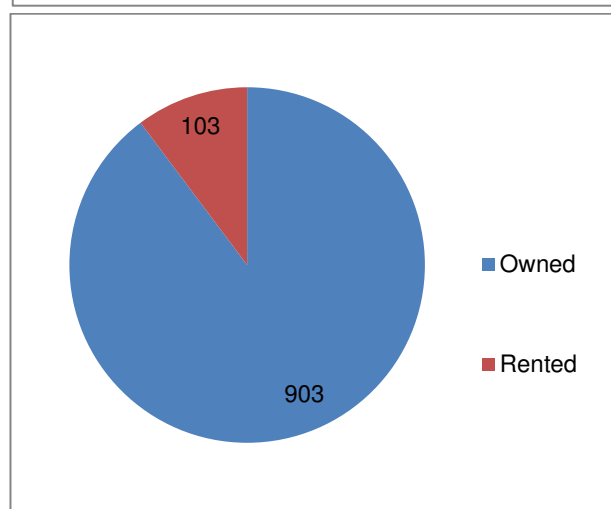

17. Around 78% have movable structures and remaining 22% have constructed temporary sheds (eg. cabin/ kiosk which can easily dismantle).

18. An average cost of their business unit/structure was estimated at Rs.9869 with minimum at Rs. 500 and maximum at Rs. 30000.

19. 85% of Aps (835/983) have their own structure, while 15% (148/983) are paying rent for structures.

20. Out of total 148 DPs, 85.8% of DPs are paying Rs250-500/month as rent, 13.5% are paying Rs. 600-1000/month as Rent and remaining 0.7% are paying Rs. 2500/month as rent for these structures.

21. Working in Towns in Years: 45.9% APs are living/working in town since last 1 to 10 years, 33.8% APs are living/working in town since last 11 to 20 years, 15.1% APs are living in town / working since last 21 to 30 years, while 5.2% APs are living / working in town since last 31 to 50 years.

22. Working hours (Hrs/day) at Single Place: 3.8% APs have indicated that they work at fixed location for 4 to 5 hrs/day, 41.7% APs have indicated that they have work at fixed location for 6 to 8 Hrs/day, 29.3% APs have indicated that they work at fixed location for 9-10hrs/day, 24.1% APs have indicated working at fixed location for 11-12hrs/day, while 1.1% APs have indicated working at fixed location for 13-14hrs/day.

D. Information Disclosure, Consultation and Participation

23. The RP was prepared in consultation with stakeholders. The key stakeholders consulted during various stages of RP preparation include (i) all APs, including vulnerable households;(ii) program beneficiaries (iii) elected representatives, community leaders, and representatives of community- based organizations; (iv) local NGOs; (v) local government and relevant government agency representatives; and (vi) Program staff, PMU, PIU, and consultants. Meetings and individual interviews were held involving stakeholders particularly, potentially temporarily Affected persons; and transect walks, survey and interviews were conducted from Jan-March, 2017 to determine the potential impacts of subproject. The issues like, awareness and extent of the project and development components, benefits of project, traffic disruptions and impacts on livelihood. It was informed to APs surveyed that appropriate measures will be undertaken during construction to minimize impacts. (Including scheduling of activities and reducing construction activities during the rush hour). It was also informed that, if despite mitigation measures, there would be any temporary impacts on livelihood; these would be compensated in accordance with the resettlement plan's entitlement matrix.

Table 6: Consultation with Stakeholders:-

S.No.	Place of consultation	Name of persons consulted	Topics discussed	Outcome of consultations
1.	PHED campus, 4 e village	Khem Chand, Sukhram, pump operators at PHED	Land issues for proposed works	Vacant land in the premises are available for proposed works. Upgradation/renovation of existing system is required.

S.No.	Place of consultation	Name of persons consulted	Topics discussed	Outcome of consultations
2.	4 e Village	Jasminder and Balvinder Kaur	Availability of water	Water supply facilities are not appropriate in the locality. People are ready to cooperate during construction works.
3.	Guru Nanak Basti, Gali no. 1, near Sugar Mill Complex	Bharat Kumar, Basant Kumar, residents and shopkeepers	Awareness about the proposed works, access problem during construction, present situation of water supply and sanitation	People are aware about the proposed works. Water supply and sanitation facilities are not appropriate in the locality. People are ready to cooperate during construction works
4	Sadhuwali Village, near existing canal	Sunil Kumar, Prithwi Raj, Satpal, Gopi Ram, villagers of Sadhuwali village	Awareness about the proposed works, labor availability in the village, water supply and sewerage conditions	People are not aware about the project. Labours are not available in the village in agriculture season. Water supply and sewerage system is not available in the village
5.	STP, Sadbhawana Nagar	Pankaj Chaturvedi, Sadhan Mohanti, D.K. Tiware	Technology of treatment, Result of treatment, disposal of treated effluent	STP is based on SBR technology and is ready for utilization under the project. Disposal will be as per the approval of RPCB
6	Birbal Chowk	Vijay Kumar, Nathuram Ji, Shrawan kumar, Ashok Kumar (Vendors)	Availability of water, working hours in the area, willingness to pay, willingness to shift during execution	People are not aware about the work however, they are willing to pay and ready to cooperate in the project interest.
7.	Shyam Nagar Ward No. 7 (BPL area), Purani Abadi	Sarda Singh Jagmal Singh, Jaswant singh	Status of Water supply and sewerage, occupation of the residents, willingness pay	No sewer, water supply is inconsistent. Community mostly involved in petty labor work. Few people who are skilled in fabrication work are keen to work in this project. Willing to pay for services but at concessional rates.

24. The approved RP documents will be disclosed on ADB and local government's websites and will be available in key local/ state government offices. During the subproject implementation, construction schedules will be informed to all residents (including APs) prior to the commencement of pipe laying through signboards. The sign boards will be in local language and will include at minimum: (i) section to be affected, (ii) start and end dates, (iii) information on traffic rerouting if any, and (iv) Contact information for questions/ grievances.

25. Information dissemination and disclosure is a continuous process since from the beginning of the project. Information dissemination will be carried out through printed leaflets/ information booklets prepared in local language. The disclosure leaflets have already been circulated to the DPs and stakeholders (Hindi script) in the month of Feb -March, 2017 (**See Annexure 5&6**). During implementation phase, project information leaflets will be circulated not only to APs but also to people (residents, businessmen and others) within the immediate project influence area in advance so that people could be aware about the project works and its benefit and also R&R provision under these project.

26. The leaflet/ information booklet contained the following:

- Description of the project and its objectives;
- Summary of impacts (including land acquisition, and impacts on common property resources, etc);
- Resettlement & Rehabilitation provisions of the project and specific benefits available to vulnerable APs;
- Ways and means of involving local communities;
- Grievance redresses mechanisms, suggestion and complain handling mechanism, etc.

