

# Resettlement Plan

---

April 2016

## IND: Rajasthan Urban Sector Development Program – Water Supply and Sewerage in Tonk

Prepared by Rajasthan Urban Infrastructure Development Project, Government of Rajasthan for the Asian Development Bank. This is an updated version of the draft originally posted in September 2014 available on <http://www.adb.org/projects/42267-026/main#project-documents>.

This resettlement plan is a document of the borrower. The views expressed herein do not necessarily represent those of ADB's Board of Directors, Management, or staff, and may be preliminary in nature. Your attention is directed to the "terms of use" section of this website. In preparing any country program or strategy, financing any project, or by making any designation of or reference to a particular territory or geographic area in this document, the Asian Development Bank does not intend to make any judgments as to the legal or other status of any territory or area.

## **CURRENCY EQUIVALENTS**

(as of March 2016)

Currency Unit	–	Indian Rupees (INR)
\$1.00	=	INR 67.04

## **ABBREVIATIONS**

ADB	–	Asian Development Bank
AE	–	Assistant Engineer
AP	–	Affected Person
ASO	–	Assistant Safeguards Officer
EA	–	Executing Agency

## EXECUTIVE SUMMARY

1. **Sub-project Scope.** Rajasthan Urban Sector Development Program (RUSDP) will complement the past and ongoing efforts of the government of Rajasthan (GOR) to improve water supply and wastewater services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan, to invest in water distribution network and sewerage systems in the six project cities in the state<sup>1</sup>.

2. Tonk, the project town, is situated at a Distance of 100 Kms from Jaipur on the Jaipur-Kota NH- No.12. Tonk is a district headquarter and has a population of 1,65,294 persons as per census 2011. Tonk is surrounded by river Banas & Central Aravali region on the northern side with an average altitude of 300 M from Mean Sea Level. Tonk is an important industrial town for Leather, carpet, Namda and Bidi Works. Tonk is located at 26°.00' N latitude and 75°.47' East longitude. Tonk does not have any Connection by rail and Nearest Railway station is Niwai. Nearest Airport is Sanganer, Jaipur which is about 85 km. away from Tonk.

3. This Resettlement Plan (RP) document is prepared for proposed Water Supply and Sewerage Subprojects in Tonk and is in line with the Resettlement Framework (RF) prepared for the implementation of social safeguards under RUSDP. Currently, water supply service in Tonk is unreliable coupled with quality issues and huge distribution losses. At present, there is no sewerage system and a majority of the population disposes sewage through septic tanks. Effluent from septic tanks and sullage, and sewage from houses without septic tanks is let off into open drains which ultimately collect in lowlying areas in the outskirts of the town.

4. The sub-projects includes:**Water Supply:** (i) Construction and Commissioning Elevated Service Reservoirs (ESRs)-4 nos (ii) Supply and installation of Pumping units including mechanical and electrical items at Housing Board Pumping Stations for filling 4 ESRs (iii) Supply, laying, testing & commissioning of Transmission pipelines of Ductile Iron (DI) K9 (iv) HDPE PE 100, PN-6/ DI-K7 pipe distribution system of diameter 110 mm to 400 mm-430 Km (v) Metered House Service Connection, with Electro fusion saddle, Ferrule, HDPE pipe and GI pipe, ball valve, consumer meter, meter box where required etc-28,000 nos (vi) Establishment of Consumer Relation Management Centers(4 nos) and central control centre in the Tonk town including furniture, manpower, computer software and hardware as per requirement. **Sewerage:**(vii) Sewage Treatment plants (STPs) - 2 Nos(one of 16 MLD & another of 4 MLD capacity) (viii) Sewage Pumping Station-16 MLD (ix) Sewerage Collection network of Double wall corrugated PE pipes-250 Kms of which about 25 Kms will be laid with trenchless technology.(x) Rising main-4.20 Kms of 700 mm dia DI K9 pipes (xi) Effluent Pipe-7.0 Km (400 mm & 700mm) (xii) House Connection up to property chamber-22,000 nos.

5. Summary of Resettlement Impact Consistent with the subproject selection criteria, rehabilitation is prioritized over new construction to avoid / minimize involuntary resettlement impacts. Construction of 2 nos of new sewage treatment plant (STP) and Construction of Elevated Service Reservoirs (ESRs)-2 nos will be undertaken in government land which is under Tonk's Nagar Parishad possession and no new land acquisition is required (See Annexure 2 to 10),where as one nos of ESR(Sawaimadhopur Road) is under the

---

<sup>1</sup> The six project cities are Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, and Pali.

possession of Water Resource Dept and NOC has been taken from WRD (**See Annexure 11**). One nos of ESR (Ramdwara) is under the jurisdiction of Forest Dept and NoC is awaited.

6. The main resettlement impacts will be due to laying of water supply and sewerage pipe networks. Pipes will be laid within road rights-of-way (RoW), and will not require land acquisition or cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income during construction. It has been noted during site inspections that laying of pipeline may cause temporary loss of access/disruption to livelihood during civil works to 1006 vendors/traders located at both sides of road. These are majorly non-titled movable /transitory structure (push carts etc.)<sup>2</sup> owners. As per information from design engineers, maximum number of days the vendors will experience loss of access/disruption of livelihood is 14 days which can be further minimized by scheduling civil works at night time or non-market day and laying of pipeline in phases. Temporarily affected persons (APs) will be assisted in moving to the other side of the road and returning their structures after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents. List of Aps will be bifurcated /separated after freezing of alignment/finalization of Service Improvement Plan (SIP) by the contractor.

7. To further minimize construction impacts, work will be executed during the early hours of the day in order to avoid inconveniences to the public as well as traders and vendors. All safety norms would strictly be adhered to depending on the magnitude of work and the sensitivity of the location. The Project Implementation Unit (PIU) will also ensure that all the necessary rules related to safety and security of the public and residents are followed by the contractor. The actual dates of construction schedule with respect to rush hour, festival time, and special business days have been discussed with vendors, squatters, market committee members, and residents, and intimated to the contractor for planning construction activities. After laying of pipes the lane/road will be restored to its original condition (including bitumen, cement concrete (CC) and CC interlocking tiles as applicable). Orientation program with Project Contractor and PIU was held on 15.12.2015 and safety issues were deliberated in detail. (**See Annexure 18**).

8. **Categorization.** This subproject has been categorized as “B”<sup>3</sup> for Involuntary Resettlement (IR) impact as per the ADB’s Safeguard Policy Statement (SPS), 2009. This resettlement plan (RP) is developed as per Detail Project Report (DPR)<sup>4</sup> and as per agreed Resettlement Framework (RF).

9. **Public Consultations and Disclosure:** Consultations were carried out during RP preparation and will continue throughout the subproject cycle. The social safeguard team carried out preliminary consultations, through focus group discussions (FGDs) and meetings with the affected persons (APs) as well as the general public from August 2015 to January, 2016. FGDs were conducted with the APs where in policy related issues, i.e., displacements and other issues like compensation and assistance, input to alternative design were discussed. During consultation meetings, participants were of the view that this subproject is important

---

<sup>2</sup> Resettlement impacts based on the detailed survey

<sup>3</sup> A proposed project is classified as category B if it includes involuntary resettlement impacts that are not deemed significant.

<sup>4</sup> SIP (by contractor) is under preparation which includes finalization of Designs/ coverage area/alignment. This RP may be revised accordingly.

and very much needed. All participants are pleased and committed to support the implementation of the project. There was no opposition for this subproject.

10. Final RPs will be made available near affected area, and PIU and PMU offices. The sub-project RPs will be disclosed in ADB's website and the PMU websites. Leaflet prepared in local language (Hindi) has been distributed to the Affected Persons in the month of December (2015) for understanding the sub-projects scope, R& R provision and GRC system under this project. Cut-off-date for temporary impacts has been communicated to APs through NGO and disclosed in the project affected area on dated 21.12.2015.

11. **Policy Framework and Entitlements.** The policy framework and entitlements for the program are based on national laws: the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013<sup>5</sup>, (ii) National Rehabilitation and Resettlement Policy, (NRRP) 2007 (iii) ADB SPS, 2009; and agreed RF.

12. **Compensation and Income Restoration:** The implementing agency will provide compensation in accordance with the entitlement matrix of the updated RF. As a policy, all affected persons will be provided 30 days advance notice to ensure minimal disruption of livelihood. Compensation will be completed prior to start of civil works. If required, they will also be assisted to temporarily shift for continued economic activity. For example they will be assisted to shift to the other side of the road where there is no construction. Ensuring there is no income or access loss during sub-project construction is the responsibility of contractors.

13. **Grievance Redress Mechanism.** Grievances of DPs/APs will first be brought to the attention of the Contractor, PIU and implementing NGO. They can immediately resolve issues on-site in consultation with each other, and will be required to do so within 3 days of receipt of a complaint/grievance. All grievances that cannot be redressed within 3 days at field/ ward level will be brought to the notice of Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within 7 days of receipt of compliance / grievance in discussion with the PIU, CAPC/ NGO and the Contractor. All the grievances that are not addressed by PMU within 7 days of receipt will be brought to the notice of the Grievance Redressal Committee (GRC). The City Level Committee (CLC), which will be established in every project town, will act as GRC. The GRC will resolve the grievance within 15 days of receiving the complaint. An aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. The PIU will keep records of all grievances received including: contact details of complainant, date of the complaint received, nature of grievance, agreed corrective actions and the date these were effected, and final outcome. All costs involved in resolving the complaints will be borne by the PMU. The GRCs will continue to function throughout the project duration.

14. **Institutional Arrangements:** The Local Self Government Department (LSGD), Government of Rajasthan (GoR) will be the Executing Agency (EA) of the Project and will be responsible for overall strategic approvals, guidance, monitoring the execution of the project. The current Project Management Unit of RUIDP, under the LSGD, will be the Implementing Agency (IA) for the project. IA will execute and monitor the RUSDP implementation. Six Project Implementation Units (PIUs), one each of in six project towns, shall be setup for implementation. PMU will support PIUs in implementation, management and monitoring of the project. PMU and PIUs will be assisted by Programme Management, Design and Supervision

---

<sup>5</sup> The Act has received the assent of the President on the 26 September 2013.

Consultants (PMDSC). At state-level an inter-ministerial Empowered Committee (EC) will be established to provide overall policy direction and City Level Committees (CLCs) will be established in each town to oversee the implementation at town level. The PMU will be assisted by a PMDSC social safeguards specialist (PMDSC SSS). For updating the resettlement plans, assist in the monitoring and supervision of ongoing subprojects and RP and IPP implementation, prepare resettlement plan and/or IPPs for new subprojects, where required, to comply with national law and/or ADB procedures; ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this resettlement framework. CAPC/NGO will be responsible for assisting in the RP implementation.

