Shall in respect of a local planning area remain suspended.

STATEMENT OF OBJECTS AND REASONS

The provisions relating to master plans for towns in the State were initially embodied in the Rajasthan Urban Improvement Act, 1959 (Act No.35 of 1959) under which the State Government is empowered to direct such officer or authority to prepare master plan for such urban area as

may be specified by it. Later on Jaipur Development Authority Act, 1982 (Act No.25 of 1982), Jodhpur Development Authority Act, 2009 (Act No.2 of 2009), and Ajmer Development Authority Act, 2013 (Act No. 39 of 2013) came into force under which the Development Authority concerned shall prepare master development plan and zonal development plans for their respective regions. Apart from it, the Rajasthan Municipalities Act, 2009 (Act No.18 of 2009) has also provisions under which a municipality shall prepare plans for development of the municipal town concerned.

Thus preparation of master plan or master development plan and zonal development plan is governed by different laws and there is still no separate law for regional development planning in the State. Many other States have a single and comprehensive law governing the regional and town planning.

Therefore, with a view to provide for comprehensive planning, harmonious and regulated development of regions and towns of different categories in the State, aimed at optimum utilisation of resources and to achieve above mentioned objectives and for matters connected therewith or incidental thereto, the State Government proposes a State legislation namely the Rajasthan Regional and Urban Planning Bill, 2018 having overriding effect on the other laws.

The Bill seeks to achieve the aforesaid objectives.

Hence the Bill.