Table 7: Consultation and Disclosure Activities

Program Phase	Activities	Details	Responsible Agency
Investment Program Initiation/ Bridging Phase	Mapping of the program areas	Area to be mapped, clearly showing survey numbers of titleholders of land/property proposed for acquisition.	PMU in coordination with DC's offices and other local bodies.
	Stakeholder identification	Cross section of stakeholders to be identified in order to facilitate their participation in the Program.	PMU and PIUs in consultation with stakeholders.
	Program/sub-project information dissemination; Disclosure of proposed land acquisition	Leaflets containing information on the Program and sub-project to be prepared. Public notice issued in local newspapers (and disclosed on PMU/PIU websites) including survey numbers and names of titleholders for land to be acquired concurrent with consultation with titleholders.	PMU SPO and PIU ASO. Notice will be issued from the DC's office. PMU SPO and PIU ASO to disclose on the web.
	Stakeholder consultations	Further consultations with affected titleholders and households.	PMDSC SSS and CAPC/Safeguard implementing Staff.

Program Phase	Activities	Details	Responsible Agency
		Consultations with non-titled APs and other stakeholders during subproject scoping.	
RP Preparation Phase	Disclosure of cut-off date	For permanent land acquisition as per the LARR, 2013 while for temporary impacts by PIU.	PIU with support from PMDSC SSS and CAPC / Safeguard implementing Staff
	SIA surveys	Surveys to be conducted. Summary RF to be disclosed in local language through printed materials to APs particularly those who are vulnerable and other stakeholders.	PIU through PMDSC SSS to conduct surveys. PMDSC SSS to disclose RF to stakeholders (including making it available in PMU/PIU offices and government agency offices) PMU/PIU to disclose on the web.
	Formulating compensation and resettlement assistance measures	Conducting stakeholder consultations particularly APs in and reflecting issues raised in revised RP.	PMDSC SSS and CAPC/ Safeguard implementing Staff.
	Disclosure of final entitlements and rehabilitation packages	Provision of RPs to all stakeholders particularly APs. Conducting consultations and distributing local language versions of the summary RP.	PMU/PIU to disclose on the web. SSS of PMDSC and CAPC/Safeguard implementing Staff to conduct consultations.
RP Implementation Stage	Disclosure of RP	Review and approval of RP by EA. Review and approval of RP by ADB. Web disclosure of the RP.	PMU to provide ADB with RP for review and approval. PMU SPO to disclose on the web.
	Consultation with APs during RP implementation	Consultations with APs.	CAPC/ Safeguard implementing Staff with monitoring from PIU/PMU.

27. For the temporary impacts the last date of socio-economic surveys was considered as cut-off date. Cut-off-date for temporary impacts was communicated to APs through Survey Agency and Safeguard Staff of PMDSC on dated 09.03.2017 (**See Annexure 7**) and also by putting up printed information in project affected area at common advertisement place. Similarly, list of APs was published at common places with contact details of PIU officials. The list was put up area wise and at a time for the entire city. The objective of the cut-off-date was to avoid APs moving into other areas and to identify any duplication of APs.

28. Approved RP will also be disclosed in ADB's website, PMU websites, and PIU or city websites; and information dissemination, through subproject specific leaflets and public announcements, and consultation will continue throughout program implementation.

E. Grievance Redress Mechanism

29. The RP will follow the three-tier project-specific grievance redress mechanism (GRM) furnished in the RF. The GRM established will receive, evaluate, and facilitate the resolution of AP's concerns, complaints, and grievances about the social and environmental performance at the level of the Project. The GRM will aim to provide a time-bound and transparent mechanism to voice and resolve social and environmental concerns linked to the Project.

30. In case of grievances that are immediate and urgent in the perception of the complainant, the contractor, and supervision personnel from PIU the PMDSC on-site will provide the most easily accessible or first level of contact for quick resolution of grievances. Contact phone numbers and names of the concerned PIU Assistant Safeguards Officer, contractors, will be posted at all construction sites at visible locations.

- (i) **1st level grievance.** The contractors, PIU supervision personnel, PIU Assistant Safeguards Officer and Safeguard implementing Staff/CAPC can immediately resolve issues on-site in consultation with each other, and will be required to do so within 3 days of receipt of a complaint/grievance.
- (ii) **2nd level grievance.** All grievances that cannot be redressed within 3 days at field/ward level will be brought to the notice of Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within 7 days of receipt of compliance/grievance in discussion with the PIU,CAPC/Safeguard Implementation Staff and the Contractor.
- (iii) **3rd level grievance.** All the grievances that are not addressed by PMU within in 7 days of receipt will be brought to the notice of notice of the Grievance Redressal Committee (GRC). The City Level Committee (CLC), which will be established in every project city, will act as GRC⁸. GRC will meet twice a month and determine the merit of each grievance brought to the committee. The PIU ASO will be responsible to see through the process of redressal of each grievance. The GRC will resolve the grievance within 15 days of receiving the complaint.

31. The project GRM notwithstanding, an aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. Alternatively, if the grievance is related to land acquisition, resettlement & rehabilitation⁹, the APs can approach the Land Acquisition, Rehabilitation and Resettlement Authority (LARRA).

32. In the event that the established GRM is not in a position to resolve the issue, the affected person also can use the ADB Accountability Mechanism through directly contacting (in writing) the Complaint Receiving Officer (CRO) at ADB headquarters or the ADB India Resident Mission (INRM). The complaint can be submitted in any of the official languages of