15. **RP Implementation and Monitoring:** All compensation is to be paid prior to start of civil works. RP implementation will be closely monitored by PIU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. The PIU, with assistance from PMDSC SSS, will prepare monthly and quarterly progress report in terms of physical and financial indicators. In addition, the monitoring process will also look into: the communication and reactions of affected persons; use of grievance procedures; information dissemination to affected persons on benefits; and options and implementation time table, livelihood and living standard of affected persons in pre and post-project situations. Report prepared by PIU will be compiled by the PMU on a semi-annual basis for its due submissions to ADB.

16. **Resettlement Budget:** The resettlement cost estimate for the Tonk Water and Sewerage subproject includes resettlement assistance, as outlined in the entitlement matrix, support cost for RP implementation and contingency provision amounting to be 5% of the total cost. Funds for resettlement will be released in a timely manner. The total resettlement cost for the subproject is INR **79,60,886**. The resettlement cost items and estimates are outlined in Table 8. The CAPC / implementing NGO will be involved in facilitating the disbursement process, and will facilitate opening bank accounts for the affected persons who do not have bank accounts. Payment of the compensation will be ensured before the start of civil works.

## RESETTLEMENT PLAN

### A. Sub-project Description

1. Rajasthan Urban Sector Development Program (RUSDP), building on the previous two ADB funded projects: RUIDP and RUSDIP (also referred as RUIDP I and II respectively), will support the Government of India (GOI) and the Government of Rajasthan (GoR) in their policy of balanced regional socio-economic development and poverty reduction through improvements in urban governance, management, and infrastructure and service provision in six selected cities<sup>6</sup> in Rajasthan. The selected cities are particularly district headquarters with more than 100,000 population and the ones which were not benefitted under the previous two ADB funded urban sector projects. With a main focus on improvement of water supply and sewerage services, proposed RUSDP will be implemented over a 6-year period beginning in 2014 through ADB's Sector Development loan (SDP).

2. This Resettlement Plan (RP) document is prepared for proposed Water Supply and Sewerage Subprojects in Tonk and is in line with the Resettlement Framework (RF) prepared for the implementation of social safeguards under RUSDP. Currently, water supply service in Tonk is unreliable coupled with quality issues and huge distribution losses. At present, there is no sewerage system and a majority of the population disposes sewage through septic tanks. Effluent from septic tanks and sullage, and sewage from houses without septic tanks is let off into open drains which ultimately collect in low lying areas in the out skirts of the town.

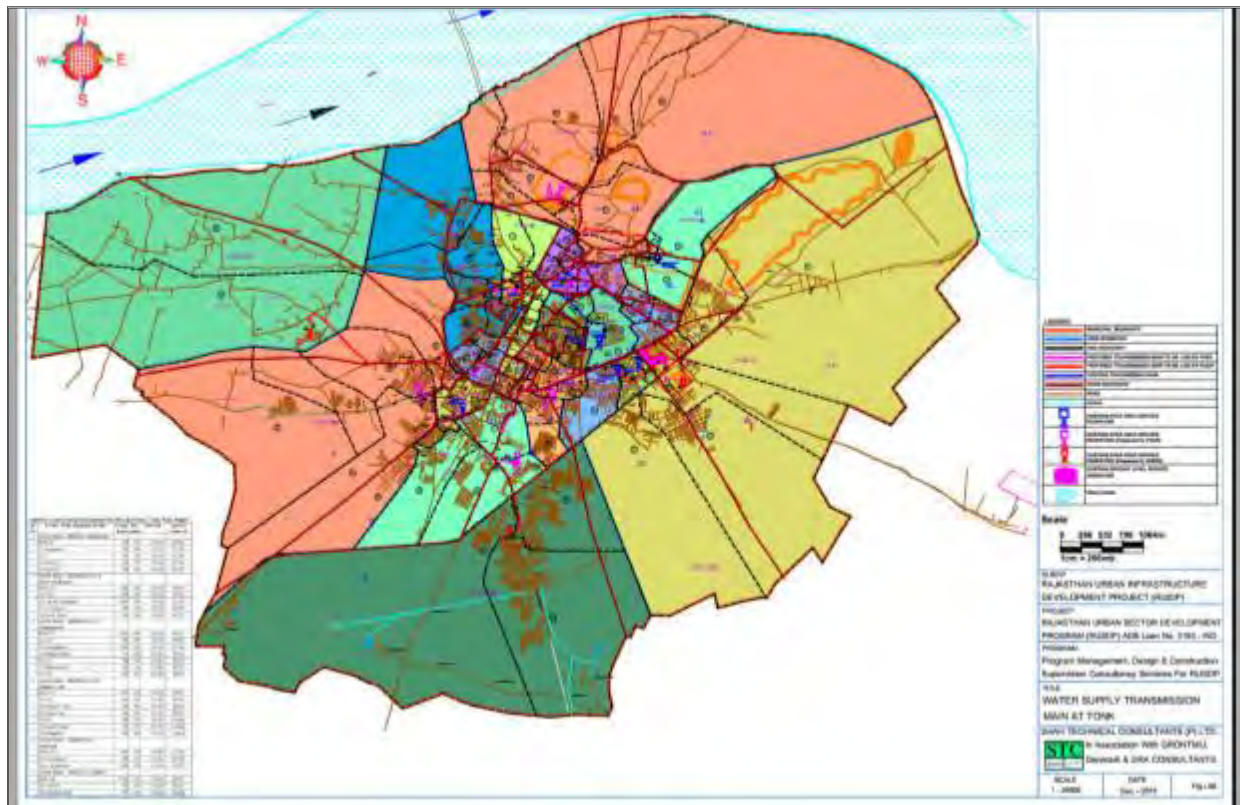

3. **The sub-projects includes: Water Supply:** (i) Construction and Commissioning Elevated Service Reservoirs (ESRs)-4 nos (ii) Supply and installation of Pumping units including mechanical and electrical items at Housing Board Pumping Stations for filling 4 ESRs (iii) Supply, laying, testing & commissioning of Transmission pipelines of Ductile Iron (DI) K9 (iv) HDPE PE 100, PN-6/ DI-K7 pipe distribution system of diameter 110 mm to 400 mm-430 Km (v) Metered House Service Connection, with Electro fusion saddle, Ferrule, HDPE pipe and GI pipe, ball valve, consumer meter, meter box where required etc-28,000 nos (vi) Establishment of Consumer Relation Management Centers(4 nos) and central control centre in the Tonk town including furniture, manpower, computer software and hardware as per requirement. **Sewerage:**(vii) Sewage Treatment plants (STPs) - 2 Nos(one of 16 MLD & another of 4 MLD capacity) (viii) Sewage Pumping Station-16 MLD (ix) Sewerage Collection network of Double wall corrugated PE pipes-250 Kms of which about 25 Kms will be laid with trenchless technology.(x) Rising main-4.20 Kms of 700 mm dia DI K9 pipes (xi) Effluent Pipe-7.0 Km (400 mm & 700 mm) (xii) House Connection up to property chamber-22,000 nos.

4. Categorization. This subproject has been categorized as "B" for Involuntary Resettlement (IR) impact as per the ADB's Safeguard Policy Statement (SPS), 2009. This resettlement plan (RP) is based on Detail Project Report (DPR) and as per agreed Resettlement Framework (RF).

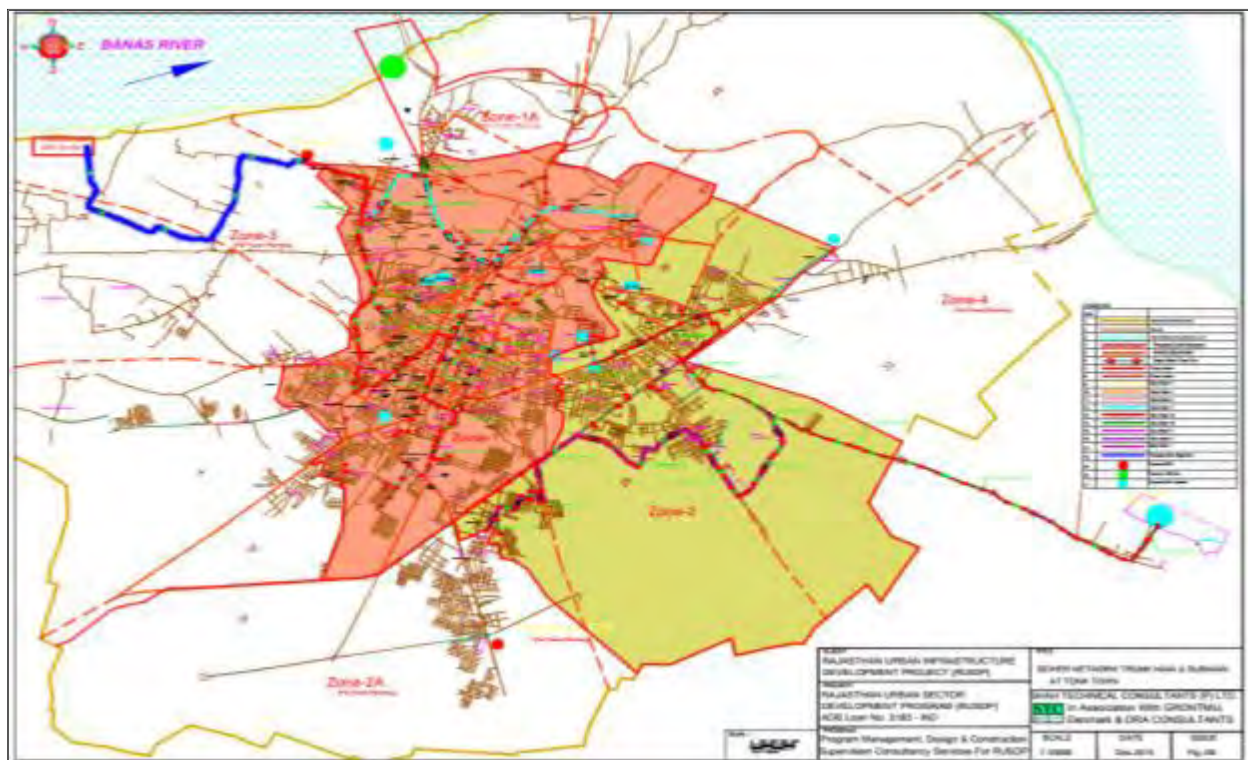

---

<sup>6</sup> The selected cities include: Pali, Tonk, Sri Ganganagar, Jhunjhunu, Bhilwara, and Hanumangarh

**Figure 1: Site Plan of Water Supply Project**

### Figure 2: Site Plan of Sewerage Project

## B. Scope of Land Acquisition and Resettlement

5. Consistent with the subproject selection criteria, rehabilitation is prioritized over new construction to avoid /minimize involuntary resettlement impacts. Construction of 2 nos of new sewage treatment plant (STP) and Construction of Elevated Service Reservoirs (ESRs)- 2 nos will be undertaken in government land which is under Tonk's Nagar Parishad possession and no new land acquisition is required( see Annex 2 to 10.),whereas one no of ESR (SawaiMadhopur Road) is under the possession of Water Resource Dept and NOC has been taken from WRD (**See Annexure 11**).One nos of ESR (Ramdwara) is under the jurisdiction of Forest Dept and NoC is awaited.

6. To estimate the temporary impacts, transect walks were undertaken initially in roads/ pipeline alignments to confirm that there are no impacts on private/ public land, private properties like housing, shops, commercial buildings, religious and community infrastructure. The main resettlement impacts will be due to laying of water supply and sewerage pipe networks. Pipes will be laid within road rights-of-way (RoW), and will not require land acquisition or cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income during construction. It has been noted during site inspections that laying of pipeline may cause temporary loss of access/disruption to livelihood during civil works to 1006 vendors/traders located at both sides of road (Ref **Table 1**). These are majorly non-titled movable /transitory structures (push carts etc.) owners. As per information from design engineers, maximum number of days the shops will experience loss of access/disruption of livelihood is 14 days which can be further minimized by scheduling civil works at night time or non-market day and laying of pipeline in phases. Temporarily affected person (APs) will be assisted in moving to the other side of the road (if required) and returning their structures after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents.

7. During transect walk, it was also observed that there are many narrow / congested street in the areas where pipeline is proposed. Meeting and discussion was made with PIU and decision was taken that where space will not be available, dia. of the pipe will be reduced and access will be made available to the Residential as well as Commercial Structures. Extensive consultations were made with the Residents and Shop Owners and they were informed about the up-coming works. They have given their consent for the works and are also ready for bearing temporary inconvenience during works (**See Annexure 20**).

8. To further minimize construction impacts, work will be executed during the early hours of the day in order to avoid inconveniences to the public as well as traders and vendors. All safety norms would strictly be adhered to depending on the magnitude of work and the sensitivity of the location. The Project Implementation Unit (PIU) will also ensure that all the necessary rules related to safety and security of the public and residents are followed by the contractor. The actual dates of construction schedule with respect to rush hour, festival time, and special business days have been discussed with vendors, squatters, market committee members, and residents, and intimated to the contractor for planning construction activities accordingly. After laying of pipes the lane/road will be restored to its original condition (including bitumen, cement concrete (CC) and CC interlocking tiles as applicable). Summary of Sub-project components and possible IR impact are shown in **Table 2**.

**Table 2: Subproject Components and its Impact on Land Acquisition and Resettlement**

S N	Name of the Components	Permanent Impact on Land Acquisition and Resettlement	Temporary Impact	Remarks
1	Construction and Commissioning Elevated Service Reservoirs (ESRs)-4 nos			
(a)	Annaporna Doongari	NO	NO	Rakwa No-6168/2. Total Area-24 Bigha, 1 Biswa. No resettlements impacts will be envisaged. The land is completely vacant and belongs to Nagar Parishad and allotted to PHED.
(b)	Bisalpur Colony, Sawai Madhopur Road	NO	NO	Area-9686 sq. feet. Land belong to WRD (Water Resource Department) NOC from WRD, given to PHED. No resettlements impacts will be envisaged. The land is completely vacant
(c)	Solangpur Mataji	NO	NO	Khasra No-4773-7227. Total Area-11 Bigha,12 Biswa. The land is completely vacant and belong to Nagar Parishad and allotted to PHED.
(d)	Ramdwar	NO	NO	The land is completely vacant belong to Forest Department. Permission from Forest Depart has been taken.
2	Supply and installation of Pumping units including mechanical and electrical items at Housing Board Pumping Stations for filling 4 ESRs	NO	NO	No Impact
3	Sewage Treatment plants (STPs) - 2 Nos(one of 16 MLD & another of 4 MLD capacity)			
(a)	Sewerage Treatment Plant- Soran(4 MLD)	NO	NO	Khasra No-101,116/3 Total Area-25 bigha 10 Bishwa &106 Bigha 12 biswa. Land was transferred from Revenue Dept to Nagar Parishad for Solid Waste Management. Permission for construction of STP on this land has been taken from Dist. Collector
(b)	Sewerage Treatment Plant-Molaipura (16 MLD).	NO	NO	Land was transferred from Revenue Dept to Nagar Parishad. The land is vacant land.
4	Sewage Pumping Station-16 MLD at Bikapura	NO	NO	The land is completely vacant. Permission letter issued by Nagar Parishad on dated 02.03.15
5	Metered House Service	NO	NO	No Impact

S N	Name of the Components	Permanent Impact on Land Acquisition and Resettlement	Temporary Impact	Remarks
	Connection, with Electro fusion saddle, Ferrule, HDPE pipe and GI pipe, ball valve, consumer meter, meter box where required etc-28,000 Nos			
6	Establishment of Consumer Relation Management Centers(4 nos) and central control center in the Tonk town including furniture, manpower, computer software and hardware as per requirement.	NO	NO	No Impact
7	House Connection up to property chamber-22,000 nos.	NO	NO	No Impact
8	Supply, laying, testing & commissioning of Transmission pipelines of Ductile Iron (DI) K9	NO	NO	The pipelines will be buried below in a trench on the edge of the road within the existing right of way (RoW). There are no impacts of pipe laying on permanent/semi-permanent structures. Temporary impacts on movable structures within RoW are envisaged on 1006 Aps.
9	HDPE PE 100, PN-6/ DI-K7 pipe distribution system of diameter 110 mm to 400 mm-430 Km	NO	YES	
10	Sewerage Collection network of Double wall corrugated PE pipes-250 Kms of which about 25 Kms will be laid with trenchless technology	NO	YES

3. Average income/day (shops) on the basis of minimum wages <sup>7</sup>	INR 213/day

\* Based on Socio Economic Survey Dec 2015

### C. Socio-economic Information and Profile

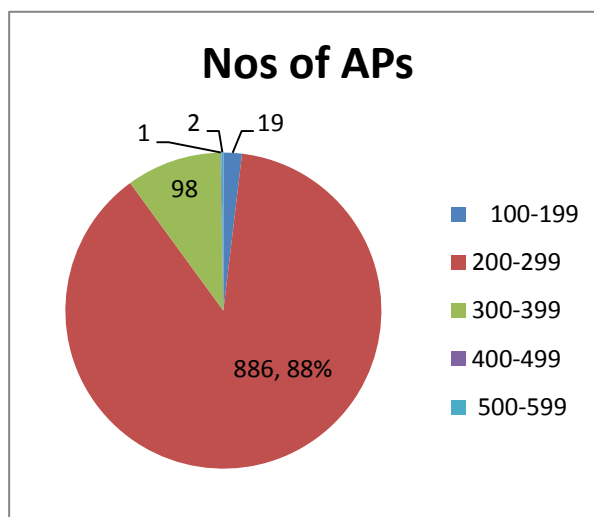

10. The following sections present socio-economic profile of the households likely to be affected by the proposed works. To estimate the temporary impacts initially a series of transect walks were conducted; this was followed by a 100 percent census and a socio-economic survey conducted in the areas, where the works is to be taken up (Sample format is attached in **Annexure 23**). The baseline information collected through survey provides the socio-economic conditions of affected households. A wide range of data including, social category, Type of losses, Type of Occupation, sources of income, choice of resettlement etc have been collected by conducting census and socio-economic survey among likely project affected households.(Summary of Socio-Economic profile is attached in **Annexure 1**).

11. The data base provides broad understanding of social and economic conditions of project affected households and the likely impacts that people would experience due to proposed Works. A selected set of socio-economic information is discussed in the following sections to establish the profile of the project affected persons. The data base generated through household socio-economic survey would be used by the monitoring and evaluation consultant for evaluation of the resettlement plan objectives.

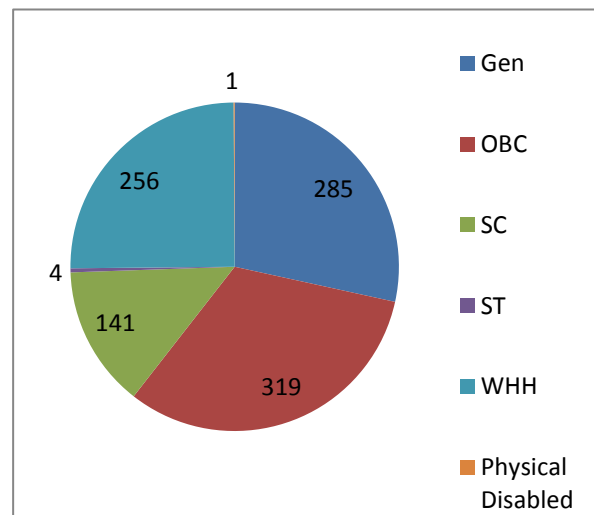

12. Respondents were asked to provide monthly income against business. For the purpose of analysis the income groups to which the households belong to are discussed below. The households have been grouped into following categories. They are - households having an income of less than and equal to Rs. 2500/- per month, Rs. 2501 to 6000 per month, Rs. 6000 to 10000/- per month and more than Rs. 10000/- per month. Data collected have been complied as above are presented in **Annexure 1**.

<sup>7</sup> Incase, daily income of AP is less than Minimum Wages (as per Government of Rajasthan Minimum Wages Act), then Average income/day of AP will be calculated on the basis of minimum wage (unskilled labour), which is Rs.197/- (Dec 2015). The daily wage has been calculated on this basis. (Ref Annexure 26).

13. **Income:** No households with a monthly income of less than or equal to Rs. 2500/- per month was identified. 1.9 % of the households likely to be affected belong to the income category between Rs. 100-199 per day. 88 % of the households likely to be affected belong to the income category between Rs.200-299 per day. 9.8 % of the households likely to be affected belong to the income category between Rs.300-399 per day. 0.1% of the households likely to be affected belong to the income category between Rs. 400 - 499 per day. This is followed by those households whose income varies between Rs. 500-599/- per day is 0.2%. The average earning of these people is approximately 211/- per day and the average household income works out to be 6330/- per month. But taking into consideration the Minimum Wages in Rajasthan (as on date), the average per day income per AP comes to Rs. 213 /-. The Resettlement Budget has been prepared on the basis of minimum wages in vogue

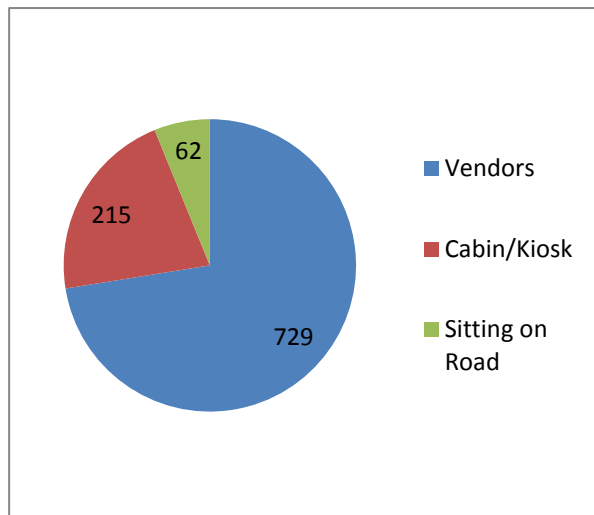

14. **Caste:** Households likely to be affected as per social category have been presented in **Annexure 1**. General Caste comprise 28.3%, Other Backward Castes (OBC) comprises 31.7%, SC comprises 14%, WHH<sup>8</sup> comprise 25.5%, ST comprise 0.4% and Physical Disabled comprise 0.1% of the total households likely to be affected. It may be noted that OBC constitutes the majority in the overall social profile in the Tonk. This is closely followed by the general castes.