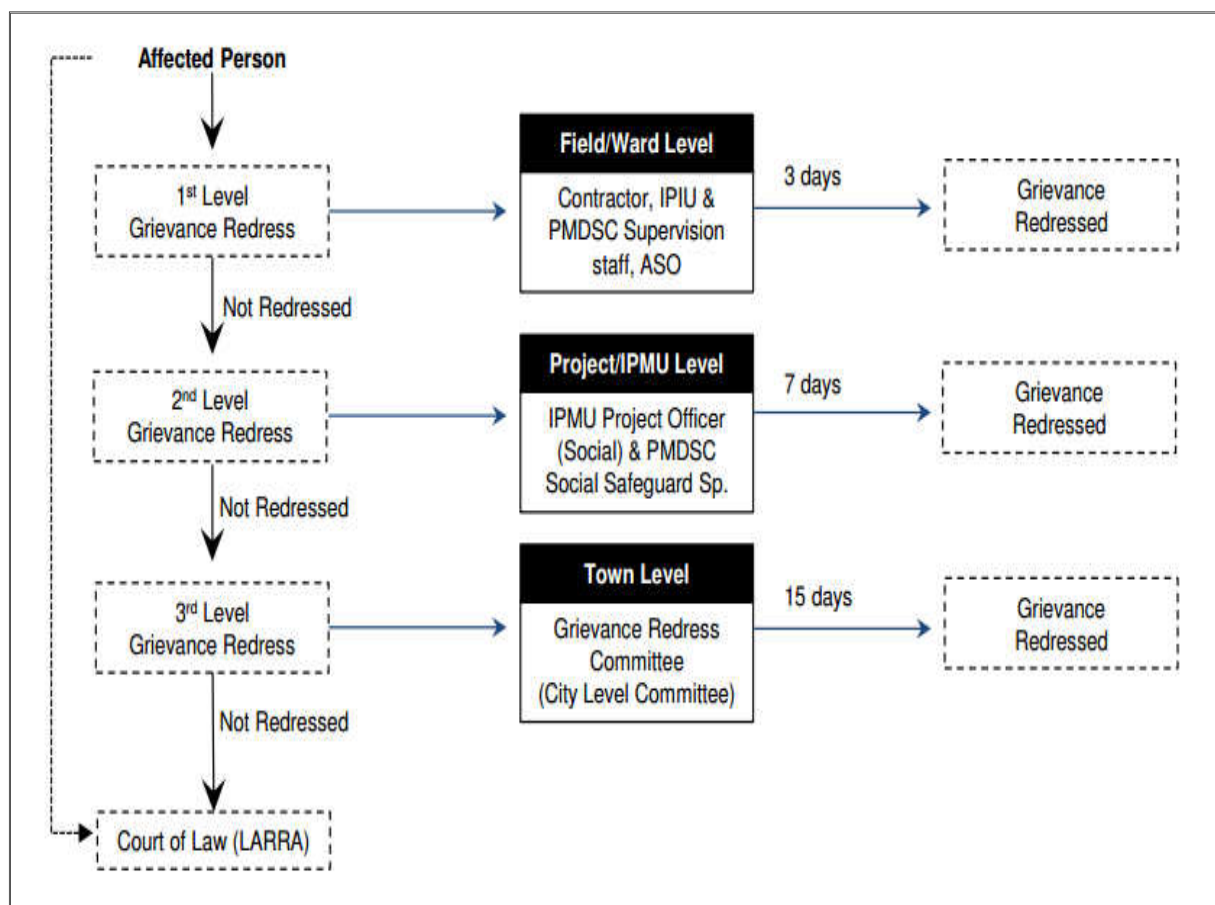

⁸ City Level Committees (CLC)/ Grievance redress committees (GRC) will be formed at city-level with members composed of: District Collector (DC) as Chairperson, and following as members: ULB Commissioner; Assistant Safeguards Officer PIU; representative from RPCB regional office; and one representative each from relevant government departments as appropriate (PWD/PHED/DAMetc.). All city-level GRCs will have at least one woman member/ chairperson. In addition, for project-related grievances, representatives of APs, community-based organizations (CBOs), and eminent citizens will be invited as observers in GRC meetings

⁹ The Authority admits grievance only with reference to the LA and R&R issues under the new LARR Act, 2013.

ADB's DMCs. The ADB Accountability Mechanism information will be included in the PID to be distributed to the affected communities, as part of the project GRM.

33. Records will be kept of all grievances received including: contract details of complainant, date of the complaint received, nature of grievance, agreed corrective actions and the date of these were effected, and final outcome. All costs involved in resolving the complaints (meetings, consultations, communication and reporting/information dissemination) will be borne by the concerned PIU at city level while costs related to escalated grievances will be met by the PMU.

Figure 6: Grievance Redress Process

ASO - Assistant Safeguard Officer; IPIU - Investment Program Implementation Unit; PMU - Investment Program Management Unit; PMDSC - Project Management, Design & Supervision Consultant

F. Legal Framework

34. The policy framework and entitlements for the RUSDP are based on:

- (i) The recently passed-The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act (RFCT in LARR), 2013.
- (ii) National Rehabilitation and Resettlement Policy, (NRRP)2007; and
- (iii) ADB's Safeguard Policy Statement (SPS), 2009. The salient features of Government and ADB policies are summarized below. The resettlement

principles and procedures to be followed for social safeguards under RUSDP are detailed out in the RF document.

35. Core involuntary resettlement principles for the RUSDP to be followed for each sub-project, including sample sub-projects are:

- (i) Land acquisition, and other involuntary resettlement impacts will be avoided or minimized exploring all viable alternative sub-project designs;
- (ii) Where unavoidable, time-bound resettlement plans (RPs) will be prepared and APs will be assisted in improving or at least regaining their pre-program standard of living;
- (iii) Full information and close consultations with APs including consultation with APs on compensation, disclosure of resettlement information to APs, and participation of APs in planning and implementing sub-projects will be ensured;
- (iv) Vulnerable groups will be provided special assistance¹⁰
- (v) Payment of compensation to APs including non-titled persons (e.g., informal dwellers/squatters, and encroachers) for acquired assets at replacement rates;
- (vi) Payment of compensation and resettlement assistance prior to the contractor taking physical acquisition of the land and prior to the commencement of any construction activities;
- (vii) Provision of income restoration and rehabilitation; and
- (viii) Establishment of appropriate grievance redress mechanisms.

36. APs will be entitled to a combination of compensation measures and resettlement assistance, depending on the nature of ownership rights of lost assets and scope of the impact, including social and economic vulnerability of the APs.

G. Entitlements, Assistance and Benefits

37. All APs who are identified in the subproject areas on the cut-off date will be entitled to compensation for their affected assets, and rehabilitation measures (as outlined in the entitlement matrix below) sufficient to assist them to improve or at least maintain their pre project living standards, income-earning capacity and production levels. Compensation eligibility is limited by a cut-off date as set for this project on the day of the completion of the census survey which is **09.03.2017** in this case. APs who settle in the affected areas after the cut-off date will not be eligible for compensation and assistance. APs will be provided 30 days advance notice to ensure no or minimal disruption in livelihood. If required, they will also be assisted to temporarily shift for continued economic activity. For example they will be assisted to shift to the other side of the road where there is no construction. Ensuring there is no income or access loss during sub-project construction is the responsibility of contractors.

38. In majority of the cases, work will be undertaken on one side of the road at a time, and temporarily affected person (APs) will be assisted in moving to the other side of the road and returning their structures after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding

¹⁰ Including poor households, households headed by women, the elderly, the physically handicapped, Schedule Caste and Scheduled Tribes considered vulnerable based on the Indigenous Peoples Planning Framework (IPPF).

documents/environmental management plan (EMP). An alternate place in the vicinity will also be identified where more number of APs are affected at one place (e.g. vegetable market) so that they can continue with their livelihood activities.

39. The PIU and the Safeguard Implementation staff will provide the identity cards (ID) to each of the APs. The entitlement matrix for the subproject based on the above policies is in Table 8.

40. The construction period will be minimized and is estimated to be less than 7 days and 14 days per section of work for water supply and sewerage pipelines, respectively. Though, the construction period is specified different for water supply and sewerage works, livelihood losses will be estimated for 14 days considering delays in works and road restoration (which force movable vendors to operate from different place). During orientation program with Contractor, It is suggested that water supply and sewerage works should be carried out at parallel to minimize impacts on stretches where both the works are proposed.

41. If construction activities results unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater will be provided. Under this project a 14 days of impact period during construction for both water supply and sewerage subprojects has been fixed¹¹. Vulnerable APs will be given priority in project construction employment and provided with additional special assistance for income restoration support. Compensation and assistance to APs must be made prior to possession of land/assets and prior to the award of civil works contracts. Since most affected households have moveable stalls, ID cards should be distributed 30 days before compensation. In summary, temporarily APs will be provided with:

- (i) 30 days advance notice regarding construction activities, including duration and type of disruption.
- (ii) Contractor's actions to ensure there is no income/access loss consistent with the initial environmental examination. This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased work forces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time.
- (iii) Assistance to mobile vendors/hawkers to temporarily shift for continued economic activity. For example assistance to shift to the other side of the road where there is no construction.
- (iv) For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater.