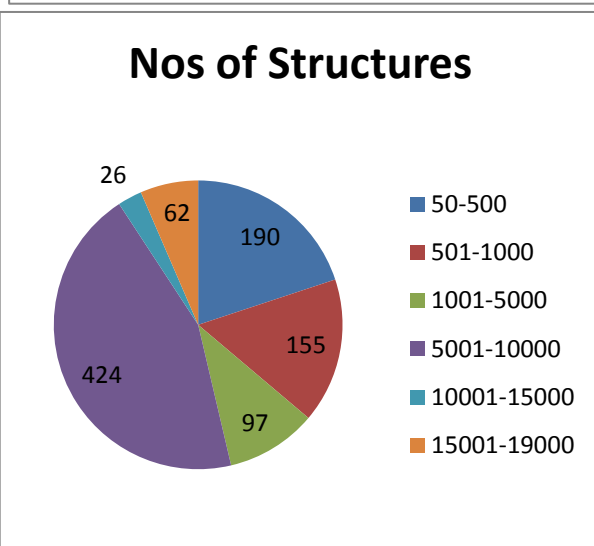

<sup>8</sup> Household is considered women headed when she is the single bread earner of the family or earn most/significant part of the income for the family

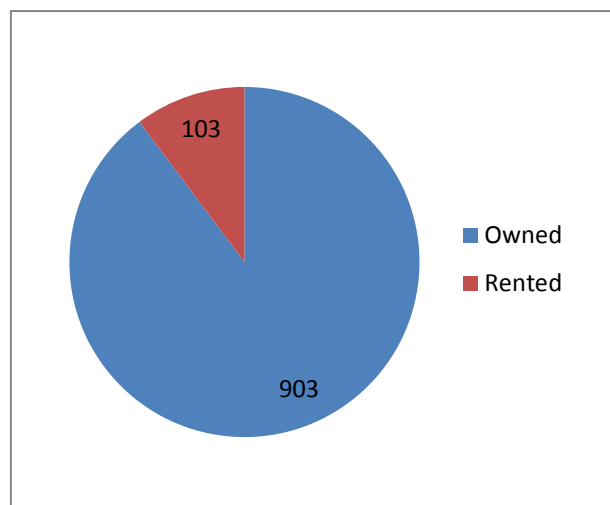

15. Around 73% have movable structures, while 21% have cabin/ kiosk have constructed temporary sheds (can easily dismantled) and 6% sit on roads for selling their goods.

16. An average cost of their business unit/structure was estimated at Rs.9869 with minimum at Rs. 50 and maximum at Rs. 19000.

17. 89% of Aps (903/1006) have their own structure, while 11% (103/1006) are paying rent for structures.

18. 28% APs are paying Rs 150-300/month, 48% are paying Rs. 301-500/month, 20% are paying Rs. 501-700/month, 2% are paying Rs. 701-1000/month, while 0.97% pay Rs. 1001-1300/month.

19. **Working in Towns in Years:** 57% APs are living/working in town since last 1 to 10 years, 34% APs are living/working in town since last 11 to 20 years, 6% APs are living in town / working since last 21 to 30 years, while 1.39% APs are living / working in town since last 31 to 50 years.

20. **Working hours (Hrs/day) at Single Place:** 6% APs have indicated that they work at fixed location for 1 to 5 hrs/day, 77% APs have indicated that they have work at fixed location for 6 to 10 Hrs/day, 15% APs have indicated that they work at fixed location for 11-15 hrs/day, while 0.29% APs have indicated working at fixed location for 16-17 hrs/day.

#### D. Information Disclosure, Consultation and Participation

21. The RP was prepared in consultation with stakeholders. The key stakeholders to be consulted during various stages of RP preparation include (i) all APs, including vulnerable households; (ii) program beneficiaries (iii) elected representatives, community leaders, and representatives of community-based organizations; (iv) local NGOs; (v) local government and relevant government agency representatives; and (vi) Program staff, PMU, PIU, and consultants. Meetings and individual interviews were held involving stakeholders particularly, potentially temporarily Affected persons; and transect walks, survey and interviews were conducted from August to Dec, 2015 to determine the potential impacts of subproject. The issues like, awareness and extent of the project and development components, benefits of project, traffic disruptions and impacts on livelihood. It was informed to APs surveyed that appropriate measures will be undertaken during construction to minimize impacts. (Including scheduling of activities and reducing construction activities during the rush hour). It was also informed that, if despite mitigation measures, there would be any temporary impacts on livelihood; these would be compensated in accordance with the resettlement plan's entitlement matrix.

**Table 5: Consultation with Stakeholders:-**

S.No.	Name	Designation	Contact No.
1.	Mr. Shikhar Chand Jain	Commissioner Nagar Parisha, Tonk	8290122002
2.	Mr. Dinesh Goyal	EE, Nagar Parishad Tonk	9887483811
3.	Mr. M.K. Rangrajan	AEn, Nagar Parishad, Tonk	9928365633
4.	Mr. Fateh Singh	JEn, Nagar Parishad, Tonk	9887901638
5.	Mr. Radheshyam Gupta	AEn, PHED, Tonk	9414257799
6.	Mr. D.K. Pareek	Executive Engineer, WRD, Bisalpur Project	9413381382
7.	Mr. Kailash Puri	Mahant (Priest) Annapurna Dungri Temple	7737007743
8.	Mr. Deepak Puri	Mahant (Priest) Annapurna Dungri Temple	

**Meeting with Ex.En ,Nagar Parishad**

**Meeting with Commissioner, Nagar Parishad**

**Meeting with A.En,PHED**

**Meeting with Nagar Parishad Officials**

22. The approved RP documents will be disclosed on ADB and local government's websites and will be available in key local/ state government offices. During the subproject implementation, construction schedules will be informed to all residents (including APs) prior to the commencement of pipe laying through signboards. The sign boards will be in local language and will include at minimum: (i) section to be affected, (ii) start and end dates, (iii) information on traffic rerouting if any, and (iv) Contact information for questions/ grievances.

23. Information dissemination and disclosure is a continuous process since the beginning of the program. Information dissemination was carried out through printed leaflets/ information booklets that was prepared by the PMDSC in local language. The disclosure of Resettlement Plan has been circulated to the DPs and stakeholders through leaflet (Hindi script) on dated 30.11.2015 (**See Annexure 14 & 15**). The same were circulated to the PMU & PIU office. Leaflets were distributed not only to APs but also to people (residents, businessmen and others) within the immediate project influence area in advance so that people could be aware about the project works and its benefit and also R&R provision under these project. (**See Annexure 14 & 15**)

24. The leaflet/ information booklet contained the following:

- Description of the project and its objectives;

- Summary of impacts (including land acquisition, and impacts on common property resources, etc);
- Resettlement & Rehabilitation provisions of the project and specific benefits available to vulnerable APs;
- Ways and means of involving local communities;
- Grievance redress mechanisms, suggestion and complain handling mechanism, etc.

**Table 6: Consultation and Disclosure Activities**

Program Phase	Activities	Details	Responsible Agency
Investment Program Initiation/ Bridging Phase	Mapping of the program areas	Area to be mapped, clearly showing survey numbers of titleholders of land/property proposed for acquisition.	PMU in coordination with DC's offices and other local bodies.
	Stakeholder identification	Cross section of stakeholders to be identified in order to facilitate their participation in the Program.	PMU and PIUs in consultation with stakeholders.
	Program/sub-project information dissemination; Disclosure of proposed acquisition of land	Leaflets containing information on the Program and sub-project to be prepared. Public notice issued in local newspapers (and disclosed on PMU/PIU websites) including survey numbers and names of titleholders for land to be acquired concurrent with consultation with titleholders.	PMU SPO and PIU ASO. Notice will be issued from the DC's office. PMU SPO and PIU ASO to disclose on the web.
	Stakeholder consultations	Further consultations with affected titleholders and households. Consultations with non-titled APs and other stakeholders during subproject scoping.	PMDSC SSS and CAPC/ implementing NGO.
RP Preparation Phase	Disclosure of cut-off date	For permanent land acquisition as per the LARR, 2013 while for temporary impacts by PIU.	PIU with support from PMDSC SSS and CAPC / implementing NGO
	SIA surveys	Surveys to be conducted. Summary RF to be disclosed in local language through printed materials to APs particularly those who are vulnerable and other stakeholders.	PIU through PMDSC SSS to conduct surveys. PMDSC SSS to disclose RF to stakeholders (including making it available in PMU/PIU offices and government agency offices) PMU/PIU to disclose on the web.

Program Phase	Activities	Details	Responsible Agency
	Formulating compensation and resettlement assistance measures	Conducting stakeholder consultations particularly APs in and reflecting issues raised in revised RP.	PMDSC SSS and CAPC/ implementing NGO.
	Disclosure of final entitlements and rehabilitation packages	Provision of RPs to all stakeholders particularly APs. Conducting consultations and distributing local language versions of the summary RP.	PMU/PIU to disclose on the web. SSS of PMDSC and CAPC/ implementing NGO to conduct consultations.
RP Implementation Stage	Disclosure of RP	Review and approval of RP by EA. Review and approval of RP by ADB. Web disclosure of the RP.	PMU to provide ADB with RP for review and approval. PMU SPO to disclose on the web.
	Consultation with APs during RP implementation	Consultations with APs.	CAPC/ implementing NGO with monitoring from PIU/PMU and external agency.

25. For the temporary impacts the date/period of socio-economic surveys was considered as cut-off date. Cut-off-date for temporary impacts was communicated to APs through NGO and PMDSC on dated 30.12.2015, (**See Annexure 16 &17**) and also by putting up printed information in project affected area at common advertisement place. Similarly, list of APs was published at common places with contact details of implementing NGO/PIU officials. The list was put up area wise and at a time for the entire city. The objective of the cut-off-date was to avoid APs moving into other areas and to identify any duplication of APs.

26. Finalized RPs will also be disclosed in ADB's website, PMU websites, and PIU or city websites; and information dissemination, through subproject specific leaflets and public announcements, and consultation will continue throughout program implementation.

## **E. Grievance Redress Mechanism**

27. The RP will follow the three-tier project-specific grievance redress mechanism (GRM) furnished in the RF. The GRM established will receive, evaluate, and facilitate the resolution of AP's concerns, complaints, and grievances about the social and environmental performance at the level of the Project. The GRM will aim to provide a time-bound and transparent mechanism to voice and resolve social and environmental concerns linked to the Project.

28. In case of grievances that are immediate and urgent in the perception of the complainant, the contractor, and supervision personnel from PIU the PMDSC on-site will

provide the most easily accessible or first level of contact for quick resolution of grievances. Contact phone numbers and names of the concerned PIU Assistant Safeguards Officer, contractors, will be posted at all construction sites at visible locations.

- (i) **1st level grievance.** The contractors, PIU supervision personnel, PIU Assistant Safeguards Officer and implementing NGO/CAPC NGO<sup>9</sup> can immediately resolve issues on-site in consultation with each other, and will be required to do so within 3 days of receipt of a complaint/grievance.
- (ii) **2nd level grievance.** All grievances that cannot be redressed within 3 days at field/ward level will be brought to the notice of Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within 7 days of receipt of compliance/grievance in discussion with the PIU, CAPC/NGO and the Contractor.
- (iii) **3rd level grievance.** All the grievances that are not addressed by PMU within 7 days of receipt will be brought to the notice of the Grievance Redressal Committee (GRC). The City Level Committee (CLC), which will be established in every project city, will act as GRC<sup>10</sup>. GRC will meet twice a month and determine the merit of each grievance brought to the committee. The PIU ASO will be responsible to see through the process of redressal of each grievance. The GRC will resolve the grievance within 15 days of receiving the complaint.

29. The project GRM notwithstanding, an aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. Alternatively, if the grievance is related to land acquisition, resettlement & rehabilitation<sup>11</sup>, the APs can approach the Land Acquisition, Rehabilitation and Resettlement Authority (LARRA).

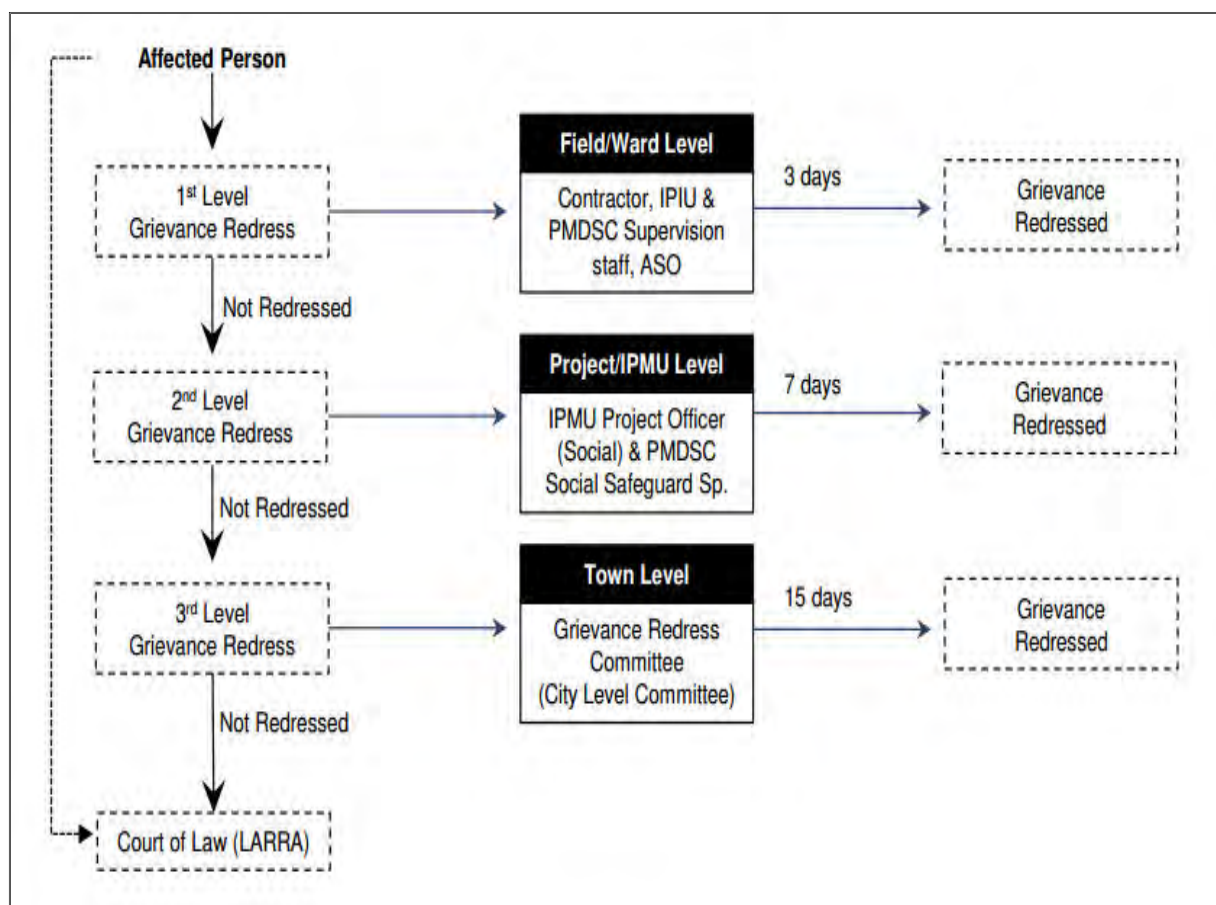

30. In the event that the established GRM is not in a position to resolve the issue, the affected person also can use the ADB Accountability Mechanism through directly contacting (in writing) the Complaint Receiving Officer (CRO) at ADB headquarters or the ADB India Resident Mission (INRM). The complaint can be submitted in any of the official languages of ADB's DMCs. The ADB Accountability Mechanism information will be included in the PID to be distributed to the affected communities, as part of the project GRM.

31. Records will be kept of all grievances received including: contract details of complainant, date of the complaint received, nature of grievance, agreed corrective actions and the date of these were effected, and final outcome. All costs involved in resolving the complaints (meetings, consultations, communication and reporting/information dissemination) will be borne by the concerned PIU at city level while costs related to escalated grievances will be met by the PMU.

<sup>9</sup> Implementing NGO role will be confined upto validation of APs, Facilitating Opening of Bank Accounts. CAPC will oversee all other matters (including distribution of Assistance and monitoring of Aps, income generation programs for APs. etc.) related to Implementation of Resettlement Plan (RP)

<sup>10</sup> City Level Committees (CLC)/ Grievance redress committees (GRC) will be formed at city-level with members composed of: District Collector (DC) as Chairperson, and following as members: ULB Commissioner; Assistant Safeguards Officer PIU; representative from RPCB regional office; and one representative each from relevant government departments as appropriate (PWD/PHED/DAMetc.). All city-level GRCs will have at least one woman member/ chairperson. In addition, for project-related grievances, representatives of APs, community-based organizations (CBOs), and eminent citizens will be invited as observers in GRC meetings

<sup>11</sup> The Authority admits grievance only with reference to the LA and R&R issues under the new LARR Act, 2013.

**Figure 4: Grievance Redress Process**

ASO - Assistant Safeguard Officer; IPIU - Investment Program Implementation Unit; PMU - Investment Program Management Unit; PMDSC - Project Management, Design & Supervision Consultant

## F. Legal Framework

32. The policy framework and entitlements for the RUSDP are based on:
  - (i) The recently passed-The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act (RFCT in LARR), 2013.
  - (ii) National Rehabilitation and Resettlement Policy, (NRRP)2007; and
  - (iii) ADB's Safeguard Policy Statement (SPS), 2009. The salient features of Government and ADB policies are summarized below. The resettlement principles and procedures to be followed for social safeguards under RUSDP are detailed out in the RF document.
33. Core involuntary resettlement principles for the RUSDP to be followed for each sub-project, including sample sub-projects are:
  - (i) Land acquisition, and other involuntary resettlement impacts will be avoided or minimized exploring all viable alternative sub-project designs;
  - (ii) Where unavoidable, time-bound resettlement plans (RPs) will be prepared and APs will be assisted in improving or at least regaining their pre-program standard of living;

- (iii) Full information and close consultations with APs including consultation with APs on compensation, disclosure of resettlement information to APs, and participation of APs in planning and implementing sub-projects will be ensured;
- (iv) Vulnerable groups will be provided special assistance<sup>12</sup>
- (v) Payment of compensation to APs including non-titled persons (e.g., informal dwellers/squatters, and encroachers) for acquired assets at replacement rates;
- (vi) Payment of compensation and resettlement assistance prior to the contractor taking physical acquisition of the land and prior to the commencement of any construction activities;
- (vii) Provision of income restoration and rehabilitation; and
- (viii) Establishment of appropriate grievance redress mechanisms.

34. APs will be entitled to a combination of compensation measures and resettlement assistance, depending on the nature of ownership rights of lost assets and scope of the impact, including social and economic vulnerability of the APs.

## **G. Entitlements, Assistance and Benefits**

35. All APs who are identified in the subproject areas on the cut-off date will be entitled to compensation for their affected assets, and rehabilitation measures (as outlined in the entitlement matrix below) sufficient to assist them to improve or at least maintain their pre project living standards, income-earning capacity and production levels. Compensation eligibility is limited by a cut-off date as set for this project on the day of the completion of the census survey which is **15.12.2015** in this case. APs who settle in the affected areas after the cut-off date will not be eligible for compensation and assistance. APs will be provided 30 days advance notice to ensure no or minimal disruption in livelihood. If required, they will also be assisted to temporarily shift for continued economic activity. For example they will be assisted to shift to the other side of the road where there is no construction. Ensuring there is no income or access loss during sub-project construction is the responsibility of contractors.

36. In majority of the cases, work will be undertaken on one side of the road at a time, and temporarily affected person (APs) will be assisted in moving to the other side of the road and returning their structures after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents/environmental management plan (EMP). An alternate place in the vicinity will also be identified where more number of APs are affected at one place (e.g. vegetable market) so that they can continue with their livelihood activities.

37. The IPIU and the NGO will provide the identity cards (ID) to each of the APs. The entitlement matrix for the subproject based on the above policies is in Table 7.

---

<sup>12</sup> Including poor households, households headed by women, the elderly, the physically handicapped, Schedule Caste and Scheduled Tribes considered vulnerable based on the Indigenous Peoples Planning Framework (IPPF).

38. The construction period will be minimized and is estimated to be less than 7 days and 20 days per section of work for water supply and sewerage pipelines, respectively. Though, the construction period is specified different for water supply and sewerage works, livelihood losses will be estimated for maximum of 14 days considering delays in works and road restoration (which force movable vendors to operate from different place). During orientation program with Contractor, It is suggested that water supply and sewerage works could be carried out at parallel to minimize impacts on stretches where both the works are proposed.

39. If construction activities results unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater will be provided. Vulnerable APs will be given priority in project construction employment and provided with additional special assistance for income restoration support. Compensation and assistance to APs must be made prior to possession of land/assets and prior to the award of civil works contracts. Since most affected households have moveable stalls, ID cards should be distributed 30 days before compensation. In summary, temporarily APs will be provided with:

- (i) 30 days advance notice regarding construction activities, including duration and type of disruption.
- (ii) Contractor's actions to ensure there is no income/access loss consistent with the initial environmental examination. This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased work forces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time.
- (iii) Assistance to mobile vendors/hawkers to temporarily shift for continued economic activity. For example assistance to shift to the other side of the road where there is no construction.
- (iv) For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater.