¹¹ As per RF

Table 8: Entitlement Matrix

RF No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
1	Temporary disruption of livelihood	Temporary impacts	Legal titleholders, non-titled APs	<ul style="list-style-type: none"> 30 days advance notice regarding construction activities, including duration and type of disruption. Cash assistance based on the minimum wage/average earnings per month for the loss of income/livelihood for the period of disruption Contractor's actions to ensure there is no income/access loss consistent with the IEE.¹² Assistance to vendors/hawkers to temporarily shift for continued economic activity (Rs. 1,000 as one time assistance)¹³ For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater.¹⁴ 	Identification of alternative temporary sites to continue economic activity.	Valuation Committee will determine income lost. Contractors will perform actions to minimize income/access loss. For temporary impacts during construction activities, PMDSC SSS with the help of implementing Staff will assess/verify impacts through structured surveys. Payment will be made by PIU through Treasury.
2	Impacts on vulnerable APs	Temporary impacts	Vulnerable APs ¹⁵	<ul style="list-style-type: none"> Livelihood. Vulnerable households will be given priority in project construction employment and provided with income restoration support. Vulnerable persons/businesses will receive Rs. 7,000 as one time assistance under temporary impacts. 	Vulnerable households will be identified during the census.	PMDSC SSS and implementing Staff will verify the extent of impacts through a 100% survey of APs, determine assistance, verify and identify vulnerable households.

¹² This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time

¹³ For example assistance to shift to the other side of the road where there is no construction. These will be however given to only non-movable businesses (which are not on wheels).

¹⁴ Under this project a 14 days of impact period during construction for both water supply and sewerage subprojects has been taken.

¹⁵ Vulnerable households include female-headed households, physically handicapped-headed households, scheduled tribe and schedule caste households, Below Poverty Line households, and households with marginal land holdings, that is the only source of livelihood, and majority of that land is being acquired under the project.

RF No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
3	Loss and temporary impacts on common resources	Common resources	Communities	<ul style="list-style-type: none"> Replacement or restoration of the affected community facilities – including public water stand posts, public utility posts, temples, shrines, etc. 	-	PMU and Contractor.
4	Any other loss not identified	-	-	<ul style="list-style-type: none"> Unanticipated involuntary impacts will be documented and mitigated based on ADB's Safeguard Policy (SPS), 2009/RUSDP RF/EM. 	-	PMDSC SSS and implementing Staff will ascertain the nature and extent of such loss.

H. Resettlement Budget and Financing Plan

42. The resettlement cost estimate for the Sri Ganganagar Water and Sewerage subproject includes resettlement assistance, as outlined in the entitlement matrix and contingency provision amounting to be 5% of the total cost. The funds for resettlement will be released in a timely manner. The total resettlement cost for the subproject is **INR 7569931**. The resettlement cost items and estimates are outlined in **Table 9**. The Town, Safeguard Implementation Staff will be involved in facilitating the disbursement process, and will facilitate opening bank accounts for the affected persons who do not have bank accounts. PIU will be issuing sanction order to payment of DPs /APs and making ECS/NEFT transaction from bank through concerned Treasury from state share.

Table 9: Resettlement Budget

S.no	Item	Unit	Unit Rate	Amount
A. Resettlement Cost				
1	Assistance for temporary livelihood impacts for 14 days	983	309	4252458
2	Assistance for the temporary disruption of livelihood to vulnerable households (one time)	282	7000	1974000
3	Shifting Assistance for 983 Aps (one time)	983	1000	983000
4	<i>Sub-Total A</i>			7209458
B	Additional Contingency (5%)			360473
	Grand Total (A+B+C)			7569931

I. Institutional Arrangements and Implementation Schedule

43. The Local Self Government Department (LSGD) is the executing agency responsible for overall technical supervision and execution of all subprojects funded under the Program. The Implementing Agency is the Program Management Unit (PMU) of the ongoing Rajasthan Urban Infrastructure Development Project (RUIDP), to coordinate construction of subprojects and ensure consistency across the towns Project Implementation Unit (PIU) has been established. The inter-ministerial Empowered Committee provides LSGD with central policy guidance and coordination and City Level Committees (CLCs) established in Sri Ganganagar to oversee the implementation at city level. The PMU is assisted by: PMDSC who manages the Program and assure technical quality of the design and construction; managing the tendering of Contractors, and supervising construction.

44. PMU Social Project Officer (SPO) will perform responsibilities like: Addressing social safeguards issues; Implementing the resettlement framework/IPF; Liaising with district administration for land acquisition and resettlement plan implementation; Addressing any problems and/or delays in the land acquisition process including GRM management and monitor the overall complaint resolution status; Monitoring physical and financial progress on land acquisition activities and updating the PMU on the same; Monitoring implementation of

safeguards plans (resettlement plan/PPPs); Guiding the PIUs as and when necessary; and Endorsing and submitting periodic semiannual social safeguard monitoring reports.

45. The PMU will be assisted by a PMDSC social safeguards specialist (PMDSC SSS). The SSS will (i) update the existing resettlement plans based on the detailed design; (ii) assist in the monitoring and supervision of ongoing subprojects and RP and IPP implementation; (iii) prepare resettlement plan and/or IPPs for new subprojects, where required to comply with national law and/or ADB procedure; (iv) ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this resettlement framework; (v) review and finalize all reports in consultation with the PMU SPO (RP updating and preparation, preparation of semi-annual social safeguard monitoring report for PMU submission to ADB, and support GRM implementation); In addition, SSS will assist the PMU in procurement needs and other project implementation aspects, and shall play a central role in ensuring capacity building on resettlement management of the PMU and line departments through capacity development support and training. Refer **Figure 6** for the implementation arrangement of environment and resettlement safeguards.

46. PMU Social Project Officer (SPO) will receive support from Social Safeguard Specialist (SSS) of the PMDSC Team in implementation of social/land acquisition/resettlement related tasks at PIU level. At each PIU, an Assistant Engineer (AE) rank officer will be designated as Assistant Safeguards officer (ASO) who will assist PMU SPO in implementation of the social safeguards at the PIU level. The PIUs will be responsible for implementation of the resettlement plan. PIUs will undertake internal monitoring and supervision and record observations throughout the project period to ensure that the safeguards and mitigation measures are provided as intended. ASO will be responsible for (i) implementing and monitoring safeguards compliance activities, public relations activities, gender mainstreaming activities, and community participation activities; (ii) coordinating with district administration and NGO for land acquisition and R&R aspects and addressing any problems and/or delays; (iii) monitoring physical and financial progress on land acquisition and R&R activities including record keeping of the grievance and redress issues as reported by CAPC/Safeguard Implementation Staff/Contractor and prepare and submit monthly report on safeguards to be consolidated by PIU ASP; and (iv) organizing monthly meetings with the Contractor Outreach team and Safeguard Implementation Staff to review the progress on R&R. A tentative implementation schedule is given in **Table 10**.

47. Apart from safeguard staff at PMU/PIU and PMDSC level, implementing Safeguard Staff of PMDSC and Social Development Expert cum Gender Expert of CAPC are appointed for Sri Ganganagar to undertake RP implementation and to ensure compliance to ADB key objectives like public participation and gender sensitization. Key activities of the implementing Safeguard Staff of PMDSC in relation to resettlement planning and implementation will include: (i) conducting detailed survey of physically and economically displaced persons based on detailed design, and identifying poor, female-headed, and vulnerable households affected by land acquisition and resettlement; (ii) preparing the list of the potential affected persons and issue identification cards; (iii) facilitating the process of disbursement of compensation to the affected persons, coordinating with the revenue department and informing the affected persons of the compensation disbursement process and timeline; (iv) assisting affected persons in opening bank accounts, explaining the implications, rules, and obligations of a joint account and how he or she can access the resources he or she is entitled to; (v) assisting the executing agency in ensuring a smooth transition (during the partial or full relocation of the affected persons), helping them to take salvaged materials and shift. In close consultation with the affected persons, the implementing Safeguard Staff shall inform the PMU about the shifting dates agreed upon in writing and the arrangements they desire with respect to their entitlements; (vi) organizing training programs for income restoration; (vii)

conducting meaningful, ongoing consultation and ensuring disclosure of resettlement plans in an accessible manner to the affected persons; (viii) assisting PIUs in grievance redress mechanism; (ix) assisting PIUs in keeping detailed records of progress and establishing monitoring and reporting systems of resettlement; (x) acting as the information source for community interaction with the project, and liaising between community, PMDSC contractors, and project management and implementing units during the execution of the works; and (xi) providing advice and other support to PIUs as required.

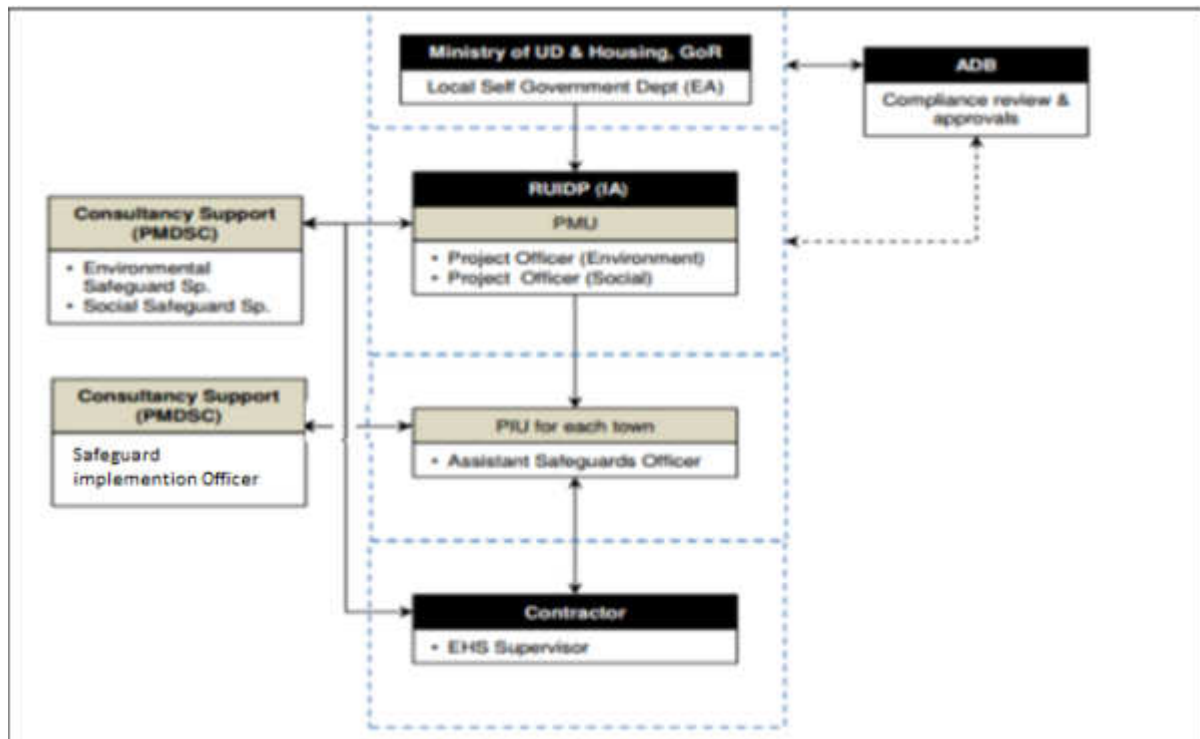

Table 10: Institutional Roles and Responsibilities

Activity	Responsible Agency
Sub-project Initiation Stage	
Finalization of sites for sub-projects	PMU
Disclosure of proposed land acquisition and sub-project details by issuing Public Notice	PMU
Meetings at community/household level with APs	PIU/Safeguard Implementation Staff
Formation of VCs	PMU/PIU
RP Preparation and Updating Stage	
Conducting Census of all APs	Safeguard implementing Staff/PMDSC SSS
Conducting FGDs/meetings/workshops	CAPC/ Safeguard implementing Staff / PMDSC SSS
Computation of replacement values of land/properties proposed for acquisition and for associated assets	VC//NGO/ PMDSC SSS
Categorization of APs for finalizing entitlements	PMU / PMDSC SSS
Formulating compensation and rehabilitation measures	PMU / PMDSC SSS
Conducting discussions/meetings/workshops with APs and other stakeholders	PMU / PMDSC SSS /Safeguard Implementing Staff
Fixing compensation for land/property with titleholders	VC/ PMU
Finalizing entitlements and rehabilitation packages	PMU/ PMDSC SSS
Disclosure of final entitlements and rehabilitation packages	PMU/ Safeguard implementing Staff
Approval of RP	PMU/ ADB
Sale deed execution and payment	EA/ PMU
Taking possession of land	EA/ PMU
RP Implementation Stage	
Implementation of proposed rehabilitation measures	PIU/ Safeguard implementing Staff
Consultations with APs during rehabilitation activities	PIU/ Safeguard implementing Staff
Grievances redressal	CAPC/Safeguard implementing Staff / PMU /GRC

Activity	Responsible Agency
Internal monitoring	PMU / PIU

ADB - Asian Development Bank, AP - affected person, PMDSC SSS - Project Management, Design and Supervision. Consultant's Social Safeguard Specialist, FGD - focus group discussion, PIU - Project Implementation Unit, PMU - Project Management Unit, NGO - nongovernmental organization, RP-resettlement plan, VC - Valuation Committee.

Figure 6: Social Safeguard Implementation Arrangements*

*As per latest variation in PMDSC contract

Table 11: Tentative Schedule of Resettlement Implementation

Activity	Months																	
	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18
i. Establishment of PMU and PIU	♦																	
ii. Appointment of PMDSC	♦																	
iii. Appointment of NGOs	♦																	
iv. GRC Formation	♦																	
v. Briefing of the CLC on GRC functions	♦																	
vi. Census and socio-economic surveys (issuance of ID. cards)	♦	♦																
vii. Consultations and disclosure		♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦
viii. Confirmation of government land to be used and transfer from other departments	♦	♦																
ix. RP preparation		♦	♦															
x. RP review and approval (PMU and ADB)			♦															
xi. Issue notice to APs				♦														
xii. Compensation and resettlement assistance					♦	♦	♦											
xiii. Relocation as required					♦	♦	♦											
xiv. Skills training as required					♦	♦	♦											
xv. Takeover possession of acquired property								♦	♦	♦								
xvi. Internal monitoring				♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦
Xvii Handover land to contractors											♦							
Xviii Start of civil works												♦						
xix. Rehabilitation of temporarily occupied lands																Immediately after construction		

* The census will be the cut-off date for non-titled APs. For titled APs, the cut-off date is the date Declaration.