Table 7: Entitlement Matrix

RF No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
1	Temporary disruption of livelihood	Temporary impacts	Legal titleholders, non-titled APs	<ul style="list-style-type: none"> <li>30 days advance notice regarding construction activities, including duration and type of disruption.</li> <li>Cash assistance based on the minimum wage/average earnings per month for the loss of income/livelihood for the period of disruption Contractor's actions to ensure there is no income/access loss consistent with the IEE.<sup>13</sup></li> <li>Assistance to vendors/hawkers to temporarily shift for continued economic activity (Rs. 1,000 as one time assistance)<sup>14</sup></li> <li>For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater<sup>15</sup></li> </ul>	Identification of alternative temporary sites to continue economic activity.	Valuation Committee will determine income lost. Contractors will perform actions to minimize income/access loss. For temporary impacts during construction activities, PMDSC SSS with the help of implementing NGO will assess/verify impacts through structured surveys. Payment will be made by PIU through contractor.
2	Impacts on vulnerable APs	Temporary impacts	Vulnerable APs <sup>16</sup>	<ul style="list-style-type: none"> <li>Livelihood. Vulnerable households will be given priority in project construction employment and provided with income restoration support.</li> <li>Vulnerable persons/businesses will receive Rs. 7,000 as one time assistance under temporary impacts.</li> </ul>	Vulnerable households will be identified during the census.	PMDSC SSS and implementing NGO will verify the extent of impacts through a 100% survey of APs, determine assistance, verify and identify vulnerable households.

<sup>13</sup> This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time

<sup>14</sup> For example assistance to shift to the other side of the road where there is no construction. These will be however given to only non-movable businesses (which are not on wheels).

<sup>15</sup> Under this project it is suggested for 14 days of impact period during construction for both water supply and sewerage subprojects.

<sup>16</sup> Vulnerable households include female-headed households, physically handicapped-headed households, scheduled tribe and schedule caste households, Below Poverty Line households, and households with marginal land holdings, that is the only source of livelihood, and majority of that land is being acquired under the project.

RF No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
3	Loss and temporary impacts on common resources	Common resources	Communities	<ul style="list-style-type: none"> <li>Replacement or restoration of the affected community facilities – including public water stand posts, public utility posts, temples, shrines, etc.</li> </ul>	-	PMU and Contractor.
4	Any other loss not identified	-	-	<ul style="list-style-type: none"> <li>Unanticipated involuntary impacts will be documented and mitigated based on ADB's Safeguard Policy (SPS), 2009/RUSDP RF/EM.</li> </ul>	-	PMDSC SSS and implementing NGO will ascertain the nature and extent of such loss.

## H. Resettlement Budget and Financing Plan

40. The resettlement cost estimate for the Tonk Water and Sewerage subproject includes resettlement assistance, as outlined in the entitlement matrix, support cost for RP implementation and contingency provision amounting to be 5% of the total cost. The funds for resettlement will be released in a timely manner. The total resettlement cost for the subproject is **INR 79,60,886**. The resettlement cost items and estimates are outlined in **Table 8**. The implementing /CAPC NGO will be involved in facilitating the disbursement process, and will facilitate opening bank accounts for the affected persons who do not have bank accounts. Contractor will pay all the compensation before the start of civil works.

**Table 8: Resettlement Budget**

S.no	Item	Unit	Quantity	Unit Rate	Amount
A.	Resettlement Cost				
1	Assistance for temporary livelihood impacts for 14 days	14 days	1006	213	2999892
2	Assistance for the temporary disruption of livelihood to vulnerable households (one time)	Once	402	7000	2814000
3	Shifting Assistance for 1006 Aps (one time)	Once	1006	1000	1006000
4	<i>Sub-Total A</i>				6819892
B	Additional Contingency (5%)				340994
C.	Implementation Cost <sup>17</sup>				800000
	Grand Total (A+B+C)				<b>7960886</b>

## I. Institutional Arrangements and Implementation Schedule

41. The Local Self Government Department (LSGD) is the executing agency responsible for overall technical supervision and execution of all subprojects funded under the Program. The Implementing Agency is the Program Management Unit (PMU) of the ongoing Rajasthan Urban Infrastructure Development Project (RUIDP), to coordinate construction of subprojects and ensure consistency across the towns. Project Implementation Unit (PIU) has been established. The inter-ministerial Empowered Committee provides LSGD with central policy guidance and coordination and City Level Committees (CLCs) established in Tonk to oversee the implementation at city level. The PMU is assisted by: PMDSC who manages the Program and assure technical quality of the design and construction; managing the tendering of Contractors, and supervising construction.

42. PMU Social Project Officer (SPO) will perform responsibilities like: Addressing social safeguards issues; Implementing the resettlement framework/IPF; Liaising with district administration for land acquisition and resettlement plan implementation; Addressing any

<sup>17</sup> NGO costs for RP implementation activities (validation of APs, Facilitating Opening of Bank Accounts). **Ref Annexure 24** for RP implementation NGO TOR CAPC will oversee all the other matters.

problems and/or delays in the land acquisition process including GRM management and monitor the overall complaint resolution status; Monitoring physical and financial progress on land acquisition activities and updating the PMU on the same; Monitoring implementation of safeguards plans (resettlement plan/PPs); Guiding the PIUs as and when necessary; and Endorsing and submitting periodic semiannual social safeguard monitoring reports.

43. The PMU will be assisted by a PMDSC social safeguards specialist (PMDSC SSS). The SSS will (i) update the existing resettlement plans based on the detailed design; (ii) assist in the monitoring and supervision of ongoing subprojects and RP and IPP implementation; (iii) prepare resettlement plan and/or IPPs for new subprojects, where required to comply with national law and/or ADB procedure; (iv) ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this resettlement framework; (v) review and finalize all reports in consultation with the PMU SPO (RP updating and preparation, preparation of semi-annual social safeguard monitoring report for PMU submission to ADB, and support GRM implementation); In addition, SSS will assist the PMU in procurement needs and other project implementation aspects, and shall play a central role in ensuring capacity building on resettlement management of the PMU, NGO, and line departments through capacity development support and training. Refer **Figure 5** for the implementation arrangement of environment and resettlement safeguards.

44. PMU Social Project Officer (SPO) will receive support from Social Safeguard Specialist (SSS) of the PMDSC Team in implementation of social/land acquisition/resettlement related tasks at PIU level. At each PIU, an Assistant Engineer (AE) rank officer will be designated as Assistant Safeguards officer (ASO) who will assist PMU SPO in implementation of the social safeguards at the PIU level. The PIUs will be responsible for implementation of the resettlement plan. PIUs will undertake internal monitoring and supervision and record observations throughout the project period to ensure that the safeguards and mitigation measures are provided as intended. ASO will be responsible for (i) implementing and monitoring safeguards compliance activities, public relations activities, gender mainstreaming activities, and community participation activities; (ii) coordinating with district administration and NGO for land acquisition and R&R aspects and addressing any problems and/or delays; (iii) monitoring physical and financial progress on land acquisition and R&R activities including record keeping of the grievance and redress issues as reported by CAPC NGO/Contractor and prepare and submit monthly report on safeguards to be consolidated by PIU ASP; and (iv) organizing monthly meetings with the NGO to review the progress on R&R. Further details on agencies responsible for RP activities are in **Table 9** and a tentative implementation schedule is given in **Table 10**.

45. Apart from safeguard staff at PMU/PIU and PMDSC level, implementing NGO/CAPC will be appointed for Tonk to undertake various Community Awareness and Public Participation-activities including RP implementation. Key activities of the NGO in relation to resettlement planning and implementation will include: (i) conducting detailed survey of physically and economically displaced persons based on detailed design, and identifying poor, female-headed, and vulnerable households affected by land acquisition and resettlement; (ii) preparing the list of the potential affected persons and issue identification cards; (iii) facilitating the process of disbursement of compensation to the affected persons, coordinating with the revenue department and informing the affected persons of the compensation disbursement process and timeline; (iv) assisting affected persons in opening bank accounts, explaining the implications, rules, and obligations of a joint account and how he or she can access the resources he or she is entitled to; (v) assisting the executing agency in ensuring a smooth transition (during the partial or full relocation of the affected persons), helping them to take salvaged materials and shift. In close consultation with the affected persons, the NGO shall inform the PMU about the shifting dates agreed upon in

writing and the arrangements they desire with respect to their entitlements; (vi) organizing training programs for income restoration; (vii) conducting meaningful, ongoing consultation and ensuring disclosure of resettlement plans in an accessible manner to the affected persons; (viii) assisting PIUs in grievance redress mechanism; (ix) assisting PIUs in keeping detailed records of progress and establishing monitoring and reporting systems of resettlement; (x) acting as the information source for community interaction with the project, and liaising between community, PMDSC contractors, and project management and implementing units during the execution of the works; and (xi) providing advice and other support to PIUs as required.