** The RP will be updated based on final detailed design

*** Endorsement and disclosure of finalized RPs consistent with the RF to be undertaken.

ADB - Asian Development Bank, AP-affected person, PMDSC-project management, design and supervision consultants, GRC-grievance redressal committee, PIU-Project Implementation Unit, PMU- Project Management Unit, SSS - social safeguard specialist, CLC - City Level Committee

J. Monitoring and Reporting

48. Monitoring and evaluation are important activities of any infrastructure development project involving involuntary resettlement. It helps in making suitable changes, if required during the course of RP implementation and also to resolve problems faced by the DPs. Monitoring is periodical checking of planned activities and provides midway inputs, facilitates changes, if necessary and provides feedback to Project Authority for better management of project activities. Evaluation on the other hand assesses whether the activities have actually achieved intended goals and purposes. Thus monitoring and evaluation of resettlement action plan implementation are critical in order to measure the project performance and fulfillment of project objectives. Indicators and benchmarks for achievement of the objectives proposed under the Resettlement Plan are:

- i) Process indicators: indicating resettlement related project inputs and actions, expenditures, staff deployment, etc.
- ii) Output indicators: indicating results in terms of number of affected persons assisted, training held, assistance disbursed, etc,
- iii) Impact indicators: related to socio- economic status on people's lives, and
- iv) Complaints and Grievances received and resolved.

49. The benchmarks and indicators are limited in number, and combine quantitative and qualitative types of data. The first two types of indicators, related to process and immediate outputs and results, will be monitored to inform project management about progress and results, and to adjust the work programme where necessary, if delays or problems arise. Monitoring would be carried out for regular assessment of both processes followed and progress of the RP implementation.

50. RP implementation will be closely monitored to provide the PMU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. As per ADB guidelines, for category B projects only internal monitoring will be required. Internal monitoring for Sri Ganganagar will be undertaken by the PIU (through the PMDSC SSS) with assistance from the PMU SPO. Monthly progress reports will be prepared and submitted to the PMU. PMU will consolidate the same and will submit semi-annual monitoring reports to the ADB for approval.

Annexure 1: Summary of Socio-Economic profile of APs

¹⁶ If AP's daily income is less than Minimum Wages as per Government of Rajasthan Minimum Wages Act, then Compensation rate has to be calculated on the basis of minimum wage (unskilled labour), which is Rs.201/- (2016).The daily wage has been calculated on this basis. An inflation of 7% (Flat) will be paid to APs (after a delay of 1 Year) to cover the time lag of survey and final implementation.

Annexure 3 : Letter of ER to Contractor for freezing of alignment

 Grontmij & DRA	Shah Technical Consultants Private Limited IN ASSOCIATION WITH Grontmij A/S and DRA Consultants Pvt. Ltd. Program Management, Design & Construction Supervision Consultancy Services for Rajasthan Urban Sector Development Program- ADB Loan No. 3183-IND Address: House No. 1-C-19, Jawahar Nagar, Sri Ganganagar Tel: 0154 2465763 Email: sgngar.pmdsc@rusdp.com
Ref.: STC/RUSDP/SGN/01/114 To Larsen & Toubro Ltd. C/O Mr. Pradeep Agarwal, A-21, Birla Ashram Road, Backside of Sector 17, Near Chaita, Sri Ganganagar - 335001	Date: 21st April 2017
Subject: - Construction Work of Water Supply Production and Distribution Network Improvement with House Service Connections for Non-Revenue Water Reduction and Continuous Water Supply and providing Sewer Network with House Connections, Construction of Sewage Pumping Station & Allied Works and Operation Services of the Entire System for 10 Years at Sri Ganganagar Town:- Regarding freezing of alignment of DP Areas (as per socio economic data). Rajasthan Urban Sector Development Program PACKAGE: RUSDP/SGN/01 Regarding freezing of alignment of DP Areas (as per socio economic data)	
Dear Sir, As discussed with you during orientation by our R&R team, the Draft RP of all the projects towns including (Sri Ganganagar Project) needs to be updated before start of civil work. For updating of RP, the socio economic survey of the entire Ganganagar Town (based on initial DPR) has been completed by a survey agency (under supervision of our R&R team) and all possible impacts have been identified (as per Resettlement Framework (RF) as agreed with ADB). However, since it is DBO contract, the final DPs and final impacts could only be determined upon the completion of detail engineering design from your end. So we are forwarding the list of identified potential displaced person along with details of Common Property Resources (CPRs) which are likely to be affected during civil work in the town and you are requested to kindly:- <ol style="list-style-type: none"> 1) Freeze the alignment of all these identified DP areas with a confirmation that whether a relocation of these identified vendors/DPs will be required or not during execution of water supply and sewerage work. 2) In Case relocation is not required, a confirmation needs to be provided that required access (at least a 2 metre access) will be made available to these DPs during execution of civil work and that there will be no negative impact on livelihood of these DPs. (Ref section 6 clause no. 6.14 and Annexure B of contract document).

**Annexure 4 (B) PROCEEDINGS OF CITY LEVEL STAKEHOLDER CONSULTATION
MEETING At Sri Ganganagar on April, 25, 2014**

This stakeholder consultation meeting was organised on April 25, 2014 at Sri Ganganagar District collector's meeting hall. The meeting was organised by the Sri Ganganagar Nagar Parishad (SGNP) with the support of RUIDP PMU and ADB PPTA Team. District Collector Ganganagar chaired the meeting. The SGNP Chairman (elected head of PNP), and Commission (administration head of SGNP) participated in the meeting. In all 26 persons, representing various agencies, attended the meeting (List of persons attended the meeting is enclosed herewith).

The objective of the meeting was to appraise the stakeholders about the proposed Rajasthan urban Infrastructure Development Project III (RUIDP III). The subprojects proposed for Ganganagar in water supply and sewerage sector, and the likely environmental and social issues, and the proposed mitigation measures were discussed during the meeting.

A detailed presentation on overall RUIDP III, and subprojects and components proposed in Ganganagar was made to the stakeholders. Executive summary of Initial Environmental Examination (IEE) conducted for the Ganganagar subproject, Environmental Management Plan, proposed Grievance Redress Mechanism (GRM), draft Entitlement Matrix of the Resettlement Framework was displayed at the meeting, and were made available to the interested persons.

The comments, suggestions of the stakeholders are presented below:

- All the stakeholders were supportive of the project and indicated their willingness to participate in the project to make it successful.
- Stakeholders were of the view that these subprojects provide benefits to all the people by improving water supply and sewerage.
- Stakeholder suggested that the treated sewage from all the STPs be transported to a single location, and an artificial water body with parks and play grounds should be developed.
- Stakeholders concerned about poor natural drainage and inadequate drain capacities.

Photographs:

Annexure 4 (C) Proceedings of City Level Stakeholder Consultation Meeting at Sri Ganganagar on August 08, 2015

Office of District Collector, Sriganganagar

Minutes of consultation meeting held with stake holders on 08th August 2015 for need assessment and identification of works to be executed under RUIDP Phase III in Sriganganagar town.

A consultation meeting for need assessment and identification of works to be executed under RUIDP Phase III was held under the chairmanship of District Collector, Sriganganagar in compliance with instruction of Project Director, RUIDP as per letter no. 10194 dated 04.08.2015. List of Stakeholders and Officials and peoples representatives attended the meeting is enclosed as annexure.

Additional project director RUIDP appraised the key aspects of RUIDP project (RUIDP Phase III), RUIDP officials briefed the members on key aspects of the Project i.e

- (i) coverage of Water Supply and Wastewater sectors
- (ii) Single contract for wastewater and water supply
- (iii) DMA based execution and SCADA based monitoring
- (iv) NRW(Non Revenue Water) reduction strategy
- (v) Use of Recycled treated wastewater.

All the stakeholders were requested to suggest the priority of works to be included in water and wastewater sector for the town. It was requested that ownership of created assets should lie with Municipal Council. Therefore, all possible support will be required for finalizing of works of priority so that a realistic / necessity oriented Detailed Project Report is prepared by RUIDP Consultants (named as PMDSC) by October -15 and tenders may be invited accordingly.

District Collector appreciated the concern shown by RUIDP team and agreed that for successful implementation of time bound projects it is necessary that all the stakeholders should take active participation and requested all the stakeholders to support the project and get involved from the starting so that DPR becomes realistic. The discussions were held on Water & Waste water sector works as below:-

Water Supply Sector

The UIT and Municipal Council suggested that Water Supply sector should be taken in totality. It was brought to the notice by SE, PHED that the major source of water supply to the town of Gang canal and only 7 days storage of water is available at old headwork (PHED campus). There is need to increase the water storage at this old Headwork for at least 21 days. It was suggested by PHED that land is available near Sadhuwali outlet of Gang canal, which can be used as Raw Water Storage Tank, so that sufficient water is available during canal closure by Gang canal for maintenance. Therefore, it was suggested by PHED that raw water storage capacity should be improved under RUIDP project.

It was also desired by PHED that the new colonies approved by UIT and 16 villages which are outside the municipal limit are presently in periphery of urban limit and water supply is being maintained under Urban Water Supply System therefore these 16 villages and UIT approved colonies should be included under upcoming RUIDP Phase III project. The issue was discussed in detail with the UIT officials. District Collector Sriganaganagar directed to Secretary UIT to look into the matter and take a decision on case to case basis in consultation with Municipal authorities. PHED officials were directed to determine the bulk demand of these newly developed colonies / adjoining villages so that a decision could be taken on this issue by the Administration jointly.

PHED officials also suggested for inclusion of rehabilitation of existing water treatment plant and pumping stations with mechanical and electrical equipment and replacement of old AC & PVC rising pipelines and distribution pipelines so that existing water supply system could be strengthened to facilitate the entire distribution system and reduction of NRW.

UIT expressed the desire for coverage of whole town. In case new OHSRs will be required to be constructed, the land for OHSRs/ Campus shall be made available by UIT.

It was also highlighted that there would be increase in water demand due to increasing industrial use and adequate provision for the same should be ensured.

Sewerage Sector

It was informed by UIT officials that the work of construction of 3 STPs (at 3 different locations/zones) along with laying of 67 Km network in Zone 4 is in progress under UIDSSMT. There is provision of 10 Year O&M for all the 3 STPs. Sewer line work under zone 4 is at the final stage. Out of 3 STPs (35 MLD capacity), 02 STPs (10 MLD at Suratgarh Road, 15 MLD near Sugar Mill ponding are under construction. One STP at Idgah Ponding (10 MLD) is yet to start. 2 STPs out of 3 STPs may likely to be put to trial run and commissioning by November-15. Chairman, Municipal Council, Sriganaganagar and Secretary, UIT suggested for coverage of remaining area of the city in the RUIDP project. Since there is already a 10 Year O&M for all the 3 STPs therefore it is important to dovetail the existing Sewer works and O&M of STPs. It was also informed that DI pipeline for effluent disposal has already been laid under UIDSSMT. Recycled treated wastewater use should be included in DPR up to the best possible extent. This water may be reused for agriculture around the disposal point and for industrial purpose as per requirement. This work may be carried out by PMDSC in consultation with UIT/Municipal Council.

Hon'ble MLA Ms Kamini Jindal raised the issue of present public inconvenience during execution of laying of sewer line by UIT, which is basically due to not taking up the required road restoration timely and urged that the upcoming project should take all necessary steps so that these issues are minimized and better public participation is ensured. Due care should be taken at the DPR stage for utility shifting.

It was agreed by UIT that the connection activity for Zone 4 & part of Zone 5 are to be taken up on priority so that the image of existing Sewerage project is uplifted which will facilitate the proposed project.

After discussions, following directions were issued by the District Collector:

- 1) UIT and PHED officials were directed to take up the ownership of the project and ensure regular inputs at this initial stage to facilitate the preparation of realistic DPR based on field conditions. Secretary UIT, and SE, RUIDP shall be nodal officials and will ensure that required inputs are provided at each stage from all the stakeholders.
- 2) It was directed that coordination meetings should be organized regularly (fortnightly) with RUIDP under chairmanship of District

Collector (preferably on Monday). SE, RUIDP, Sriganganagar & EE, UIT will ensure coordination needed from local administration and will appraise to the District Collector time to time.

- 3) Field inputs from MLA, Chairman Nagar Parishad, Chairman UIT will be taken on regular basis by RUIDP Consultants and officials.
- 4) To deliver the benefit of Sewerage System, Chairman Municipal Council will ensure support from ward members especially for sewerage connection activity.

Meeting ended with vote of thanks

Annexure 5: Leaflet disclosed prior to start of Survey

राजस्थान नगरीय आधारभूत विकास परियोजना (RUIDP)

परियोजना का नाम — श्री गंगानगर शहर में जलप्रदाय योजना के सुदृढीकरण एवं जल-मल निस्तारण (सीवेरेज) प्रणाली के विकास का कार्य (Sri Ganganagar Water Supply and Sewerage Works)

परियोजना के उद्देश्य
 आपके शहर श्री गंगानगर में जल आपूर्ति पैमाने और सीवेरेज परियोजना को शुरू किया जा रहा है। इस परियोजना के सफलता पूर्वक संचालन के लिए आप सब शहरवासियों से सहायता की आवश्यकता है। इस योजना के संचालन से शहर के लोगों को पेयजल व सीवेरेज से सम्बंधित समस्याओं का निवारण होगा और पूरे शहर को नियमित रूप से प्रति दिन प्रदाय मात्रा में स्वच्छ पेयजल उपलब्ध होगा। सीवेरेज परियोजना से पूरे शहर को स्वच्छता के नये आयाम मिलेंगे जो पूरा शहर साफ-सुथरा और स्वच्छ नजर आएगा।