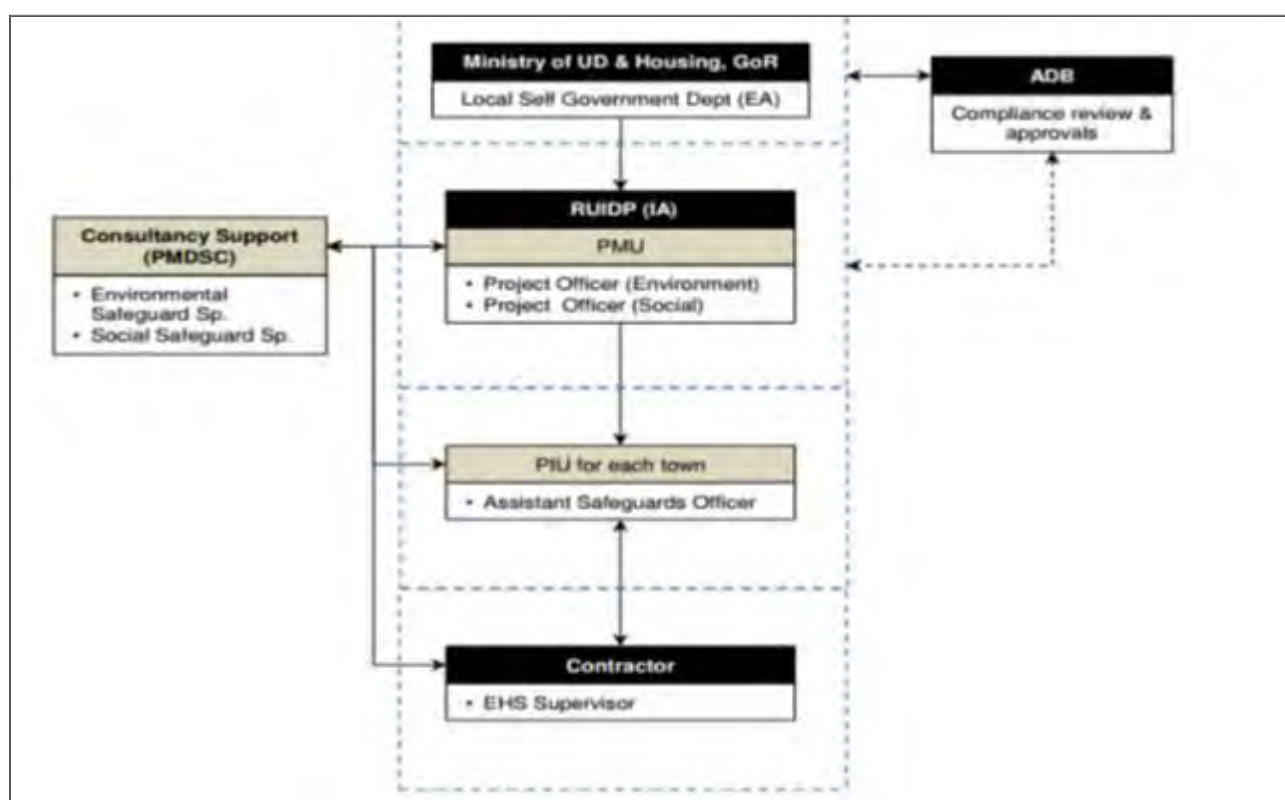

**Table 9: Institutional Roles and Responsibilities**

Activity	Responsible Agency
<b>Sub-project Initiation Stage</b>	
Finalization of sites for sub-projects	PMU
Disclosure of proposed land acquisition and sub-project details by issuing Public Notice	PMU
Meetings at community/household level with APs	PIU/NGO
Formation of VCs	PMU/PIU
<b>RP Preparation and Updating Stage</b>	
Conducting Census of all APs	CAPC/ implementing NGO/ PMDSC SSS
Conducting FGDs/meetings/workshops	CAPC/ implementing NGO / PMDSC SSS
Computation of replacement values of land/properties proposed for acquisition and for associated assets	VC//NGO/ PMDSC SSS
Categorization of APs for finalizing entitlements	PMU / PMDSC SSS
Formulating compensation and rehabilitation measures	PMU / PMDSC SSS
Conducting discussions/meetings/workshops with APs and other stakeholders	PMU / PMDSC SSS /NGO
Fixing compensation for land/property with titleholders	VC/ PMU
Finalizing entitlements and rehabilitation packages	PMU/ PMDSC SSS
Disclosure of final entitlements and rehabilitation packages	PMU/ CAPC/implementing NGO
Approval of RP	PMU/ ADB
Sale deed execution and payment	EA/ PMU
Taking possession of land	EA/ PMU
<b>RP Implementation Stage</b>	
Implementation of proposed rehabilitation measures	PIU/ CAPC/implementing NGO
Consultations with APs during rehabilitation activities	PIU/ CAPC/implementing NGO

Activity	Responsible Agency
Grievances redressal	CAPC/implementing NGO / PMU /GRC
Internal monitoring	PMU / PIU
External monitoring	External Agency

ADB - Asian Development Bank, AP - affected person, PMDSC SSS - Project Management, Design and Supervision. Consultant's Social Safeguard Specialist, FGD - focus group discussion, PIU - Project Implementation Unit, PMU - Project Management Unit, NGO - nongovernmental organization, RP-resettlement plan, VC - Valuation Committee.

**Figure 5: Social Safeguard Implementation Arrangements**

**Table 10: Tentative Schedule of Resettlement Implementation**

Activity	Months																	
	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18
i. Establishment of PMU and PIU	♦																	
ii. Appointment of PMDSC	♦																	
iii. Appointment of NGOs	♦																	
iv. GRC Formation	♦																	
v. Briefing of the CLC on GRC functions	♦																	
vi. Census and socio-economic surveys (issuance of ID. cards)	♦	♦																
vii. Consultations and disclosure		♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦
viii. Confirmation of government land to be used and transfer from other departments	♦	♦																
ix. RP preparation		♦	♦															
x. RP review and approval (PMU and ADB)			♦															
xi. Issue notice to APs				♦														
xii. Compensation and resettlement assistance					♦	♦	♦											
xiii. Relocation as required					♦	♦	♦											
xiv. Skills training as required					♦	♦	♦											
xv. Takeover possession of acquired property								♦	♦	♦								
xvi. Internal monitoring				♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦	♦
Xvii Handover land to contractors											♦							
Xviii Start of civil works												♦						
xix. External monitoring												♦						♦
xx. Rehabilitation of temporarily occupied lands																Immediately after construction		

\* The census will be the cut-off date for non-titled APs. For titled APs, the cut-off date is the date Declaration.

\*\* The RP will be updated based on final detailed design

\*\*\* Endorsement and disclosure of finalized RPs consistent with the RF to be undertaken.

ADB - Asian Development Bank, AP-affected person, PMDSC-project management, design and supervision consultants, GRC-grievance redressal committee, PIU-Project Implementation Unit, PMU- Project Management Unit, SSS - social safeguard specialist, CLC - City Level Committee

## **J. Monitoring and Reporting**

46. Monitoring and evaluation are important activities of any infrastructure development project involving involuntary resettlement. It helps in making suitable changes, if required during the course of RP implementation and also to resolve problems faced by the DPs. Monitoring is periodical checking of planned activities and provides midway inputs, facilitates changes, if necessary and provides feedback to Project Authority for better management of project activities. Evaluation on the other hand assesses whether the activities have actually achieved intended goals and purposes. Thus monitoring and evaluation of resettlement action plan implementation are critical in order to measure the project performance and fulfillment of project objectives. Indicators and benchmarks for achievement of the objectives proposed under the Resettlement Plan are:

- i) Process indicators: indicating resettlement related project inputs and actions, expenditures, staff deployment, etc.
- ii) Output indicators: indicating results in terms of number of affected persons assisted, training held, assistance disbursed, etc,
- iii) Impact indicators: related to socio- economic status on people's lives, and
- iv) Complaints and Grievances received and resolved.

47. The benchmarks and indicators are limited in number, and combine quantitative and qualitative types of data. The first two types of indicators, related to process and immediate outputs and results, will be monitored to inform project management about progress and results, and to adjust the work programme where necessary, if delays or problems arise. Monitoring would be carried out for regular assessment of both processes followed and progress of the RP implementation.

48. RP implementation will be closely monitored to provide the PMU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. As per ADB guidelines, for category B projects only internal monitoring will be required. Internal monitoring for Tonk will be undertaken by the PIU (through the PMDSC SSS) with assistance from the PMU SPO. Monthly progress reports will be prepared and submitted to the PMU. PMU will consolidate the same and will submit semi-annual monitoring reports to the ADB for approval.

### Annexure 1: Summary of Socio-Economic profile of APs

S.No	Start Point	End Point	Name of the Affected Person	Place Of AP Left/ Right	Daily Income in Rs	Daily Income <sup>18</sup> in Rs (based on Wage Rate)	Type of Loss	Structure Cost	Type of family (N/J)	No. Of family members	Vulnerable	Business
1.	Sawai madopur Circle	Bus Dipo	Vinod	Left	200	200	Thela	8000	Nuclear	2	No (Gen)	Fruit and vegetable vendor
2.	Sawai madopur Circle	Bus Dipo	Shital Dass	Left	200	200	Thela	8000	Nuclear	5	No (Gen)	Washer man
3.	Sawai madopur Circle	Bus Dipo	Omprakash	Left	200	200	Thela	6000	Nuclear	5	NO (OBC)	Clinic

<sup>18</sup> If AP's daily income is less than Minimum Wages as per Government of Rajasthan Minimum Wages Act, then Compensation rate has to be calculated on the basis of minimum wage (unskilled labour), which is Rs.197/- (Dec 2015).The daily wage has been calculated on this basis.

An inflation of 7% (Flat) will be paid to APs (after a delay of 1 Year) to cover the time lag of survey and final implementation.

S.No	Start Point	End Point	Name of the Affected Person	Place Of AP Left/ Right	Daily Income in Rs	Daily Income <sup>18</sup> in Rs (based on Wage Rate)	Type of Loss	Structure Cost	Type of family (N/J)	No. Of family members	Vulnerable	Business

### **Annexure 13 (B) Proceedings of City Level Stakeholder Consultation Meeting at Tonk on April, 30, 2014**

1. This stakeholder consultation meeting was organized on April 30, 2014 at Tonk District collector's meeting hall. The meeting was organized by the Tonk Nagar Parishad (TNP) with the support of RUIDP PMU and ADB PPTA Team. District Collector Tonk chaired the meeting. Representatives of Tonk Nagar Parishad (elected and technical/administrative) participated in the meeting. In all 12 persons, representing various agencies, attended the meeting.
2. The objective of the meeting was to appraise the stakeholders about the proposed Rajasthan urban Infrastructure Development Project III (RUIDP III). The subprojects proposed for Tonk in water supply and sewerage sector, and the likely environmental and social issues, and the proposed mitigation measures were discussed during the meeting.
3. A detailed presentation on overall RUIDP III, and subprojects and components proposed in Tonk was made to the stakeholders. Executive summary of Initial Environmental Examination (IEE) conducted for the Tonk subproject, Environmental Management Plan, proposed Grievance Redress Mechanism (GRM), draft Entitlement Matrix of the Resettlement Framework was displayed at the meeting, and were made available to the interested persons.
4. The comments, suggestions of the stakeholders are presented below:
  - All the stakeholders were supportive of the project and indicated their willingness to participate in the project to make it successful.
  - Stakeholders were of the view that these subprojects provide benefits to all the people by improving water supply and sewerage.
  - Stakeholders are concerned about the pollution of water bodies due to entry of wastewater. It was explained that this subproject will mitigate this problem by effectively collecting, treating the sewage.
  - Stakeholders requested provision of water supply and sewerage infrastructure in outer areas of the city
  - Stakeholders suggested that (i) utility shifting should be properly planned before execution of the work; (ii) road restoration should be carried out properly; (iii) in major roads where width of the road is more, water supply lines to be laid in duct for easy maintenance in the future; and (iv) complete existing distribution network has to be replaced.