जलप्रदाय योजना
 (अ) वर्तमान क्षमताओं का पूर्ण उपयोग करना तथा जहाँ भी आवश्यक हो उत्पादन एवं वितरण व्यवस्था में अभिवृद्धि।
 (ब) परियोजना के तहत जहाँ एक ओर पुरानी पाइप लाइनों को बदल कर छिजत को कम किया जायेगा वहीं वितरण में वृद्धि की जायेगी।

सीवेरेज कार्य
 (अ) पर्यावरण की शुष्कता में सुधार तथा स्वच्छता के लिए योजना का क्रियान्वयन करना जिसके तहत सीवेरेज की विस्तृत प्रणाली स्थापित की जाएगी तथा घरेलू से होने वाले सभी प्रकार के निस्तारित जल को सीवर लाइन से जोड़ा जायेगा।

परियोजना घटक एवं सुधार के प्रस्ताव
जलप्रदाय योजना की अभिकल्पित आबादी लगभग 4.56 लाख (वर्ष-2046)
जलप्रदाय योजना
 (अ) 20 एनएसटी क्षमता का जल शुद्धिकरण संयंत्र का निर्माण एवं पुराने शुद्धिकरण संयंत्रों का जीर्णोद्धार
 (ब) आवश्यक जल परिवहन पाईप लाइनें व वितरण पाईप लाइनों के कार्य (लगभग 452 K.M. पुरानी पाईपलाइन को बदल कर नयी पाईप लाइन खालना)
 (स) पानी के अपव्यय को नियंत्रित करने हेतु जॉन वाईज बल्ब मीटरिंग व्यवस्था।
 (द) हाउस कनेक्शन (प्रतिस्थापन लगभग 39000/23240 नये)।

सीवेरेज कार्य
 (अ) लगभग 410 km सीवर लाइन नेटवर्क।
 (ब) सीवेरेज पम्पिंग स्टेशन का निर्माण किया जायेगा।

परियोजना की लागत — राशि रुपये 555 करोड़, जिसमें सम्पूर्ण तंत्र के कार्य पूर्ण होने के पश्चात् 10 सालों तक संचालन व संचारण का कार्य सम्मिलित है।

निर्माण कार्य के दौरान सम्भावित अल्पसंख्यक प्रभाव
 जो लोग रोड के किनारे धड़ी-टेला, फल-सब्जी, भाव कि धड़ी, फोरी अथवाई दुकान लगाकर अपना व्यवसाय कर जीवनयापन करते हैं, कार्य के सफल क्रियान्वयन के लिए उन लोगों को अल्पसंख्यक के लिए अन्ध्र स्थानान्तरित करने की आवश्यकता पड़ेगी। यदि व्यवसायियों को किसी भी तरह की हानि पहुँचेगी तो उन्हें सम्भावित मानते हुये एडीबी/राजस्थान सरकार/भारत सरकार के मानकों के अनुसार उचित क्षतिपूर्ति का प्रावधान किया जायेगा। इस कार्य हेतु सर्वे कार्य दिनांक 21.02.2017 से शुरू किया जा रहा है जिसमें हम आपसे सहायता की अपेक्षा करते हैं।

Superintending Engineer,

Annexure 9: Orientation program with Contractor

MINUTES OF MEETING

Subject of Meeting: Safeguard Orientation for PIU, Contractor & PMDSC staff for Sri Ganganagar Water Supply and Sewerage Works

Date: 02.02.2017, **Place:** M/s L&T office

	<p style="text-align: center; margin: 0;">Office of Superintending Engineer Rajasthan Urban Infrastructure Development Project (RUIDP) 1-C-19, Jawahar Nagar, Sri Ganganagar - 335001 email : ruidpsnganganagar@gmail.com, web site : www.ruidp.rajabh.gov.in</p> <hr/> <p style="display: flex; justify-content: space-between; margin: 0;"> No RUSDP/PIU/SGN/PH-III/ 61 Dated - /902/2017 </p>
<h4 style="margin: 0;">MINUTES OF MEETING</h4>	
<p>A meeting to discuss the draft Initial Environmental Examination (IEE) and Resettlement Plan (including the environmental management plan, anticipated environment and social impacts, mitigation of impacts, Grievance Redress Mechanism, ADB Framework, R&R Entitlement Matrix etc) with the expert of specific areas from PMDSC was held under the Chairmanship of the Superintending Engineer, PIU, Sri Ganganagar on 2nd Feb 2017. Later a visit to contractor's office was made and a presentation on Social Safeguard and Environment, Health and Safety was made to participants.</p> <p>The orientation meeting and presentation was attended by the participants as per the list enclosed at Annexure "A" and topics discussed and deliberated in the meeting are as below:-</p> <ol style="list-style-type: none"> 1) The project was broadly discussed in term of the work schedule, locations of the major units like Sewage Pumping Station and Water Treatment Plant, land status, alignment of Water lines and Sewer Lines to get the overall view in terms of the key specific areas such as social safeguard, environment, health and safety. 2) The procedures to be adopted for implementation of ADB policy pertaining to these specific areas were briefed by the experts. 3) It was emphasized that, the implementation of the project shall be performed in such a manner that there should be no inconvenience to the public, residential and commercial establishment. 4) Environment Management Plan (EMP) and Social Mitigation Plan (SMP) was discussed in detailed and briefing upon various activities (including but not limited to) following was provided:- <ol style="list-style-type: none"> a. Mitigation measures for environmental impact during implementation b. An environmental monitoring program and the responsible entities for mitigation, monitoring and reporting c. Public consultation and information disclosure d. Grievance redress mechanism 5) The emphasis was made on measures such as appropriate scheduling of works (non-monsoon season, low traffic hours, non peak business hours, etc.) and minimizing inconvenience by adopting best construction methods and smart engineering. 6) Noise, Sound, Air and vibration levels parameters (with reference to permissible limits) during works were discussed. Requirement of minimum access to residence and commercial establishment were discussed. It was agreed upon by the contractor that equipment and machinery as per permissible sound level will be provided and proper access to the permanent shops for their business activities will be provided. In addition to it, scheduling of work near sensitive receptors like temple, hospitals, school etc will be done to mitigate the impacts. 7) Discussions were also made on the Applicable Laws with respect to Safety and Health of the labours and it was informed by the contractor that due care for the health and safety will be taken and regular medical check-up (camps) will be organized for the staff and workers mobilized in field. It was also informed by the contractor that, along with First Aid Facilities, emergency vehicle shall be available at the site for any miss happening. Further provisions for gender based facilities (like toilet, bathing etc) will also be ensured at labour camps and work sites. Workers will be provided with clean fuel for cooking purposes. 8) Methodology and stipulation for updating of IEE and RP was also discussed with the contractor's team. 	

- 9) Importance of information dissemination and roles and responsibilities of CAPC team & Contractor's outreach team was also discussed in detail.

In continuation to above, a joint site visit to the areas where the work of 3 DMA (near UIT office, model town) is proposed was conducted with the participants; the mitigation strategy was discussed on site with the officials of PIU and contractor's representative. The orientation program ended with a vote of thanks to the chair.