## Annexure 14: Leaflet disclosed prior to start of Survey

**RUIDP** राजस्थान नगरीय आधारभूत विकास परियोजना (RUIDP)

**परियोजना का नाम** — टोंक शहर में जलप्रदाय योजना के सुदृढीकरण एवं जल-मल निस्तारण (सीवरेंज) प्रणाली के विकास का कार्य (Tonk Water Supply and Sewerage Works)

**परियोजना के उद्देश्य**  
आपके शहर टोंक में जल आपूर्ति, पेयजल और सीवरेंज परियोजना को शुरू किया जा रहा है। इस परियोजना के सफलता पूर्वक संचालन के लिए आम सब शहरवासियों से सहायता की आवश्यकता है। इस योजना के संचालन से शहर के लोगों को पेयजल और सीवरेंज से सम्बंधित समस्याओं का निष्काशन होगा और पूरे शहर को नियमित रूप से प्रति दिन पर्याप्त मात्रा में स्वच्छ पेयजल उपलब्ध होगा। सीवरेंज परियोजना से पूरे शहर को स्वच्छता के नये आयाम मिलेंगे और पूरा शहर साफ-सुथरा और स्वच्छ भजर आयेगा।

**जलप्रदाय योजना**  
(अ) वर्तमान क्षमताओं का पूर्ण उपयोग करना तथा जहाँ भी आवश्यक हो उत्पादन एवं वितरण व्यवस्था में अभिवृद्धि।  
(ब) परियोजना के तहत जहाँ एक ओर क्षतिग्रस्त पाइप लाइनों को बदल कर छीजत को कम किया जायेगा वहीं वितरण में वृद्धि की जायेगी।

**सीवरेंज कार्य**  
(अ) पर्यावरण की गुणवत्ता में सुधार तथा स्वच्छता के लिए योजना का क्रियान्वयन करना जिसके तहत सीवरेंज की विस्तृत प्रणाली स्थापित की जाएगी तथा घरों से होने वाले सभी प्रकार के निस्तारित जल को सीवर लाइन से जोड़ा जायेगा।  
(ब) सीवरेंज ट्रीटमेंट (जल मल निस्तारण) संयंत्र का निर्माण किया जायेगा।

**परियोजना घटक एवं सुधार के प्रस्ताव**  
योजना की अधिकतम आबादी लगभग 2.82 लाख (वर्ष-2048)  
जलप्रदाय योजना  
(अ) आवश्यक जल परिवहन पाईप लाइनें व वितरण पाईप लाइनों के कार्य (लगभग 436 km पुरानी पाईपलाइन्स को बदलना एवं नयी पाईप लाइन कालना)  
(ब) पानी के उपयोग को नियंत्रित करने हेतु जोन पाईप बल्क मीटरिंग व्यवस्था।  
(स) घरेलू मीटर सहित कनेक्शन (प्रतिस्थापन लगभग 18700/14580 मीटर)

**सीवरेंज कार्य**  
(अ) लगभग 254 km सीवर लाइन नेटवर्क  
(ब) 20 एमएलडी सीवरेंज ट्रीटमेंट प्लांट (जल मल निस्तारण संयंत्र) लगाए जाएंगे।

**परियोजना की अनुमानित लागत** — राशि रुपये 388 करोड़

**निर्माण कार्य के दौरान संभावित अल्पवधि प्रभाव :-**  
जो लोग रोड के किनारे थड़ी-डेला कल-सब्जी, चाय कि बड़ी, कैंटीन आदि दुकान लगाकर अपना व्यवसाय कर जीवनयापन करते हैं, कार्य के सफल क्रियान्वयन के लिए हम लोगों को अल्पवधि के लिए अन्यत्र स्थानान्तरित की आवश्यकता पड़ेगी। यदि व्यवसायियों को किसी भी तरह की हानि पहुँचेगी तो उन्हें प्रभावित मानते हुये एसीबी / राजस्थान सरकार व भारत सरकार के मानकों के अनुसार वचित क्षतिपूर्ति का प्रावधान किया जायेगा। इस कार्य हेतु कार्य कार्य दिनांक 27.11.2015 से शुरू किया जा रहा है जिसने हम आपसे सहायता की अपेक्षा करते हैं।

## Annexure 18: Orientation program with Contractor

### MINUTES OF MEETING

**Subject of Meeting:** Safeguard Orientation for PIU, Contractor & PMDSC staff for Tonk Water Supply and Sewerage Works

**Date:** 15.12.2015 **Place:** M/s Tonk Water Supply Limited (TWSL) office

**Time Started:** 4:30 PM to 6:00 PM

An orientation program was conducted by Safeguard Experts (Environment & Social) PMDSC, the list of participants is enclosed separately (Annexure -1). Following issues were discussed and deliberated during the orientation program.

	Issues	Action
<b>1. Environmental Safeguard</b>	1.1. Introduction of ADB's Safeguard Policy Statement (SPS -2009)	
	1.2. Requirement of contractor's Safety Personnel and compliance of EMP	Contractor
	1.3. Various permissions required to be obtained prior to start of construction for Tree Cutting. Road Cutting and Road Closing/diversion etc.	Contractor/PIU
	1.4. Labour Accommodation and basic facilities required for labours was discussed in detail	Contractor
	1.5. Requirement of Consent from RPCB for Crushers, Batching Plants, DG Sets etc. wherever required	Contractor
	1.6. Requirement in Construction Camps	Contractor
	1.7. Requirement for Baseline Environment Monitoring (at the earliest)	Contractor
	1.8. Updating required in IEE & EMP/ Monitoring	PMDSC Expert
	1.9. Land Issues and Hindrance Mapping	PIU/Contractor/ PMDSC
	1.10. Use of PPEs, Safety in Trench Work, road safety, Signage	Contractor
	1.11. Labour Insurance/Health Checkup of workers	Contractor
	1.12. Road Restoration	Contractor/PIU
<b>2. Social Safeguard</b>	2.1. Introduction to SPS 2009	PMU/ PIU /PMDSC/ CAPC/Contractor/ Line Agency
	2.2. Introduction to Agreed Resettlement Framework	
	2.3. Type of Impact envisaged and Mitigation Measures	
	2.4. Resettlement Plan and its components	
	2.5. Contractor's role in minimization of involuntary resettlement during finalization of design and during execution	
	2.6. Requirement of preparation/updating of Resettlement plan by PMDSC and requirement of contractor to intimate about final scope/alignment/change of scope and mitigation plan for congested areas including	

	Issues	Action
	<p>liaison with concerned department</p> <p>2.7. Requirement of 100% Socio Economic Survey (by PMDSC) as per finalized alignment / scope</p> <p>2.8. Informed about Gender Action Plan (GAP) requirement of ADB and role and responsibilities of the contractor</p> <p>2.9. Grievance Redress Mechanism/Grievance Redress Committee /City Level Committee</p> <p>2.10. Role and responsibility of Community Awareness Participation Consultant (CAPC)</p> <p>2.11. Requirement of Coordination between contractor IPIU and PMDSC</p> <p>2.12. Desired documentation for Safeguard Compliance.</p>

## **Annexure 24: Draft Terms of Reference (TOR) For RP Implementing NGO**

### **A. Scope of Work**

The objectives of the implementing NGO<sup>19</sup> appointed for the implementation of the Resettlement Plan are:

- Communicate closely with APs and provide them timely information of construction schedule, distribute identification cards, educate them on their entitlements under the Resettlement Plan;
- Assist the PIU in opening bank accounts of APs, disbursement of compensation and resettlement assistance
- Assist PMDSC SSS in preparation of internal monitoring reports.
- Organise consultation and discussion meetings with the APs, throughout RP implementation.
- Assist in preparation and update AP database, with reference to changed design/alignment with respect to census cut-off-date.

The NGO will work as a link between the PIU/SDE PMDSC and the APs. The NGO will be responsible for assisting the APs during physical resettlement, if any and rehabilitation process and shall ensure that all of the provisions laid down in the RP are implemented appropriately and effectively. The NGO's task will be as follows but not restricted to these alone. To this effect the NGO will perform:

1. Develop coordination between the APs and the project implementation authorities. This will be achieved through regular meeting with the IPIU/PMDSC implementation staff and consultation with the APs. Meetings with the PIU will be held at least fortnightly and regular consultation with APs will be held as and when necessary throughout the implementation. Documentation of AP related correspondence.
2. Assist PIU/PMU to undertake public information campaign (distribution of leaflets/identification of location for information boards) in local language, during implementation of the project to inform the affected communities of:
  - The need for shifting of Squatters and Encroachers from temporary impact zone along construction sites;
  - The resettlement policy, Resettlement Framework and entitlement packages;
  - The likely consequences of the project on the communities/persons' economic livelihood.
  - Work schedule of Contractor
3. Identify and verify APs (already identified through survey) and distribute identity cards to the eligible beneficiaries only.
4. Assist APs in receiving resettlement assistances as per RP/ micro plan to be prepared by PMDSC SSS.
5. Third Party validation of voluntary refusal of compensation/ donation land with cost.

The CAPC<sup>20</sup> will also conduct AP related activities including the following but not restricted to these alone. CAPC will:-

1. Orient and link the APs to the respective vocational trainings for income restoration;

<sup>19</sup> Separate NGO will be mobilized for Survey of APs and for Implementation. Implementing NGO role will be confined upto validation of APs, Facilitating Opening of Bank Accounts, facilitating Shifting of APs (if required).

<sup>20</sup> CAPC Consultant has been mobilized for 42 Months

2. Assist the APs in the redressal of grievances through the Grievance Redress mechanism established as part of the Resettlement Plan; and make the APs aware of GRM at several levels. Sort out grievances and assist the APs to have access to the several tiers of grievance redress mechanism, including the contractors at site and to the SPO at PIU, and finally town level GRC. If necessary will accompany the aggrieved APs, especially the vulnerable ones, to appropriate GRC members and see through the grievance redress mechanism till the APs get redressed.
3. Orientation for optimum utilization of the compensation money by the APs, particularly the vulnerable APs under the economic rehabilitation programme.
4. Assist APs in getting benefits from various government development programs particularly for income restoration/ generation, if desirable by the APs. The CAPC will co-ordinate the training programs for sustainable livelihood and assist in identifying the required skills for livelihood rehabilitation and the training institutes to impart skills. The CAPC shall coordinate with other government departments and other NGOs working in the area to ensure that all the skill development trainings are known to the APs to select from the list the appropriate training.

Monthly Information from the CAPC team will be collected and provided to PMDSC SSS by the implementation NGO.

## **B. Methodology**

In order to carry out the above tasks, employees of NGOs will be stationed in the sub-project area. Besides interaction with the APs on an individual basis to regularly update the baseline information, group meetings will be conducted by the NGOs during RP implementation. The frequency of such meetings will depend on the requirements of the APs but should occur at least once a month, to allow the APs to remain up to date on project developments. NGOs will encourage participation of individual APs in such meetings by discussing their problems regarding R&R. Such participation will make it easier to find a solution acceptable to all involved.

## **C. Reporting**

The NGO shall submit monthly progress reports to PIU on the activities carried out and proposed activities for the coming month.

The progress reports of CAPC will include data on (to be collected and forwarded to PMDSC SSS):-

- Dissemination of information about the project and other activities conducted
- Status of Grievances
- Report on Orientation programs vocational trainings for income restoration conducted with Affected Persons APs.
- Reports on Orientation Programs for optimum utilization of the compensation money by the APs (vulnerable APs). Provide specific examples of community involvements in the process and local capacity building to deal with the issues.

On completion of the assignment the NGO shall submit a final report summarizing the actions taken during the sub-project implementation, the methodology and manpower used to carry out the work, and a summary of assistance recommended/given to each AP under the sub-project and provide suggestions for improvements in future resettlement policy making and planning.

**D. Time Schedule**

It is estimated that the NGO services will be required for three years for participating in the implementation of RP. However, this may be rescheduled based on the exact nature of the activity and change if any in project plan and other project related activities (such as CAPC).

**E. Key Personnel**

Community Officer (with desired experience) will be required to carry-out the activities of Implementation NGO. The staffing requirements may be reviewed based on field requirement.
